*Comparing Health-related Policies & Practices in Sports*

Christopher Deubert,Holly Fernandez Lynch,I. Cohen,2017-05-09

This comprehensive report, published as part of the Football Players Health Study at Harvard University, highlights areas in which the player health related policies and practices of the NFL could potentially be improved by considering steps taken by other professional sports leagues. While the report concludes that the NFL's player health provisions are generally the most protective of player health among the relevant comparators, there are still important opportunities for improvement. The report is unprecedented both in scope and focus. This is the first comprehensive comparison of the health-related policies and practices of elite professional sports leagues: the National Football League (NFL); Major League Baseball (MLB); National Basketball Association (NBA); National Hockey League (NHL); Canadian Football League (CFL); and, Major League Soccer (MLS). After analyzing the leagues, the report compares each one to the NFL on the following health-related issues: (1) Club Medical Personnel (including discussion of conflicts of interest); (2) Injury Rates and Policies (including detailed comparisons of concussion rates); (3) Health-Related Benefits (including health insurance and retirement

benefits for current and former players); (4) Drug and Performance-Enhancing Substance Policies; (5) Compensation (including guaranteed compensation); and, (6) Eligibility Rules (including discussion of the readiness of athletes for professional play). The areas in which the NFL can potentially learn from other leagues are: 1. Pre-season physicals performed by a neutral physician (CFL). 2. Concussion-specific short-term injury list (MLB). 3. Injury reporting policies that do not require disclosure of the location of a player's injury (MLB, NHL, and CFL). 4. Health insurance to players for life (MLB, NBA, and NHL). 5. Retirement plan payments higher than the NFL (MLB, NBA, and NHL). 6. Players vested in pension plans on their first day in the league (MLB and NHL). 7. Treatment for players who violated performance-enhancing substance policies (NBA and CFL). 8. More guaranteed compensation than in the NFL (MLB, NBA, and NHL). 9. Less restrictive eligibility rules (MLB, NBA, NHL, and MLS).

**The Paper Time Machine** Wolfgang Wild, 2017-10-19 The Paper Time Machine is a book that will change the way you think about the past. It contains 130 historical black-and-white photographs, reconstructed in colour and introduced by Wolfgang Wild – creator and curator of the Retronaut website. The site has become a global phenomenon, collecting images that collapse the distance between the past and present and tear a hole in our map of time. The Paper Time Machine goes even further. Early photographic technology lacked a crucial ingredient – colour. As early as the invention of the medium, skilled artisans applied colour to photographs by hand, attempting to convey the vibrancy and immediacy of life in vivid detail. In most cases this was crude and unconvincing. Until now. The time-bending images in The Paper Time Machine have been painstakingly restored and rendered in full and accurate colour by Jordan Lloyd of Dynamichrome, a company that has taken the craft of colour reconstruction to a new level. Each element of every photograph has been researched and colour-checked for historical authenticity. Behold American child labourers from the early twentieth century, alongside the construction of the Statue of Liberty. Marvel at crisp photographs from the Crimean War in 1855, balanced with never-before-seen pictures from the Walt Disney archive. As the layers of colour build up, the effect is disorientingly real and the decades and centuries fall away. It is as though we are standing at the original photographer's elbow. This is a landmark photographic book – a collection of historical 'remixes' that exist alongside the original photographs but draw out qualities, textures and details that have hitherto remained hidden. Let The Paper Time Machine transport you. It is as close to time travel as we are ever likely to get.

**The Bardo of Waking Life** Richard Grossinger, 2011-05-31 An avant garde set of improvisational essays, Richard Grossinger's

The Bardo of Waking Life is a meditation on the Tibetan Buddhist bardo realm which, in popular culture, is viewed as the bridge between lives, the state people enter after death and before rebirth. This book examines waking life and its history and language as if it were a bardo state rather than ultimate reality, and thus seeks a context for life (and dreams), even as it addresses more mundane issues including genetic theory, the war in Iraq and George W. Bush's presidency, North Korea, advertising, global warming, Prison Industrial Culture, childhood trauma, even country western music. Written with playfulness and precision, Bardo takes a new, probing approach to all the important questions of creation, destruction, and existence. In these intellectual field notes, Grossinger proves thematically fearless as he crosses quantum mechanics with totemic hexes and draws transcendental insight from the ephemeral space-time we call daily life. If, as Tibetan cosmology holds true, all conditional realms are bardos, then the state we all share is nothing less than the bardo of waking life.

**Herbs of the Bible** James A. Duke, 1999 This is an informative, detailed, and entertaining 2000-year journey that explores the history of over fifty herbs, from their popular uses today in health food, aromatherapy, and alternative medicine. The fifty Biblical plants discussed in this handsome volume are accompanied by beautiful botanical illustrations, quotes and stories from the Bible, a list of recommended readings and extensive resource directory.

*Germaine Dulac* Tami Williams, 2014-06-15 Best known for directing the Impressionist classic *The Smiling Madame Beudet* and the first Surrealist film *The Seashell and the Clergyman*, Germaine Dulac, feminist and pioneer of 1920s French avant-garde cinema, made close to thirty fiction films as well as numerous documentaries and newsreels. Through her filmmaking, writing, and cine-club activism, Dulac's passionate defense of the cinema as a lyrical art and social practice had a major influence on

twentieth century film history and theory. In *Germaine Dulac: A Cinema of Sensations*, Tami Williams makes unprecedented use of the filmmaker's personal papers, production files, and archival film prints to produce the first full-length historical study and critical biography of Dulac. Williams's analysis explores the artistic and sociopolitical currents that shaped Dulac's approach to cinema while interrogating the ground breaking techniques and strategies she used to critique conservative notions of gender and sexuality. Moving beyond the director's work of the 1920s, Williams examines Dulac's largely ignored 1930s documentaries and newsreels establishing clear links with the more experimental impressionist and abstract works of her early period. This vivid portrait will be of interest to general readers, as well as to scholars of cinema and visual culture, performance, French history, women's studies, queer cinema, in addition to studies of narrative avant-garde, experimental, and documentary film history and theory.

**TIME-LIFE The Civil War in 500 Photographs** The Editors of TIME-LIFE, 2015-12-10 The name TIME-LIFE has become synonymous with providing readers with a deeper understanding of subjects and world events that matter to us all. Now, with the 150th anniversary of the end of the Civil War upon us, TIME-LIFE *The Civil War in 500 Photographs* will be an indispensable guide to a nation-changing era and the military, social, economic, and political forces that shaped it. The narrative of the Civil War, fought from 1861 to 1865, is familiarly to almost all Americans, from Presidential candidate Abraham Lincoln's noble declaration that the government cannot endure permanently half-slave, half-free to Confederate Gen. Robert E. Lee's surrender at Appomattox. Yet the details of the battles and battlefields, the political maneuverings, and the personalities who defined the war continue to fascinate citizens of all ages. TIME-LIFE *The Civil War in 500 Photographs* taps into that interest, providing a fresh and accessible way to appreciate this most important conflict. It will lay

out the war's major developments in arresting, colorized images and cover topics from the backstory through secession, the Union's early setbacks, the Underground Railroad, victories at Gettysburg and Vicksburg, and Reconstruction. For history buffs and the newly curious, *The Civil War in 500 Photographs* will be the ultimate, easy-to-use guide to four years that changed our nation forever.

**Writing to Win** Steven D. Stark, 2012-04-24 From a master teacher and writer, a fully revised and updated edition of the results-oriented approach to legal writing that is clear, that persuades—and that WINS. More than almost any profession, the law has a deserved reputation for opaque, jargon-clogged writing. Yet forceful writing is one of the most potent weapons of legal advocacy. In this new edition of *Writing to Win*, Steven D. Stark, a former lecturer on law at Harvard Law School, who has inspired thousands of aspiring and practicing lawyers, applies the universal principles of powerful, vigorous prose to the job of making a legal case—and winning it. *Writing to Win* focuses on the writing of lawyers, not judges, and includes dozens of examples of effective (and ineffective) real-life legal writing—as well as compelling models drawn from advertising, journalism, and fiction. It deals with the challenges lawyers face in writing, from organization to strengthening and editing prose; offers incisive ways of improving arguments; addresses litigation and technical writing in all its forms; and covers the writing attorneys must perform in their daily practice, from email memos to briefs and contracts. Each chapter opens with a succinct set of rules for easy reference. With new sections on client communication and drafting affidavits, as well as updated material throughout, *Writing to Win* is the most practical and efficacious legal-writing manual available.

*The Craft Cocktail Party* Julie Reiner, 2015-05-05 A Craft Cocktail book for the rest of us by the top female mixologist in the country. Julie Reiner, the co-owner of The Clover Club in Brooklyn and The Flatiron Lounge in Manhattan, has written a book that

provides inspiration for the rest of us, not only the cocktail geeks. She wants to balance the needs of the everyday drinker with those of the passionate mixologist. Recipes are organized around seasonality and occasion, with different events and themes appropriate to the specific time of the year. Each section will include a mixture of holiday-inspired drinks, classic cocktails, and innovative new drinks, all along with fun cocktail lore. Tricks, tips, and techniques -- such as batching and infusions, tools of the trade, notes on spirit types, and easy substitutions to utilize what you already have on hand -- will round out the amazing amount of information in Reiner's book.
