life.love.beauty Keegan Allen, 2015-02-03 This book takes you on a photographic voyage through my life so far. –Keegan Allen Keegan Allen is currently known to fans of the ABC Family hit television series, *Pretty Little Liars*. He has also appeared in numerous independent films and made his New York Stage debut in the acclaimed MCC production of *Small Engine Repair*. Keegan was given his first camera at age nine, and began a lifelong study and pursuit of photography. *life.love.beauty* is a selection of photographs taken since his childhood. It's a photo journey through the life of an intensely creative soul whose expression finds various forms: in acting, in poems and stories, lyrics and music, but above all in photography. This book's content resonates in the commonality we all share on our own journeys while unveiling an inside look into a world that very few experience. Organized into three broad groups—life, love, and beauty—the book ranges over the public and private side of Keegan Allen and his world. A child of Hollywood, whose father was also an actor and his mother a painter, Keegan roams freely through that realm, photographing his fellow actors on set, behind the scenes; and recording the amazed, gleeful, sometimes weeping fans that flock to his television and career related events. Allen also has an eye for the anonymous and the unexpected: the woman gazing dreamily from the balcony of a run-down hotel; the rifle-toting dog walker who seems to have emerged from the 19th century; the performers and denizens of Venice Beach and also the streets of New York, some of them chasing the dream of fame, others having long-since abandoned it; the little boy amid in the crowd in an enormous airport; portraits of lovers kissing on subways, in parks, and on the streets. Traveling from California to New York to Paris and back, as well as through the American west, he finds beauty in both urban and rural places: from large-scale landscapes to glimpses of light transforming what it touches. Keegan's poems, stories, captions and musings, song lyrics, and journal pages complement the photographs on this journey. He provides an account of growing up just off the Sunset Strip, coming into his own as an actor/artist, dealing with public recognition while maintaining a very private life, falling in and out of love, and acknowledging the influence of his family, friends, fans, and loved ones. *life.love.beauty* is an unusually intimate and revealing book: a delight for anyone who values photography, and a gift for the many fans who already follow Keegan's career. Keegan's real passion comes through in both his photographs and candid story telling in this unique photo-journal.

A Taxonomy of Love Rachael Allen, 2018-01-09 A YA romance—with a sparkling commercial voice and a dash of science—that explores a relationship over six years The moment Spencer meets Hope the summer before seventh grade, it's something at first sight. The pair become fast friends, climbing trees and planning world travels. After years of being outshone by his older brother and teased because of his Tourette syndrome, Spencer finally feels like he belongs. But as Hope and Spencer get older and life gets messier, the clear label of “friend” gets messier, too. Through sibling feuds and family tragedies, new relationships and broken hearts, the two grow together and apart, and Spencer, an aspiring scientist, tries to map it all out using his trusty system of taxonomy. He wants to identify and classify their relationship, but in the end, he finds that life doesn't always fit into easy-to-manage boxes, and it's this messy complexity that makes life so rich and beautiful.

Brotherly Love Michael Allen, Gilbert Allen, 2020-10 Dr. Michael Allen and Gilbert D. Allen come from extreme poverty. Their parents battled drug addiction. Their siblings were homeless and displaced at various points during their childhood. Gilbert is five years younger than Michael—and the youngest. Gilbert was living between multiple places when Michael went to college. Michael had just finished football practice and a team dinner when he received a call from his brother Gilbert in the fall. Gilbert said there

was a void he was feeling. It was a hard conversation for Michael; his brother was sobbing. Michael's college football team was having a magical championship season winning but his baby brother was hurting. Ultimately Michael consoled his brother, connected to his brother. Still, it got worse. Michael decided to go get his brother and take him with him to college. Gilbert finished high school while Michael was in college. Gilbert was reading at the fourth-grade level as a sophomore in high school. They had to navigate his readiness (in the northwestern part of Indiana at a majority white school). There was segregation within the community. Very few people thought Gilbert would finish high school—now he has his master's degree in social work and is working on a doctorate in counseling, community care, and trauma. Gilbert works as a social work supervisor; Michael has a doctorate in educational leadership and is an elementary school principal. This book is about bonds—especially their bond as brothers, and the importance of mentors, related or not. This book is a glimpse into the collective political correctness eroding genuine connections. It also is much about love, fond dreams, and what it means to give back to marginalized people. Their goals are to encourage people to believe and hope. They give insight, perspective, and share their journey within these pages. It would be disrespectful to the journey if we don't give back, Michael said. We have lessons to give back to humanity. The voices of Gilbert and Michael make it clear society is ill-equipped. It's a beautiful struggle. Diversity is good. They hope you'll read this—and participate by reaching out to someone.

Love Diogenes Allen, 2006-12-14 Love is often seen as overwhelming yet fleeting romantic passion between a woman and a man. Diogenes Allen leads us to understand our love for families, for friends, and for God with an equivalent fascination and intensity. Christianity recognizes that every person carries an inalienable value simply by existing. Love recognizes this value in other people and allows loved ones to exist freely in their own way. Partners in romantic love, even though they are hopelessly dependent on one another, must struggle to support the other's independence. As we struggle to realize our own dependence on others, meanwhile recognizing their inherent worth without us, our loves—human and divine—find new depth and passion.

A Haunted Love Story Mark Spencer, 2012-01-08 When Mark Spencer and his family moved into the beautiful old Allen House in Monticello, Arkansas, they were aware of its notorious reputation for being haunted. According to local lore, the troubled spirit of society belle Ladell Allen, who had mysteriously committed suicide in the master bedroom in 1948, still roamed the grand historic mansion. Yet, Mark remained skeptical—until he and his family began encountering faceless phantoms, a doppelganger spirit, and other paranormal phenomena. Ensuing ghost investigations offered convincing evidence that six spirits, including Ladell, inhabited their home. But the most shocking event occurred the day Mark followed a strange urge to explore the attic and found, crammed under a floorboard, secret love letters that touchingly

depict Ladell Allen's forbidden, heart-searing romance—and shed light on her tragic end. This haunting true ghost story includes several photographs of the Allen House.

From Honey With Love Allen Paul,2022-05-03 In *From Honey With Love*, Honey—a swamp dog living in the wild—tells her own harrowing story in a charming southern voice. Barely a year old, her high-stakes drama begins when she gets trapped and nearly shot. Convinced that she's a coyote or a "ditch dog," trappers want to wipe out her breed, perhaps the oldest in North America. But Honey gets rescued by Miss Jane and taken to Banbury Cross Farm, where she rescues and raises Honey's breed—the Carolina Dog or American Dingo. At the farm, Honey quickly bonds with Mr. Billy, the Field Master for fox hunters, and Ace, the farm manager. They quickly bond as a pack, like the one Honey left in the swamp. Honey's quickness causes Ace, Miss Jane, and Mr. Billy to train her to become an agility champion. How she runs the race of her life, and how the killers in the swamp get caught, lives in legend. Along the way, Honey learns a lesson she'll never forget: the strength of the wolf is the pack, and the strength of the pack is the wolf.

My Love Affair with England Susan Allen Toth,1994 Journalist and memoirist Susan Allen Toth brings her special England vividly to life as she recalls her many trips there over the years, where she explored the countryside, traveled both second-class and in luxury, theatre-hopped, hunted for ghosts, and honeymooned. Humorous, bittersweet, and wonderfully eccentric, this is a delightful remembrance to be savored by those who love to travel or just dream of it. I love MY LOVE AFFAIR WITH ENGLAND. It is written clearly and with a understanding that far supasses any feeling of condescension or superiority or general quaintness among the natives, all of which I detect in books about other countries. I Love Her, That's Why! an Autobiography George Burns,Cynthia Hobart Lindsay,2021-02 *I Love Her, That's Why!* first published in 1955, is an entertaining look at the earlier life and career of comedian George Burns and his wife Gracie Allen. From humble beginnings in New York, Burns and Allen went on to become much-loved stars of stage, radio, television, and the big-screen, one of the few entertainers to be successful in each venue. The book begins with Burns' childhood and early struggles in vaudeville before he meets Gracie Allen. Burns then details his efforts to win her affections; their marriage and adoptions of two children; radio, film, and TV productions (including the script for their television series). Included are 16 pages of illustrations.

Woody Allen and Philosophy Mark T. Conard,Aeon J. Skoble,2011-04-15 Fifteen philosophers representuing different schools of thought answer the question what is Woody Allen trying to say in his films? And why should anyone care? Focusing on different works and varied aspects of Allen's multifaceted output, these essays explore the philosophical undertones of *Annie Hall*, *Crimes and*

Misdemeanors, Manhattan, A Midsummer Night's Sex Comedy and reminds us that just because the universe is meaningless and life is pointless is no reason to commit suicide.

Hard to Love Briallen Hopper, 2019-02-05 A sharp and entertaining essay collection about the importance of multiple forms of love and friendship in a world designed for couples, from a laser-precise new voice. Sometimes it seems like there are two American creeds, self-reliance and marriage, and neither of them is mine. I experience myself as someone formed and sustained by others' love and patience, by student loans and stipends, by the kindness of strangers. Briallen Hopper's *Hard to Love* honors the categories of loves and relationships beyond marriage, the ones that are often treated as invisible or seen as secondary--friendships, kinship with adult siblings, care teams that form in times of illness, or various alternative family formations. She also values difficult and amorphous loves like loving a challenging job or inanimate objects that can't love you back. She draws from personal experience, sharing stories about her loving but combative family, the fiercely independent Emerson scholar who pushed her away, and the friends who have become her invented or found family; pop culture touchstones like the Women's March, John Green's *The Fault in Our Stars*, and the timeless series *Cheers*; and the work of writers like Joan Didion, Gwendolyn Brooks, Flannery O'Connor, and Herman Melville (*Moby-Dick* like you've never seen it!). *Hard to Love* pays homage and attention to unlikely friends and lovers both real and fictional. It is a series of love letters to the meaningful, if underappreciated, forms of intimacy and community that are tricky, tangled, and tough, but ultimately sustaining.
