Cute Curse Dishant James,2022-08-02 An athlete struggling for gold brings commendation. A scholar struggling for gold brings condemnation. Not caring about this, Govind makes every possible attempt to clinch his doctoral medal. Bearing with his mundane life and juggling with Frenchies, farmers and friendship, he marches ahead. But the price to be paid is on the heavier side. Eventually, Govind realizes that all the while, he was running away from a cute curse. What follows is a quest for deliverance. Deeva, on the other hand, is a flustered researcher; a forgotten puzzle, a forlorn mystery. With an unsettled family background, she is doomed to be a loner forever. Unless ...

Filming the Line of Control Meenakshi Bharat,Nirmal Kumar,2012-04-27 Filming the Line of Control charts out the history of the relationship between India and Pakistan as represented in

cinema, especially in light of the improved political atmosphere between the two countries. It is geared towards arriving at a better understanding of one of the most crucial political and historical relationships in the continent, a relationship that has a key role to play in world-politics and in the shaping of world-history. Part of this exciting study is the documentation of popular responses to Indian films, from both within the two countries and among the Pakistani and Indian diaspora. The motive of this has been to locate and discuss aspects that link the two sensibilities — either in divergence or in their coming together. This book brings together scholars from across the globe, as also filmmakers and viewers on to a common platform to capture the dynamics of popular imagination. Reverberating with a unique inter-disciplinary alertness to cinematic, historical, cultural and sociological understanding, this study will interest readers throughout the world who have their eye on the burgeoning importance of the sub-continental players in the world-arena. It is a penetrating study of films that carries the thematic brunt of attempting to construct a history of Indo-Pakistan relations as reflected in cinema. This book directs our holistic attention to the unique confluence between history and film studies.

Filming the Gods Rachel Dwyer, 2006-09-27 *Filming the Gods* examines the role and depiction of religion in Indian cinema, showing that the relationship between the modern and the traditional in contemporary India is not exotic, but part of everyday life. Concentrating mainly on the Hindi cinema of Mumbai, Bollywood, it also discusses India's other cinemas. Rachel Dwyer's lively discussion encompasses the mythological genre which continues India's long tradition of retelling Hindu myths and legends, drawing on sources such as the national epics of the Mahabharata and the Ramayana; the devotional genre, which flourished at the height of the nationalist movement in the 1930s and 40s; and the films made in Bombay that depict India's Islamic culture, including the historical, the courtesan film and the 'Muslim social' genre. *Filming the Gods* also examines the presence of the religious across other genres and how cinema represents religious communities and their beliefs and practices. It draws on interviews with film stars, directors and producers as well as popular fiction, fan magazines and the films themselves. As a result, *Filming the Gods* is both a guide to the study of film in religious culture as well as a historical overview of Indian religious film.

Celluloid Deities Preminda Jacob, 2008-10-23 Towering billboards featuring photorealistic portraits of popular cinema stars and political leaders dominated the cityscape of Chennai, in the south Indian state of Tamil Nadu, throughout the second half of the twentieth century. Studying the manufacture and reception of these billboards—known locally as banners and cutouts—within the context of the entwined histories of the cinema industry and political parties in Tamil Nadu, Preminda Jacob reveals the broader significance of these fragments of visual culture beyond their immediate function as pretty pieces of advertising. Jacob analyzes the juxtaposition of cinematic and political imagery in the extra-cinematic terrain of Chennai's city streets and how this placement was pivotal to the elevation of regional celebrities to cult status. When interpreting these images and discussing their political and cultural resonance within the Tamil Nadu community, Jacob draws upon multiple perspectives to give appropriate context to this fascinating form of visual media.
