Banner Life Insurance Mara Urman,2021-05-20 Every day, life insurance companies pay death benefits to the beneficiaries of their policies, providing them with needed and certainly welcome funds. In essence, life insurance provides leverage: You pay a relatively small amount of money to the insurance company in the form of a premium, and the insurance company will provide a guaranteed payout of a relatively large amount of money upon the death of the insured. While there are thousands of different life insurance plans available, they all fall into two categories: term and permanent insurance. The term, as the name implies, provides a benefit for a fixed period of time; 10 years, 20 years and so on. Permanent insurance is in place for life.
