U-Turn Killur Teric Darken, 2010-12-29 Why is the moth attracted to the very glow that will kill it? A maniacal killer is preying upon a firefighter's family, stripping them from his life: one by one; piece by piece. It took every ounce of energy Lieutenant Gabe McLaughlin possessed in resisting the undertow of a mental breakdown as his best friend, Detective Jeff Spencer, told him the horrific news. And Jeff was fighting the same fight, against the same psychological beast, as he uttered the grisly details: Gabe's mother, Ira McLaughlin, had been butchered to death: Dissected... slowly. Apparently, the killer took pleasure in cutting off appendages- one section at a time- at each of the major joints in the extremities. A tourniquet had been applied preventing massive blood loss... the victim eventually succumbed to shock. As insult to injury, the killer had also etched a note into the victims torso: will U-turn and look the other way, or watch while I kill? -KiLLuR

House of Darken Jaymin Eve, 2018-05-20 When Emma moves to Astoria, Oregon, she is given two rules: #1 - Don't cross to their side of the street. #2 - Don't mess with the elites, especially Lexen Darken, top elite and resident bad boy. While she finds this both weird and insulting, Emma has no actual intention of breaking these rules - until her guardians go missing. Now all bets are off. Only a

single line separates her side of the street from the elites', and she's crossing it. Captured and held by Lexen and his brothers, she learns the rules are in place for a very good reason. There's a secret world hidden in this small town which goes far beyond the one she knows and understands. A world not for humans.

In Good Company Jan Sharp,2017-05-03 When the handsome black-and-white pinto colt named Darken was born on her farm, Jan Sharp expected him to be her next easy ticket to the winner's circle. After all, she had trained several of her other horses to multiple world championships. Jan had great ideas, plans, dreams, and goals for Darken, but because of his unpredictable and irrational behaviors, there seemed to be little hope that he would ever live up to those big dreams, had it not been for one thing - tempting glimpses of his brilliance. Hard work and persistence seemed to be paying off, and when Darken finally began winning ribbons, it seemed the right time to take his career to the next level. What could possibly go wrong? As it turned out, more than Jan could have ever bargained for! Ride along on the up and down journey behind the scenes with Jan and the most frustratingly brilliant horse she ever met on their next adventures. And meet his stablemates - they too have stories to tell.

Darken Jan Sharp,2013-05-18 Darken is a quirky little horse who is exceptionally timid, flighty, quick as a cat, and apparently smarter than anyone ever imagined. With forty years of horse training experience under her belt, his owner, Jan Sharp, fully expects Darken to be her crowning achievement - as both a trick horse and as a show horse. Instead, Darken sees horse-eating monsters behind every bush, flunks out of trick horse school, suffers medical emergencies, and does his best to frustrate her at every turn. All that changes the day Darken walks out of his stall and proves just how smart he really is. As he works to overcome his many challenges, Jan is rewarded by watching him blossom. Along the way, she learns that it's the little steps and victories in life that are to be savored and enjoyed, instead of hurried past in an attempt to reach greater goals. Ride along on the five-year journey Darken takes to find his own path in life, and the amazing way he uses his talents to help others. Darken's story is sure to strike a familiar cord with those who sometimes struggle to fit in and make a difference. Climb aboard, hold on tight, and enjoy the ride.

Why Did the Heavens Not Darken? Arno J. Mayer,2012-08-21 Was the extermination of the Jews part of the Nazi plan from the very start? Arno Mayer offers astartling and compelling answer to this question, which is much debated among historians today.In doing so, he provides one of the most thorough and convincing explanations of how the genocide came about in *Why Did the Heavens Not Darken?*, which provoked widespread interest and controversy when first published. Mayer demonstrates that, while the Nazis' anti-Semitism was always virulent, it did not become genocidal until well into the Second World War, when the failure of their massive, all-or-nothing campaign against Russia triggered the Final Solution. He details the steps leading up to this enormity, showing how the institutional and ideological frameworks that made it possible evolved, and how both related to the debacle in the Eastern theater. In this way, the Judeocide is placed within the larger context of European history, showing how similar 'holy causes' in the past have triggered analogous - if far less cataclysmic - infamies.

The Darkening Age Catherine Nixey, 2018-04-17 A New York Times Notable Book, winner of the Jerwood Award from the Royal Society of Literature, a New York Times Book Review Editors' Choice, and named a Book of the Year by the Telegraph, Spectator, Observer, and BBC History Magazine, this bold new history of the rise of Christianity shows how its radical followers helped to annihilate Greek and Roman civilizations. The Darkening Age is the largely unknown story of how a militant religion deliberately attacked and suppressed the teachings of the Classical world, ushering in centuries of unquestioning adherence to one true faith. Despite the long-held notion that the early Christians were meek and mild, going to their martyrs' deaths singing hymns of love and praise, the truth, as Catherine Nixey reveals, is very different. Far from being meek and mild, they were violent, ruthless, and fundamentally intolerant. Unlike the polytheistic world, in which the addition of one new religion made no fundamental difference to the old ones, this new ideology stated not only that it was the way, the truth, and the light but that, by extension, every single other way was wrong and had to be destroyed. From the first century to the sixth, those who didn't fall into step with its beliefs were pursued in every possible way: social, legal, financial, and physical. Their altars were upturned and their temples demolished, their statues hacked to pieces, and their priests killed. It was an annihilation. Authoritative, vividly written, and utterly compelling, this is a remarkable debut from a brilliant young historian.
