Beautiful Bodies: The Adventures of Malvina Hoffman Didi Hoffman,2018-04-05 This is not a story about art.

Although Malvina Hoffman was known as America's Rodin, her story is one of adventure, intrigue, and life among the greatest artists and powerbrokers during the early to mid-twentieth century. Every action Malvina undertook broke glass ceilings. She smashed through her fears to achieve the impossible, many times over. She was an inspiration to all.

**Abbie Hoffman, American Rebel** Marty Jezer,1993 Looks at the life of the famous rebel in the social, cultural, and political context of his times.

**Snapshots of the Mind** Gary A. Klein,2022-10-18 How people make decisions, size up situations, spot anomalies, and anticipate problems in real-world settings. Gary Klein, author of the bestselling *Sources of Power*, is the cognitive psychologist who discovered how people actually make decisions, particularly under time pressure and uncertainty. In *Snapshots of the Mind*, he offers a set of short essays—"snapshots" of different aspects of cognitive functioning in real-world settings that will help us learn to recognize the cognitive processes that underlie and drive performance. In these essays Klein provides practical tools for escaping fixation on initial hunches and learning to detect the ways that people make decisions, size up situations, spot anomalies, and anticipate problems. *Snapshots of the Mind* grows out of the Naturalistic Decision Making movement, which studies how decision makers handle uncertainty and complexity in high-stakes situations. In the essays, Klein examines how people make tough choices and assessments in the real-world, discussing such topics as training, information technology, teamwork, expertise, and insights. Debunking the idea that artificial intelligence will soon take over human decision making, he argues instead for machines that make us smarter and expand our expertise. He describes his Recognition-Primed Decision (RPD) model, which has been incorporated into Army doctrine and was one of the inspirations for Malcolm Gladwell's *Blink*. *Snapshots of the Mind* offers fresh takes on such topics as confirmation bias, anomaly detection, intuition, anticipatory thinking and perspective-taking. Readers come away attuned to the primary aspects of expert cognition: the mindsets, mental models, and perceptual sensitivity.

Cradled Dreams Beverly Hoffman,2013-04 As her family gathers for Thanksgiving, Georgie's heartbreak is hard to conceal. After years of pursuing her dreams of motherhood, she has recently learned that her last option to conceive has failed. Grim amid the festive holiday celebrations, Georgie feels that she has little reason to give thanks. Her sister-in-law, Robin, desperate to ease Georgie's suffering, struggles for a way to help. On loving impulse, she offers a solution?surrogacy. Flush with excitement, neither woman can predict how her life will change. But each is comforted by the knowledge that her love for the other will guide the way. Soon, after in vitro using a relative's sperm and her own egg, Robin shares the joyous news that she is pregnant. Every conversation sparkles with her private joy at the gift she could give her sister-in-law. But she encounters unexpected criticism when discussing the plan with others. She must now deal with judgment and questions about ethics. Relationships are strained. Both must pay emotional costs they never anticipated. Soon, questions they never asked begin to haunt them both. Where do boundaries of possibility meet long-term responsibility? Under what circumstances does science need to pause to consider moral outcomes? When organs and tiny bones grow in spite of circumstances never seen in nature, where does motherhood begin and end? And most haunting of all is the question Robin couldn't ask herself on that first day: Will she really be able to give up the child for the sake of Georgie's dream?

Dustin Hoffman Ronald Bergan,1991 A biography of Dustin Hoffman. It traces his life from birth, describing his drift into acting and subsequent move to New York, where he worked in a variety of jobs before his big break came. Other work by the author includes *Beyond the Fringe* and *Beyond*.

**For the Hell of It** Jonah Raskin,2023-11-15 As cultural revolutionary, media celebrity, Yippie, lost soul, and tragic suicide, Abbie Hoffman embodied the contradictions of his era. In this riveting new biography, Jonah Raskin draws on his own twenty-year relationship with Hoffman; hundreds of interviews with friends, family members, and former comrades; and careful scrutiny of FBI files, court records, and public documents. *For the Hell of It* is a must-read not only for those interested in this ultimate iconoclast, but also for all who seek a fuller understanding of Abbie Hoffman's America.

Dustin Michael Freedland,1989

**Soon to be a Major Motion Picture** Abbie Hoffman,1980 Synopsis: *Soon to Be a Major Motion Picture* is the life story of one of the most important activists of the 20th century. Hoffman's book opens with his reflections on his suburban Jewish upbringing and early rebelliousness and goes on to recount his involvement in the student movement at Berkeley in the early 1960s, the anti-war demonstrations of the late '60s and early '70s, and his years as a fugitive from the American justice system. Along the way he gives behind-the-scenes details about the events at the 1968 Democratic Convention in Chicago and subsequent Chicago Seven trial, his levitation of the Pentagon, and his friendships with Jerry Rubin, Bobby Seale, Allen Ginsberg, and many others. For this edition, his widow, Johanna Lawrenson, has written a new afterword about Hoffman's activism in the '80s and his legacy today. Insightful, funny, and often moving, *Soon to Be a Major Motion Picture* is a self-portrait of a radical taking stock of his life's work.

**Half the House** Richard Hoffman,1995 The headlines that followed the hardcover publication of this unflinching memoir testify to its power: Poet's memoirs lead to arrest of alleged child molester, Author's writing on abuse brings new victims forward. In a new afterword, Richard Hoffman writes about the events his book set in motion, the cries for help he received from men across the country, and the talk he had with an eleven-year-old boy who thanked him for making it stop. Against the backdrop of postwar, blue-collar America, *Half the House* depicts a family's struggles to care for two terminally ill children, recounts the sexual abuse to which the author, at age ten, was subjected by his coach, and explores the ways in which grief and rage estrange those who need each other most. A testament to the healing power of truth telling, this spare, poignang memoir (*Time*) offers heartening evidence, to borrow William Faulkner's phrase, of the human capacity to endure and prevail (*Washington Post*).

**The Autobiography of Abbie Hoffman** Abbie Hoffman,2000-11-30 The Autobiography of Abbie Hoffman tells the story of one of America's most influential and imaginative dissidents, a major figure in the 1960s counterculture and anti-war movement who remained a dedicated political organizer right up until his death in 1989. With his unique brand of humor, wit, and energetic narrative, Abbie Hoffman describes the history of his times and provides a first-hand account of such memorable actions as the levitation of the Pentagon, the dropping of dollar bills onto the New York Stock Exchange floor, and the Chicago 8 Trial, which followed the demonstrations at the 1968 Democratic Convention, as well as his friendships with Jerry Rubin, Bobby Seale, Allen Ginsberg, and many others. Originally published in 1980 as *Soonto Be a Major Motion Picture*, this memoir has been out of print for nearly 10

years. This edition includes a new selection of photographs chosen by his widow, Johanna Lawrenson, as well as a new afterword by Howard Zinn celebrating Hoffman's enduring activist legacy.

**Gertrude Stein** Frederick J. Hoffman,1961 Gertrude Stein - American Writers 10 was first published in 1961. Minnesota Archive Editions uses digital technology to make long-unavailable books once again accessible, and are published unaltered from the original University of Minnesota Press editions.

**Lies about My Family** Amy Hoffman,2013 This well-crafted family memoir is about the stories that are told and the ones that are not told, and about the ways the meanings of the stories change down the generations. It is about memory and the spaces between memories, and about alienation and reconciliation. Because of the luck, hard work, and resourcefulness of her immigrant grandparents, Hoffman and her five siblings grew up in a middle-class home, healthy, well fed, and well educated. An American success story? Not quite-or at least not quite the standard version. The Hoffman children grew up as observant Jews in a heavily Catholic New Jersey suburb, as political progressives in a town full of Republicans, as readers in a school full of football players and their fans. As a young lesbian, Hoffman distanced herself from her parents, who didn't understand her choice, and from the Jewish community, with its organization around family and unquestioning Zionism. However, both she and her parents changed and evolved, and by the end of this engaging narrative, they have come to new understandings, of themselves and one another. Book jacket.
