Islam, a Challenge to Faith Samuel Marinus Zwemer,1907

The Heart of Islam Seyyed Hossein Nasr,2009-03-17 As the specter of religious extremism has become a fact of life today, the temptation is great to allow the evil actions and perspectives of a minority to represent an entire tradition. In the case of Islam, there has been much recent confusion in the Western world centered on distorted portrayals of its core values. Born of ignorance, such confusion feeds the very problem at hand. In The Heart of Islam one of the great intellectual figures in Islamic history offers a timely presentation of the core spiritual and social values of Islam: peace, compassion, social justice, and respect for

the other. Seizing this unique moment in history to reflect on the essence of his tradition, Seyyed Hossein Nasr seeks to open a spiritual and intellectual space for mutual understanding. Exploring Islamic values in scripture, traditional sources, and history, he also shows their clear counterparts in the Jewish and Christian traditions, revealing the common ground of the Abrahamic faiths. Nasr challenges members of the world's civilizations to stop demonizing others while identifying themselves with pure goodness and to turn instead to a deeper understanding of those shared values that can solve the acute problems facing humanity today. Muslims must ask themselves what went wrong within their own societies, he writes, but the West must also pose the same question about itself . . . whether we are Muslims, Jews, Christians, or even secularists, whether we live in the Islamic world or in the West, we are in need of meaning in our lives, of ethical norms to guide our actions, of a vision that would allow us to live at peace with each other and with the rest of God's creation. Such help, he believes, lies at the heart of every religion and can lead the followers of the Abrahamic religions (Judaism, Christianity, and Islam) as well as other religious and spiritual traditions to a new future of mutual respect and common global purpose. The Heart of Islam is a landmark presentation of enduring value that offers hope to humanity, and a compelling portrait of the beauty and appeal of the faith of 1.2 billion people.

What Everyone Needs to Know about Islam John L. Esposito,2011-07-13 Uses a question and answer format to present information on topics including faith and practice, Islam and other religions, customs and culture, and Muslims in the West.

Unveiling Islam Ergun Mehmet Caner,Emir Fethi Caner, Two former Sunni Muslims, now Christian theology professors, explain the beliefs, customs, ethics, and practices of Islam.

An Insider's Guide to Islam Yushau Sodiq,2010-12 Islam, the religion of total submission to God, is the belief of more than one fifth of all human beings and is the second largest religion in the world. Despite its large number of followers, little was known about it in America until after the tragic event of September 11, 2001. Unfortunately, the media portrayed Islam negatively after September 11th and distorted its true nature. Hence, some people do not want to hear anything about Islam while many others began to ask many questions about it. An Insider's Guide to Islam is a practical guide that explains Islam as understood and practiced by Muslims of diverse background. To Muslims, Islam is a way of life and a religion of peace which brings tranquility and harmony to their lives. Islam is a rich culture and a unique tradition which must be understood on its own merits. The author brings insight into what Islam means, how it is practiced and its relationship with other religions. He also analyzes the concept of Jihad, the role of women in Islam and the values that Islam cherishes. The development of Islam in America and the roles that Muslims play in the United States are also elaborated upon in this volume.

Islam For Beginners N.I. Matar,2007-08-21 Five times a day, close to a billion people turn to the Ka’aba in submission to Allah/God. In the seventeenth century the religion of Islam was revealed to the prophet Mohammad through the Holy Koran. Since then, Islam has spread to every center of the world. Starting with the life of the prophet Mohammed, Islam For Beginners details the historic beginnings of Islam and its spread throughout the Middle East and Africa on to the European and American continents. It describes the major achievements of the Muslim community worldwide and examines the influence Islam has had on other cultures. In keeping with Islamic tradition, the illustrations in the book are rendered in two-dimensional silhouettes and shadows and include the repetitive, extendible patterns representative of Islamic expression.

Islam Syed Ameer Ali,2011-03-01 A mere three chapters, Isl m is an introduction to the Islamic faith and human spirituality. This short but informative primer contains words of wisdom about the human condition and spiritual liberty; the meaning, laws, customs, practices, and rules of Islam; a biography of Muhammad and the history of Islamic rule; and the sects and churches of Islam. Perfect for anyone who needs a quick introduction to the Muslim faith, Isl m is an easy-to-read guidebook for newcomers and casual scholars. SYED AMEER ALI (1849-1928) was an Indian Muslim who wrote several books about Islamic history and practice, as well as Islamic law. A respected jurist himself, and a descendant of Mohammad, Ali's words were extremely influential. He achieved honors in school, began a legal practice in Calcutta, and was one of the most accomplished Muslims of his time before he moved to London at age 20. When he returned to Calcutta in 1873, he continued his law practice, became a law professor at Calcutta University, and founded the Central National Mohammedan Association in 1877, a political organization central to promoting modern Muslim thought. Ali moved back to London in 1904, establishing the London Muslim League in 1908 and the first London mosque in 1910. Ali continued to write and make breakthroughs for Muslims until his death in 1928.

Islam Philip Khuri Hitti,

Young Islam on Trek Basil Mathews,1926 Written by a Protestant missionary soon after Ataturk's takeover of Turkey. Mathews discusses recent political developments in Turkey, Egypt, India, and so forth, with respect to the enduring religious hold of Islam. He sees little to redeem the religion even though he sees potential in the people themselves. However, Mathews is also unimpressed with the cultural offerings of the West; while he sees Christianity as vital, he also perceives contemporary European culture as dissipated and sinful, and thus he argues that Christian missionaries should not attempt to actually replace local cultural practices with European ones.
