*Evolved* Maximilian Werner, 2013-05-17 With startling insights, Werner explores how our Pleistocene instincts inform our everyday decisions and behaviors in this modern day Walden.

The Graveyard Mae Bea Sayes, 2023-01-05 Author Mae Bea Sayes is an artist-poet inspired by life, love, and literature. She transposes poems from images that come alive from ideas about her journey with the meter of language and the characters of literature. She creates cadence through wordplay and loves rhyme whenever it works. In her new collection of poems, *The Graveyard and Other Poems*, she examines the journey of the souls death, reawakening, and redemption. Written in a cadence that recalls the work of Edna St Vincent Millay, the lyrics speak to the pandemic, a walk through a graveyard full of great ghosts, painful love, and the long-awaited redemption of sins after death. The ethereal spirit of the poems speaks as a voice about the mystery of the souls departure from life. She also touches on themes of love and love lost. As I lay in the graveyard, I am revealed, transmuted through snow, hidden like the rose in the translucent light peeking out in the early spring —from “The Graveyard”

**Stranger Citizens** John McNelis O'Keefe, 2020-12-15 *Stranger Citizens* examines how foreign migrants who resided in the United States gave shape to citizenship in the decades after American independence in 1783. During this formative time, lawmakers attempted to shape citizenship and the place of immigrants in the new nation, while granting the national government new powers such as deportation. John McNelis O'Keefe argues that despite the challenges of public and official hostility that they faced in the late 1700s and early 1800s, migrant groups worked through lobbying, engagement with government officials, and public protest to create forms of citizenship that worked for them. This push was made not only by white men immigrating from Europe; immigrants of color were

able to secure footholds of rights and citizenship, while migrant women asserted legal independence, challenging traditional notions of women's subordination. *Stranger Citizens* emphasizes the making of citizenship from the perspectives of migrants themselves, and demonstrates the rich varieties and understandings of citizenship and personhood exercised by foreign migrants and refugees. O'Keefe boldly reverses the top-down model wherein citizenship was constructed only by political leaders and the courts. Thanks to generous funding from the Sustainable History Monograph Pilot and the Mellon Foundation the ebook editions of this book are available as Open Access (OA) volumes from Cornell Open ([cornellpress.cornell.edu/cornell-open](http://cornellpress.cornell.edu/cornell-open)) and other Open Access repositories.

Failure Brooke L Swenson,2005-05 failure. debuts the work of one of America's brightest, young new writers. Comprised of two novellas and sixteen shorts, this first glimpse of Brooke L.

Swenson's work deeply exhibits the personal anxieties and vices of a nation: cowardice, alcoholism, gluttony, fear, jealousy. His characters not only show us the most raw and vulnerable parts of themselves, they force readers to confront quelled feelings of their own. Honestly and sternly written, this collection celebrates small victories over oneself, transcending the meaning of self entirely.

*Fluid Film Lubrication - Osborne Reynolds Centenary D. Berthe, D. Dowson, M. Godet, C.M. Taylor, 1987-10-01* The thirteenth Leeds-Lyon Tribology Symposium was devoted to the topic of Fluid Film Lubrication in celebration of the centenary of the publication of the classical paper by Professor Osborne Reynolds in which he identified the mechanism of hydrodynamic lubrication. These proceedings contain more than seventy papers, written by authors from all over the world, covering the entire spectrum of fluid film lubrication. Of particular interest is the detailed consideration of a wide range of machine elements - bearings, seals, cams, rolling elements, as well as the in-depth, state-of-the-art, analytical contributions.

**Lancaster Burning Trilogy** Linda Byler, 2015-11-03 The Amish community of Lancaster is being terrorized by barn fires. David and Malinda Beiler's barn was the first to go. When a second Amish barn burns for suspicious reasons, the Amish grow more restless. Can Sarah, David and Malinda's daughter, end the terror that is pulling apart their community, even as her own heart is pulled between two young men? *Fire in the Night, Book 1*: Sarah observes her parents' agony after their barn burns to the ground, apparently by an arsonist. Not only is she afraid, and wishing she could protect her parents, she's entranced by the flirtatious Matthew Stoltzfus. He's dating her friend Rose, but when he tenderly bandages Sarah's hand after she burned it at the barn raising, she wonders whom he's really interested in. *Davey's Daughter, Book 2*: Sarah thinks Ashley, whom she's met at the local farmers market, knows more about the fires than she

will admit. But Sarah can't convince her to share her secrets. Should the Amish finally resort to police protection? Matthew is asking if the Amish church is the right fit for him. Will Sarah follow him if he decides to leave the community? Sarah's mother urges her to pay more attention to handsome newcomer Lee, the hardworking Amish man who helps anyone in the community in need. How will Sarah respond to all of the forces that are pulling her in different directions? *The Witnesses*, Book 3: When Sarah spots flames late one night in the widow Lydia's barn, she refuses to let the fire win. She gets the horses out just in time, but not before a beam explodes overhead, knocking her to the ground as the barn rages in flames all around her. Gone were her lovely good looks, her life as a teacher, and perhaps the attention of the two young men who had been so drawn to her.
