Islas Von Diaz, 2024-03-12 An intimate reflection on tropical island cooking's bold flavors and big stories, with 125 recipes, from celebrated food writer Von Diaz. The islands spanning the Indian, Atlantic, and Pacific Oceans are remarkable places, sharing dozens of ingredients and cooking techniques, including marinating, pickling and fermentation, braising and stewing, frying, grilling and smoking, and steaming and in-ground roasting. Bold flavors drip from the edges of each dish with tastes that represent stories of resistance, persistence, and wisdom passed down from generation to generation. This narrative cookbook by writer, documentary producer, and author Von Diaz travels across oceans and nations to uplift the shared ancestral cooking techniques of these islands in more than 125 recipes, including intimate profiles of the historical context of each technique, stories from islanders, and step-by-step guides for recreating them at home. Recipes include: Coco Bread from Jamaica Arroz con Jueyes (Stewed Crab Rice) from Puerto Rico Masikita (Papaya-Marinaded Beef Skewers) from Madagascar Bebek Betutu (Roasted Duck in Banana Leaf) from Indonesia Lechon Kawali (Crispy Fried Pork Belly) from the Philippines Bright citrus and vinegars, verdant herbs, slow-cooked and smoky grilled meats, fresh seafood, aromatic rice, and earthy root vegetables: These flavors, found in the meals and recipes across these island nations pair remarkably well together, despite distance and cultural differences. The ingredients and deep-rooted cooking techniques in each of these recipes typify the harmonious, synchronous spirit found in each culture's unique cuisines. Even amid environmental chaos and food insecurity, islanders cook in ways that are soul nourishing and flavorful. Islas is about preserving the wisdom, values, and resilience of the people who live in some of the most volatile, vulnerable places on this planet. Each recipe, an archive of strategies for persistence, creativity, and ingenuity, provides a path for cooking delicious food. But above all, these stories and recipes acknowledge that cooking delicious food for others is always a selfless act. **AN AUTHENTIC DEEP DIVE INTO UNDERREPRESENTED FOODWAYS:** Amid environmental chaos and food insecurity, and with limited ingredients, islanders cook in ways that are soul nourishing and emphasize flavor. This book expertly and authentically presents the diverse recipes and techniques of the islands of the Indian, Atlantic, and Pacific Oceans. **DETAILED RECIPES AND FULL-COLOR PHOTOGRAPHS:** Each of the techniques and recipes are paired with lots of how-tos and step-by-step guides, including key historical and scientific background to help you master these delicious recipes—from quick pickles to soups, stews, and barbecues—at home. **EXPERT AUTHOR AND A LEADING VOICE:** Von Diaz is a celebrated author and seasoned food researcher who has dedicated her life to bringing forth unique food stories and the people behind them. Food Culture in the Caribbean Lynn M. Houston, 2005-06-30 Food in the Caribbean reflects both the best and worst of the Caribbean's history. On the positive side, Caribbean culture has been compared with a popular stew there called callaloo. The stew analogy comes from the many different ethnic groups peacefully maintaining their traditions and customs while blending together, creating a distinct new flavor. On the negative side, many foods and cooking techniques derive from a history of violent European conquest, the importation of slaves from Africa, and the indentured servitude of immigrants in the plantation system. Within this context, students and other readers will understand the diverse island societies and ethnicities through their food cultures. Some highlights include the discussion of the Caribbean concept of making do—using whatever is on hand or can be found—the unique fruits and starches, the one-pot meal, the technique of jerking meat, and the preference for cooking outdoors. The Caribbean is known as the cradle of the Americas. The Columbian food exchange, which brought products from the Caribbean and the Americas to the rest of the world, transformed global food culture. Caribbean food culture has wider resonance to North, Central, and South America as well. The parallels in the food-related evolution in the Americas include the early indigenous foods and agriculture; the import and export of foods; the imported food culture of colonizers, settlers, and immigrants; the intricacies of defining an independent national food culture; the loss of the traditional agricultural system; the trade issues sparked by globalization; and the health crises prompted by the growing fast-food industry. This thorough overview of island food culture is an essential component in understanding the Caribbean past and present.

International Cuisine The International Culinary Schools at The Art Institutes, 2008-07-15 Presents more than four hundred authentic recipes from countries around the world along with information on land, history, food, and cooking techniques for each region.

Cooking through History [2 volumes] Melanie Byrd, John P. Dunn, 2020-12-02 From the prehistoric era to the present, food culture has helped to define civilizations. This reference surveys food culture and cooking from antiquity to the modern era, providing background information along with menus and recipes. Food culture has been central to world civilizations since prehistory. While early societies were limited in terms of their resources and cooking technology, methods of food preparation have flourished throughout history, with food central to social gatherings, celebrations, religious functions, and other aspects of daily life. This book surveys the history of cooking from the ancient world through the modern era. The first volume looks at the history of cooking from antiquity through the Early Modern era, while the second focuses on the modern world. Each volume includes a chronology, historical introduction, and topical chapters on foodstuffs, food preparation, eating habits, and other subjects. Sections on particular civilizations follow, with each section offering a historical overview, recipes, menus, primary source documents, and suggestions for further reading. The work closes with a selected, general bibliography of resources suitable for student research.

Food Cultures of the World Encyclopedia [4 volumes] Ken Albala, 2011-05-25 This comprehensive reference work introduces food culture from more than 150 countries and cultures around the world—including some from remote and unexpected peoples and places. From babka to baklava to the groundnut stew of Ghana, food culture can tell us where we've been—and maybe even where we're going. Filled with succinct, yet highly informative

entries, the four-volume Food Cultures of the World Encyclopedia covers all of the planet's nation-states, as well as various tribes and marginalized peoples. Thus, in addition to coverage on countries as disparate as France, Ethiopia, and Tibet, there are also entries on Roma Gypsies, the Maori of New Zealand, and the Saami of northern Europe. There is even a section on food in outer space, detailing how and what astronauts eat and how they prepare for space travel as far as diet and nutrition are concerned. Each entry offers information about foodstuffs, meals, cooking methods, recipes, eating out, holidays and celebrations, and health and diet. Vignettes help readers better understand other cultures, while the inclusion of selected recipes lets them recreate dishes from other lands.

Man with a Pan John Donohue, 2011-05-17 Look who's making dinner! Twenty-one of our favorite writers and chefs expound upon the joys—and perils—of feeding their families. Mario Batali's kids gobble up monkfish liver and foie gras. Peter Kaminsky's youngest daughter won't eat anything at all. Mark Bittman reveals the four stages of learning to cook. Stephen King offers tips about what to cook when you don't feel like cooking. And Jim Harrison shows how good food and wine trump expensive cars and houses. This book celebrates those who toil behind the stove, trying to nourish and please. Their tales are accompanied by more than sixty family-tested recipes, time-saving tips, and cookbook recommendations, as well as New Yorker cartoons. Plus there are interviews with homestyle heroes from all across America—a fireman in Brooklyn, a football coach in Atlanta, and a bond trader in Los Angeles, among others. What emerges is a book not just about food but about our changing families. It offers a newfound community for any man who proudly dons an apron and inspiration for those who have yet to pick up the spatula.

Cooking Columbus Julio Rodriguez, 2018-10-30 Cooking Columbus was a challenge to write from the very beginning due to the dark chapter in history for the peace-loving Arawaks, Tainos, and the warriors of the Caribbean, the Carib Indians. The discovery of the new world was the beginning of the end for the Amerindian native in the Caribbean.

The White Man in the Tree and Other Stories Mark Kurlansky, 2001-09 A comedy of cultural misunderstandings set in the Caribbean, New York, and Paris, a novella and eight stories about people who, because of their differences--between men and women, blacks and whites, Caribbeans and visitors, Jews and Christians, rich and poor--misjudge each other.--Jacket

Diver's Paradise Davin Goodwin,2020-04-07 Why do people close to Roscoe Conklin keep showing up dead—and on the paradise island of Bonaire? After 25 years on the job, Detective Roscoe Conklin trades his badge for a pair of shorts and sandals and moves to Bonaire, a small island nestled in the southern Caribbean. But the warm water, palm trees, and sunsets are derailed when his long-time police-buddy and friend back home, is murdered. Conklin dusts off a few markers and calls his old department, trolling for information. It's slow going. No surprise, there. After all, it's an active investigation, and his compadres back home aren't saying a damn thing. He's 2,000 miles away, living in paradise. Does he really think he can help? They suggest he go to the beach and catch some rays. For Conklin, it's not that simple. Outside looking in? Not him. Never has been. Never will be. When a suspicious mishap lands his significant other, Arabella, in the hospital, the island police conduct, at best, a sluggish investigation, stonewalling progress. Conklin questions the evidence and challenges the department's methods. Something isn't right. Arabella wasn't the intended target. He was. Perfect for fans of Randy Wayne White's Doc Ford and Robert B. Parker's Spencer While the novels in the Roscoe Conklin Mystery Series stand on their own and can be read in any order, the publication sequence is: Diver's Paradise Paradise Cove
