Written by bestselling author Phil Hewitt, *Outrunning the Demons* is an exploration of the transformative power of running – and how it can be the key to unlocking resilience we never knew we had. 'an inspiring collection of stories about runners who have run through unimaginable adversity to find perspective, resolution and ultimately peace, within themselves and with the universe.' - Dean Karnazes 'a really good book ... with fascinating stories' - BBC Radio Four, Today Programme Exhilarating, compelling and beautifully written; this extraordinary book, both humbling and uplifting.' - Peter James, international bestselling writer 'a remarkable collection of intensely personal stories connects the reader to the restorative power of running.' - Hugh Bonneville Running can take us to fantastic places. Just as importantly, it can also bring us back from terrible ones. For people in times of crisis, trauma and physical or mental illness – when normality collapses – running can put things back together again. After bestselling author Phil Hewitt was viciously mugged, stabbed and left for dead in 2016, he found himself suffering the acute symptoms of post-traumatic stress disorder. Unable to make sense of the horrific experience that had happened to him, Phil found that dedicating himself to running was slowly but surely helping him heal. *Outrunning the Demons* is an enriching and

celebratory exploration of the transformative power of running – and how it can be the key to unlocking resilience we never knew we had. Told through 34 deeply affecting real-life stories and covering such diverse themes as trauma, bereavement, addiction, depression and anxiety, this compelling book is an exposition of just why running can so often be the answer to everything when we find ourselves in extremis. New York Court of Appeals. Records and Briefs. New York (State).,

Man in the Empty Suit Sean Ferrell, 2013-02-05 “Part murder mystery and part mind-bending time-travel story. . . . Full of imagination” (Booklist). Say you're a time traveler and you've already toured the entirety of human history. After a while, the world might lose a little of its luster. That's why this time traveler celebrates his birthday partying with

himself. Every year, he travels to an abandoned hotel in New York City in 2071, the hundredth anniversary of his birth, and drinks twelve-year-old Scotch (lots of it) with all the other versions of who he has been and who he will be. Sure, the party is the same year after year, but at least it's one party where he can really, well, be himself. The year he turns thirty-nine, though, the party takes a stressful turn. Before he even makes it into the grand ballroom for a drink he encounters the body of his forty-year-old self, dead of a gunshot wound to the head. As the older versions of himself at the party point out, the onus is on him to figure out what went wrong—he has one year to stop himself from being murdered, or they're all goners. As he follows clues that he may or may not have willingly left for himself, he discovers rampant paranoia and suspicion among his younger selves, and a frightening conspiracy among the Elders. Most complicated of all is a haunting woman, possibly named Lily, who turns up at the party this year—the first person he's ever seen there besides himself. For the first time, he has something to lose. Here's hoping he can save some version of his own life. "A clever enough premise that it could be straight out of a Philip K. Dick or Kurt Vonnegut novel." —Pittsburgh Post-Gazette "A dark hybrid of Paul Auster and the film Memento, complete with a mysterious love interest . . . Best of all, however, is the evocation of mid-21st century New York as a melancholy, dilapidated place high in entropy, cluttered with ruined buildings, and weirdly infested with parrots." —Toronto Star

By all appearances her death is a suicide--but investigative journalist Scott McGrath suspects otherwise. Though much has been written about the dark and unsettling films of Ashley's father, Stanislas Cordova, very little is known about the man himself. As McGrath pieces together the mystery of Ashley's death, he is drawn deeper and deeper into the dark underbelly of New York City and the twisted world of Stanislas Cordova, and he begins to wonder--is he the next victim? In this novel, the dazzlingly inventive writer Marisha Pessl offers a breathtaking mystery that will hold you in suspense until the last page is turned.

Tips for Taking Life and Golf to the Next Level Bill Carlucci, 2007-09 Regardless of what society tells us, we were created to be totally dependent upon God physically,

emotionally, and spiritually. The problem is we have put ourselves at the center of our lives and moved God out to the periphery as we try to satisfy all of our desires and ambitions. Only after life begins to hit the fan do we realize that something is missing. Unfortunately, as powerless human beings we continue to substitute the yearning in our hearts for spiritual and emotional needs with the acquisition of worldly possessions. However, the gnawing emptiness within not only remains, it turns us numb as we continue our search for more of life's gusto. Developing physical, emotional, and spiritual reflex responses is critical to a purpose filled life. To those who feel there is a more fulfilling way to live, let these tips be your playbook for both games. A former golf professional and golf coach, Bill Carlucci resides in Connecticut with his wife Maria of 30 years and two daughters Emily, 24 and Leah, 18. He has played a strong role with the Chamber of Commerce and the Southwest Area (CT) Commerce and Industry Association. He is a past member of the Board of Directors of both Stamford Hospice and the Stamford Youth Foundation. Bill received training in Christian Care-giving, Christ Care Small Group Leadership and as a Prison Fellowship volunteer. He is both a licensed and ordained member of the clergy Bill's ministry is to train people of all ages to manage life using the same mental focus and strategies used in golf. The ministry uses the unifying relationship building opportunities golf provides to break down denominational and racial walls currently standing in the way of unity among Christians.

The Rifters M. Pax, 2014-08-17 The Gold Rush trickles to a fool's quest and a string of stagecoach heists. In 1888, Earl Blacke decides to make a new start and become a better man. He escapes into the mountains, heading north. In the wilds of Oregon, a rift inside an

ancient volcano opens and sends him into the future, into the present day. It also shaves forty years off his age, forty years to live over again and atone for what he's done. Starting over is hard to do. In current day New York, Daelin Long's dream job at a publishing house goes the way of the dinosaurs her sister chases. With no money and nowhere else to go, Daelin accepts the librarian position in her sister's dinky town in the middle of Oregon. Nestled inside ancient volcanic peaks, the town of Settler holds onto many secrets. Residents roam the streets with weirdly fashioned devices, and odd lights pulse in the night skies. People whisper of a phantom outlaw and start dying, murdered and missing their heads. On top of it all, Daelin's sister is missing, and Daelin doesn't know who to trust. Earl knows more than he's saying. He shares a notorious history with the phantom, one he'll see remains buried. Keeping Daelin's sister's secrets is his only chance at redemption, and the only way to keep this world safe. This first book in the series is free.

The Rifters Box Collection Books 1-3 M. Pax, 2018-02-11 A monstrous secret hides in the backwoods of a remote western town—a portal connecting our world to forty-two other universes. The visitors—most would call them terrifying—often have devastating effects. Their destruction hasn't been intentional... until lately. The usual band of protectors, The Rifters, defend us with daring and weapons built from coils, gears, and crystals, which is no longer enough. Earth's survival depends on an outlaw from 1888 and a librarian with a knack for ghosts. The Rifters Box Set includes: The Rifters, The Initiate, and The Reader. The Rifters: Daelin Long moves to Settler, Oregon, after being laid off from her job and robbed at gunpoint in New York City. County librarian isn't her dream job, but she's excited to reconnect with her younger sister. Only, her sister is missing and

there's a phantom stealing heads. The town is plain weird and gets worse when Daelin stumbles upon its deepest secrets. The Initiate: Daelin Long joins the Rifiers in hopes of finding her lost sister. Instead, she finds a swarm of killer bees like no other. These bees start off as pebbles and sting like fire. Her first lesson is to trust her fellow Rifiers absolutely. Daelin does, but they can't trust her. She has her sister's secrets to keep. The Reader: Daelin Long rises in the ranks of the Rifiers. The rift closes for the season, and Daelin worries over her sister stuck on the other side. With the rift closed, the town should be quiet. Only, it's not. Dead people are coming to life, and those who should be around are missing. Daelin and the Rifiers must figure out how to fight a monster without the energy of the rift to power their weapons.
