Clouds over the Goalpost Lew Freedman,2013-09-01 The pro football season of 1963 was dominated by the unexpected. In April, months prior to the beginning of play, it was revealed that two All-Star players, Paul Hornung and Alex Karras, were gambling on the sport and would be suspended from play for at least a year. Even worse, in May, one of the league's bigger-than-life personalities, Big Daddy Lipscomb, was found dead, with police saying he perished from a heroin overdose, something those who knew him best still dispute. As play began in September, the Pro Football Hall of Fame opened its doors in Canton, Ohio, the same town where the National Football League was founded in 1921 and inducted its first class. Also, the war for players and prestige raged with the upstart American Football League trying to obtain equal footing in the public eye. On the field, it was to be the year the Chicago Bears and their aging owner-coach George Halas knew glory once more, fighting off the latest dynasty Green Bay Packers led by Vince Lombardi in a season-long chase for the Western Division title. Yet even that was overshadowed by the assassination of President John F. Kennedy. While the nation mourned and other sports leagues suspended activity, the NFL played on with its regular season that sad weekend—a choice commissioner Pete Rozelle later called the worst mistake of his tenure. Clouds over the Goalpost is filled with controversy not only on the field, but off it as well. From the various suspensions to an exciting championship game between the

Bears and Giants, 1963 was a year that the NFL would never forget—for both the good and the bad.

Bears by the Numbers Lew Freedman, 2017-09-05 What do Al Campana, Frank Dempsey, Stan Wallace, Don Mullins, Gale Sayers, and Steve Trimble all have in common? They all wore number 40 for the Chicago Bears, even though more than four decades passed between the last time Campana last pulled on his jersey and the number was retired for Sayers in 1994 (along with 51 for Dick Butkus). Since the Chicago Bears first adopted uniform numbers in 1932, the team has handed out only 99 numbers to more than 1,000 players. That's a lot of overlap. It also makes for a lot of good stories. *Bears by the Numbers* tells those stories for every Bear since '32, from Red Grange to Pernell McPhee. This book lists the players alphabetically and by number; these biographies help trace the history of one of football's oldest and most beloved teams in a new way. For Bears fans, anyone who ever wore the uniform is like family. *Bears by the Numbers* reintroduces readers to some of their long-lost ancestors, even those they think they already know.

Flash and Bones Kathy Reichs, 2012-07-31 Kathy Reichs—#1 New York Times bestselling author and producer of the FOX television hit *Bones*—returns with a riveting new novel set in Charlotte, North Carolina, featuring America's favorite forensic anthropologist, Dr. Temperance Brennan. Just as 200,000 fans are pouring into town for Race Week, a body is found in a barrel of asphalt next to the Charlotte Motor Speedway. The next day, a NASCAR crew member comes to Temperance Brennan's office at the Mecklenburg County Medical Examiner to share a devastating story. Twelve years earlier, Wayne Gamble's sister, Cindi, then a high school senior and aspiring racer, disappeared along with her boyfriend, Cale Lovette. Lovette kept company with a group of right-wing extremists known as the Patriot Posse. Could the body be Cindi's? Or Cale's? At the time of their disappearance, the FBI joined the investigation, only to terminate it weeks later. Was there a cover-up? As Tempe juggles multiple theories, the discovery of a strange, deadly substance in the barrel alongside the body throws everything into question. Then an employee of the Centers for Disease Control and Prevention goes missing during Race Week. Tempe can't overlook the coincidence. Was this man using his lab chemicals for murder? Or is the explanation even more sinister? What other secrets lurk behind the festive veneer of Race Week? A turbocharged story of secrets and murder unfolds in this, the fourteenth thrilling novel in Reichs's "cleverly plotted and expertly maintained series" (The New York Times Book Review). With the smash hit *Bones* about to enter its

seventh season and in full syndication—and her most recent novel, *Spider Bones*, an instant New York Times bestseller—Kathy Reichs is at the top of her game.

Women in Sports [2 volumes] Adrienne N. Milner,Jomills Henry Braddock II,2017-07-28 Covering a breadth of topics surrounding the current state of women in sports, this two-volume collection taps current events, sociological and feminist theory, and recent research to contextualize women's experiences in sports within a patriarchal society and highlight areas for improvement. Women are continuing to break barriers in all aspects of sports, and a growing number of people are beginning to recognize sex disparities in sports as a social problem. Additionally, women's inclusion and exclusion in sports—and their equitable and inequitable treatment on the playing field—have large-scale social, legal, health, and economic consequences. *Women in Sports: Breaking Barriers, Facing Obstacles* comprehensively examines the state of women in sports by considering current events, controversies, and trends as well as qualitative and quantitative research. The contributors to this volume take a sociological approach to discussing women in sports by questioning dominant assumptions surrounding notions of women's biological athletic inferiority and by examining other social constructs that affect women's experiences in sports, such as race and ethnicity, socioeconomic status, and sexual orientation. The book offers a complete and up-to-date account of women's experiences in sports through coverage of the history of women's participation in sports (with a focus on exceptional female athletes) and of the increasing number of women who are competing in traditionally male sports, such as football, baseball, and mixed martial arts. Readers will come away with a greater appreciation for the issues of equity that women face, both within the world of sports and in society

in general.
