The New Landscape of Mobile Learning Charles Miller,Aaron Doering,2014-02-24 The New Landscape of Mobile Learning is the first book to provide a research based overview of the largely untapped array of potential tools that m-Learning offers educators and students in face-to-face, hybrid, and distance education. This cutting edge guide provides: • An essential explanation of the emergence and role of Apps in education • Design guidelines for educational Apps • Case studies and student narratives from across the US describing successful App integration into both K-12 and Higher Education • Robust, research-based evaluation criteria for educational Apps Although many believe that Apps have the potential to create opportunities for transformative mobile education, a disparity currently exists between the individuals responsible for creating Apps (i.e. developers who often have little to no instructional experience) and the ultimate consumers in the classroom (i.e. K-20 educators and students). The New Landscape of Mobile Learning bridges this gap by illuminating critical design, integration, and evaluation narratives from leaders in the instructional design, distance education, and mobile learning fields.

Heart of Darkness and The Secret Sharer Joseph Conrad,2004-03-02 Heart Of Darkness. The story of the civilized, enlightened Mr. Kurtz who embarks on a harrowing night journey into the savage heart of Africa, only to find his dark and evil soul. The Secret Sharer. The saga of a young, inexperienced skipper forced to decide the fate of a fugitive sailor who killed a man in self-defense.
