**Randall on the Run** Judy Christenberry,2012-01-17 SHE SAVED HIS LIFE... When Jess Randall dragged a critically wounded man into her car, she had no idea he was a wanted whistleblowing DEA agent. All she knew was that Steve Carter needed help—help she could only find at her family ranch in Rawhide, Wyoming. AND PUT HER OWN AT RISK Steve had no idea how high up the corruption went, but he knew how desperate the rogue agents were. A sniper's gun wasn't the loner lawman's only fear. The more time he spent with Jess, the more he hoped for a future, a home, a family—exactly what she deserved and he could never have. Not when the mountains were filling with killer agents. They'd find him, and no one—not even his brave, beautiful protector—would stop them.

*Rockstar* Denise Jaden,2018-08-07 Eli and his band certainly never expected to make it to the final showdown of Hold That Note, but here they are, looking and acting and feeling more rockstarish than they could have ever imagined. Winning would surely mean an abundance of opportunities in the music business. But it would also probably mean an ongoing separation from Kass. While Eli wrestles with stardom, Kass finally finds her grounding-with her family, with college options, and with a variety of possibilities for her future calling. The only thing is, maybe none of them will align with Eli's superstar world. Family comes in all shapes and sizes, they're both starting to learn, and what it means to have a place to fit in may supersede all of their preconceived expectations.

**The Unfinished Journey** Searetha Smith-Collins,2019-07-08 Without clear direction, without understanding of one's past, without heroes (including women) and positive role models, without family, without connections to neighbors and a viable community, without social tranquility or firm rootedness, without at least one parent who can be at home to parent, without community control, power, and influence, without a reference group with whom to identify, without stability of one's personal world, without clearly designated leaders, without hope and a clear vision of life's expectancies and survival prospects, without a spiritual and moral centeredness, there is chaos. Where there is chaos and lack of vision, the people perish. Without economic opportunity and outlets to release despair and anger, without a feeling of safety and security, without an unlimited future, without controls on the use of drugs, violence (including gun violence), and sexual promiscuity, without responsibility and consequences for inappropriate behavior, without responsibility as well as rights, without commonly agreed upon expectations for structure and discipline, without religious, family, and personal values to help connect people, without concern for the collective as well as the individual, without nurture, without a circle of support from a responsible, caring parent, coach, teacher, grandparent, minister, neighbor, or community member, without someone who will take the time to reach out to make one feel special and valued, the children suffer and the people are dysfunctional. Where there is dysfunction, the people are a threat to themselves and the institution of family and society. How do you promote ways to shape success out of circumstances, so as, to empower future generations to come? The expression of music, especially in African American spiritual and gospel tradition provides insight into how trials, threats, and traditions have sustained us over the generations. Whether we are talking about our personal storms, or our family, societal, or global threats, the first stanza of an old gospel hymn, written fifty years ago by Ruth Caye Jones, entitled, In Times Like These rings true, inspires, and calls out to each generation still today: In times like these, we need a Savior, We need an anchor; In times like these We need a friend; Be very sure, be very sure, Your anchor holds and grips a Solid Rock.

*A Year of Playing Catch* Ethan D. Bryan,2020-09-08 Journey with prolific author and avid baseball fan Ethan Bryan on an exciting quest to play catch every day for a year, and discover the lessons he learned about the sacredness of play, finding connections, and being fully present to the human experience. Ethan Bryan played and wrote about baseball for years. Then his daughters challenged him to set out on a yearlong experiment: to play catch with someone every day. This experience led him across 10 states and 12,000 miles on a quest both quixotic and inspiring. Taking you from Sioux Falls, South Dakota, to the home of the Daytona Tortugas in Florida, Bryan played ball and swapped stories with public school teachers, veterans, journalists, nurses, musicians, entertainers, entrepreneurs, athletes from every level--amateur to pro--and members of the All-American Girls Professional Baseball League. Plus, he visited famous destinations such as the Negro Leagues Baseball Museum, Miracle League fields, and the original Field of Dreams in Iowa. But throughout the book, Bryan reveals it's about much more than who he played catch with: it's what he learned

from their vastly different stories. Lessons include: How play can reignite a fire within you and transform your life How to find joy in the simple things How one life can impact a whole community . . . and more. For baseball fans and everyone who loves a good story, A Year of Playing Catch is an inspiring journey about finding joy in the simple things, and the power of play to transform our lives.

**Hard Words** S. Joel Warrican,2005 Throughout the Caribbean, there is concern about the standard of writing among students. This concern is verbalized in numerous reports from the Caribbean Examination Council (CXC) on students performance in English in their certification examinations. Hard Words offers solutions to this problem by exploring the effects of English-based Creole on students writing and by promoting reading as powerful tool that can assist students and teachers in the classroom. Existing studies of adolescents leisure reading rarely afford the opportunity to observe them engaging with reading material over an extended period. In Hard Words the author uses observations and in-depth interviews to gauge students reaction to different reading material, reading-related activities and streaming. This study is unique in its provision of a programme to promote a culture of leisure reading as well as a mechanism for assessing the relationship between reading for pleasure and writing. It also offers insights into students thoughts about reading, their preference of reading materials and activities that can be used to encourage them to read more. Through the use of figures, tables, samples of students writing and useful references, the book provides a valuable source of teaching strategies for Caribbean Students in classrooms both within and outside the Caribbean.

**Social Media in Trinidad** Jolynna Sinanan,2017-11-21 Drawing on 15 months of ethnographic research in one of the most under-developed regions in the Caribbean island of Trinidad, this book describes the uses and consequences of social media for its residents. Jolynna Sinanan argues that this semi-urban town is a place in-between: somewhere city dwellers look down on and villagers look up to. The complex identity of the town is expressed through uses of social media, with significant results for understanding social media more generally. Not elevating oneself above others is one of the core values of the town, and social media becomes a tool for social visibility; that is, the process of how social norms come to be and how they are negotiated. Carnival logic and high-impact visuality is pervasive in uses of social media, even if Carnival is not embraced by all Trinidadians in the town and results in presenting oneself and association with different groups in varying ways. The study also has surprising results in how residents are explicitly non-activist and align themselves with everyday values of maintaining good relationships in a small town, rather than espousing more worldly or cosmopolitan values.
