Current Trends in Nigerian Pidgin English Akinmade T. Akande,0ladipo Salami,2021-10-25 This book focuses on the structure and sociolinguistics of Nigerian Pidgin English. Its major aim is to serve as a compendium which touches different major aspects of NPE as it has been observed that earlier works in this area have focused only on one aspect or the other. It will

offer a broad survey of the form and functions of Nigerian Pidgin (NP) in different domains. The book promises to investigate the use of NP in such domains as popular culture, advertisement, social media and online discussion fora. One major strong point of this volume is the fact that it will direct attention to different fertile areas of NP by focusing, inter alia, on its social functions, its morphology and syntax, its regional varieties, its (possible) use as a viable medium of instruction in school, the changing attitudes of people towards its use, the place of NP in relation to language planning and policy in Nigeria as well as sociolinguistic variation within NP. The book will make a significant contribution to the existing literature on NP as, unlike earlier studies in this area, it will explore the grammatical, sociolinguistic and perceptual aspects of the language. By bringing together the expertise of renowned Nigerian and international scholars who have conducted research in this area, the volume will be an essential resource for researchers, graduate and undergraduate students interested not only in Nigerian Pidgin but also on contact linguistics.

El español, lengua pluricéntrica Sebastian Greußlich, Franz Lebsanft, 2019-12-09 Fragen der Norm wurden für das Spanische bis weit ins 20. Jahrhundert ausschließlich von der Real Academia Española geklärt. Unter den Vorzeichen der Globalisierung und der sich immer stärker etablierenden Konzeption der Plurizentrik teilt die Sprachakademie diese Rolle zunehmend mit neuen Akteuren. Neben den Akademien in Spanischamerika treten vor allem die Massenmedien auf dem Feld der spanischen Sprachkultur in Erscheinung. In

Fragen praktischer Sprachkodifikation kooperieren sie systematisch mit den Sprachakademien, zugleich aber fordern sie diese heraus, indem sie den Sprachgebrauch der Hispanophonie jenseits von Sprachpolitik und Didaktik mit eigenen, massenkommunikativ vermittelten Normen prägen. Die Beiträge des Bandes beleuchten diesen Zusammenhang empirisch. Las cuestiones referentes a la norma del español, hasta bien entrado el siglo XX, se han resuelto exclusivamente en el seno de la Real Academia Española. Bajo los auspicios de la globalización y del pluricentrismo lingüístico, la Academia de la Lengua va compartiendo esta función con nuevos actores. Aparte de las Academias hispanoamericanas, estos son ante todo los medios de comunicación masiva. En la práctica de la codificación lingüística, dichos medios colaboran sistemáticamente con las Academias de la Lengua; al mismo tiempo que las desafían marcando el uso de la lengua mediante sus normas propias, más allá de la política lingüística y la enseñanza de la lengua. Las contribuciones reunidas en este volumen abren perspectivas teóricas, ideológicas y empíricas sobre este fenómeno.

Re-mapping World Literature Gesine Müller, Jorge J. Locane, Benjamin

Loy,2018-03-05 How can we talk about World Literature if we do not actually examine the world as a whole? Research on World Literature commonly focuses on the dynamics of a western center and a southern periphery, ignoring the fact that numerous literary relationships exist beyond these established constellations of thinking and reading within the Global South. Re-Mapping World Literature suggests a different approach that aims to investigate new navigational tools that extend beyond the known poles and meridians of current literary maps. Using the example of Latin American literatures, this study provides innovative insights into the literary modeling of shared historical experiences, epistemological crosscurrents, and book market processes within the Global South which thus far have received scant attention. The contributions to this volume, from renowned scholars in the fields of World and Latin American literatures, assess travelling aesthetics and genres, processes of translation and circulation of literary works, as well as the complex epistemological entanglements and shared worldviews between Latin America, Africa and Asia. A timely book that embraces highly innovative perspectives, it will be a must-read for all scholars involved in the field of the global dimensions of literature.

Fabeltiere Florian Schäfer, Janin Pisarek, Hannah Gritsch, 2023-11-13 Für die Menschen der vorindustriellen Zeit war die Natur trotz weitreichender Handelsbeziehungen ein wilder und manchmal auch gefährlicher Ort. Wälder, Sümpfe und Gebirge hielt man für die Heimstätte magischer Kreaturen und fabelhafter Tiere. Wesen, deren Faszination noch heute ungebrochen ist. Lindwürmer und Einhörner, Hausdrachen und Wolpertinger lebten weiter in Sagen und Erzählungen, die im 19. Jahrhundert durch die Brüder Grimm und viele andere zusammengetragen und schriftlich fixiert wurden. Das Buch unternimmt eine Reise in die Welt der Fabeltiere des deutschsprachigen Raumes. Die Autor:innen haben das umfangreiche, vielfältige in der Literatur überlieferte Material gesichtet, sortiert und aufbereitet. Florian Schäfer schuf auf dieser Basis zahlreiche lebensnahe Nachbildungen von Fabeltieren basierend auf historischen Beschreibungen und macht damit diese mythologischen Wesen auf einzigartige und faszinierende Weise zugänglich.
