Terradon Prime J. Maxwell Cross, 2021-01-13

Imagine being ripped from a life of bad decisions and transposed on an alien world without any memory of your past. Our hero vanished in front of fellow investigators to discover a renovated body, the heart of a leopard, and insight that penetrates the soul. On Terradon Prime, he crawls from a pond and encounters a feral race of inhabitants, adopting the title, the Mandagral. Meanwhile, on Earth, his forgotten life spins out of control under the investigation of his disappearance. The secret's out! Three hurdles stand between him and his future: finding his lost identity, his alter ego, and two all-too-familiar antagonists. Disoriented and resentful, yet fearlessly, he begins his journey of self-discovery with the help of an oracle, who shares a kindred spirit. Will his mysterious guide help him to recover his memory without reproducing the same heartbreaking chain of tragic events that mislead him the first time? On top of all his challengers, he must resolve three intimate relationships. The mysterious and complex race against time is on.
