The Hero's Journey of Odysseus Josh Coker,2017-11-28 This book covers Odysseus' journey through the lens of the Monomyth. By analyzing the Iliad and the Odyssey Josh Coker identifies each classic stages of the Hero's Journey. What is the Monomyth? The term Monomyth comes from the Greek. It is broken into two root words: 1) mono, meaning one, and 2) mythos, meaning story. The connotation being, the One Story. This term was coined by author James Joyce in his most famous work, Ulysses (the Roman name for Odysseus). However, it wasn't popularized until the late 1940's when a comparative mythologist by the name of Joseph Campbell, published his seminal work, The Hero With A Thousand Faces. In his book, Campbell suggested that there are common aspects that nearly all myths throughout time have shared. These elements combine into a narrative format that can be used as an approach to mythology. Many people associate the Hero's Journey as synonymous with The Monomyth. Both, historical and modern storytellers have used it as an approach to analyze narratives and develop new plots and characters for contemporary audiences. According to Campbell, the Monomyth follows a three-act structure. In the first act, The Separation, a hero is called to adventure and leaves his known world for the unknown world, guided by a mentor. Once the hero crosses the threshold of adventure, they enter the second act, The Initiation. In this section, the hero faces many tests and trials, confronts his inner demons (many times represented as ghosts, monsters, minotaurs, or dragons), then goes on through stages of enlightenment. Once the hero retrieves the boon, he must return it to the normal world from which he came. This third act is called the Return. During this final section of the narrative, the hero must release the power of the boon into society in order to restore it. Many times this last act requires the hero to overcome his major flaw and make a sacrifice. Once restored, the hero and those citizens in the world are free once again to live in it. The story of Odysseus follows this format very close. Particularly, if we combine the events from the Iliad and the Odyssey we obtain a full picture of Odysseus' journey of kingship. This book makes a great companion guide for anyone wishing to learn the about the Hero's Journey or Odysseus' adventures.

Mr Five Per Cent Jonathan Conlin,2019-01-10 Winner of the BAC Wadsworth Prize for Business History 2020 When Calouste Gulbenkian died in 1955 at the age of 86, he was the richest man in the world, known as 'Mr Five Per Cent' for his personal share of Middle East oil. The son of a wealthy Armenian merchant in Istanbul, for half a century he brokered top-level oil deals, concealing his mysterious web of business interests and contacts within a labyrinth of Asian and European cartels, and convincing governments and oil barons alike of his impartiality as an 'honest broker'. Today his name is known principally through the Gulbenkian Foundation in Lisbon, to which his spectacular art collection and most of his vast wealth were bequeathed. Gulbenkian's private life was as labyrinthine as his business dealings. He insisted on the highest 'moral values', yet ruthlessly used his wife's charm as a hostess to further his career, and demanded complete obedience from his family, whom he monitored obsessively. As a young man he lived a champagne lifestyle, escorting actresses and showgirls, and in later life - on doctor's orders - he slept with a succession of discreetly provided young women. Meanwhile he built up a superb art collection which included Rembrandts and other treasures sold to him by Stalin from the Hermitage Museum. Published to mark the 150th anniversary of his birth, Mr Five Per Cent reveals Gulbenkian's complex and many-sided existence. Written with full access to the Gulbenkian Foundation's archives, this is the fascinating story of the man who more than anyone else helped shape the modern oil industry.

Death in the Dark Continent Peter Hathaway Capstick,1989-07-15 Critically acclaimed as a master of adventure writing for *Death in the Long Grass* and *Death in the Silent Places*, former professional hunter Peter Hathaway Capstick takes us back to Africa to encounter the world's most dangerous big-game animals. After consulting African game experts and recalling his own experiences and those of his colleagues, Capstick has written chilling, authoritative accounts of hunting the five most dangerous killers on the African continent—lion, leopard, elephant, Cape buffalo and rhinoceros. The classic big-game animals are unmatched as a test of a hunter's skill and courage. With a command of exciting prose, Capstick brings us along on the chase. The warning snarl of a crouching lion, the swish of grass that reveals a leopard, the enraged scream of a wounded elephant, the cloud of dust that marks a herd of Cape buffalo, the earthshaking charge of a rhino are recreated in heart-stopping, nerve-racking detail. In *Death in the Dark Continent*, Capstick brings to life all the suspense, fear and exhilaration of stalking ferocious killers under primitive, savage conditions, with the ever present threat of death.

White Hunters Brian Herne,2014-04-08 East Africa affects our imagination like few other places: The sight of a charging rhino goes directly to the heart; the limitless landscape of bony highlands, desert, and mountain is, as Isak Dinesen wrote, of unequalled nobility. Brian Herne's *White Hunters* is the story of seventy years of African adventure, danger, and romance. It re-creates the legendary big-game safaris led by Selous and Bell and the daring ventures of early hunters into unexplored territories, and brings to life such romantic figures as Cape-to-Cairo Grogan, who walked 4,000 miles for the love of a woman, and Dinesen's dashing lover, Denys Finch. Witnesses to the richest wildlife spectacle on the earth, these hunters were the first conservationists. Hard-drinking, infatuated with risk, and careless in love, they inspired Hemingway's stories and movies with Clark Gable and Gregory Peck.

Death in the Long Grass Peter Hathaway Capstick,1978-01-15 As thrilling as any novel, as taut and exciting as any adventure story, Peter Hathaway Capstick's *Death in the Long Grass* takes us deep into the heart of darkness to view Africa through the eyes of one of the most renowned professional hunters. Few men can say they have known Africa as Capstick has known it—leading safaris through lion country; tracking man-eating

leopards along tangled jungle paths; running for cover as fear-maddened elephants stampede in all directions. And of the few who have known this dangerous way of life, fewer still can recount their adventures with the flair of this former professional hunter-turned-writer. Based on Capstick's own experiences and the personal accounts of his colleagues, *Death in the Long Grass* portrays the great killers of the African bush—not only the lion, leopard, and elephant, but the primitive rhino and the crocodile waiting for its unsuspecting prey, the titanic hippo and the Cape buffalo charging like an express train out of control. Capstick was a born raconteur whose colorful descriptions and eye for exciting, authentic detail bring us face to face with some of the most ferocious killers in the world—underrated killers like the surprisingly brave and cunning hyena, silent killers such as the lightning-fast black mamba snake, collective killers like the wild dog. Readers can lean back in a chair, sip a tall, iced drink, and revel in the kinds of hunting stories Hemingway and Ruark used to hear in hotel bars from Nairobi to Johannesburg, as veteran hunters would tell of what they heard beyond the campfire and saw through the sights of an express rifle.

Karamojo Safari W. D. M. Bell, 2019-11-22 *Karamojo Safari*, first published in 1949, is a classic story of elephant hunting, safaris, native life, and the wilds of Uganda and Kenya in the late 1800s, at a time when the region (then known as "Karamojo") was completely unknown to the outside world. Walter Bell (1880-1954), known as Karamojo Bell, was a Scottish adventurer, big game hunter in East Africa, soldier, decorated fighter pilot, sailor, writer, and painter. Famous for being one of the most successful ivory hunters of his time, Bell was an advocate of the importance of shooting accuracy and shot placement with smaller calibre rifles, over the use of heavy large-bore rifles for big African game. He improved his shooting skills by careful dissection and study of the anatomy of the skulls of the elephants he shot. He even perfected the clean shooting of elephants from the extremely difficult position of being diagonally behind the target; this shot became known as the Bell Shot. Although chiefly known for his exploits in Africa, Bell also traveled to North America and New Zealand, sailed windjammers, and saw service in South Africa during the Boer War, and flew in the Royal Flying Corps in East Africa, Greece and France during World War I.

The Forgotten Rohingya: Their Struggle for Human Rights in Burma Habib Habib Siddiqui, 2019 Imagine that you are living in a country that does not recognize you as a citizen in spite of the fact that your people have maintained a continuous existence there for several centuries. If that was not enough of a traumatic experience, consider that because of your racial, ethnic and religious identity other ethnic groups that are fighting the brutal military regime in your country for their self-determination and human rights consider you as settlers from a neighboring country. It must be your worst nightmare when you realize that half of your people (almost 2 million) have been forced to take asylum or refuge outside, and you may be the next in line to seek a way out of this living hell of xenophobia, discrimination, intolerance, racism and bigotry. The victims are the Rohingya people of Burma (Myanmar). Because of their religion, race, ethnicity, color and language they are the most discriminated and persecuted people in our planet. Some argue that they are also one of the most forgotten. The Myanmar military regime has denied their citizenship rights, claiming that they are illegal settlers from nearby Bangladesh who have moved into Arakan during the British occupation of Burma in the 19th century. Is there any truth to such allegations? Does the military junta apply the same litmus test against all ethnic and religious groups in matters of citizenship? What is the basis for a nation's claim to self-determination? Must a people wander in the wilderness for two millennia and suffer repeated persecution, humiliation and genocide to qualify? How about the rights of a minority community to survive with their culture and traditions intact? Do they need to be 'children' of a 'higher' God to qualify? What makes the children of a 'lesser' God to be forgotten and denied the same treatment and privilege that was granted hitherto to other nations? For much of its history, Burma has been ruled by military. As has once again been demonstrated recently they are brutal, savage and tyrannical. They have ignored people's verdict in the election and imprisoned leaders and workers of the democracy movement. They cannot be guarantors or protectors of human rights of anyone, let alone religious and ethnic minorities. Do you know that the Rohingyas - face cruel restriction on marriage and those married without government authorization are paraded naked on the streets? - Are restricted from traveling outside their villages? - Have no legal right to own land or property? - Are restricted from getting education, finding work, getting medical and health care? - Are subjected to land confiscation, forced eviction and destruction of homes, offices, schools, mosques, shops, etc., and face religious persecution on a daily basis? - Are victims of staged riots, forced starvation, arbitrary taxation, extortion, arrest, torture and extra-judicial killings? - Are forced to do slave labor for establishment of government infrastructure, new Buddhist settlements, pagodas and monasteries on evicted lands with the government intent of changing the landscape and demography of Arakan? - Are forced to convert to Buddhism &/or worship Buddha? Do you know that when it comes to the Rohingya people, the Burmese government doesn't uphold any of the Articles of the Universal Declaration of Human Rights? Nothing can excuse us from the criminal silence that we practice in not voicing our concern about the plight of the Rohingya people. The Forgotten Rohingya makes a strong case for mobilizing concerned citizens of our globe to ease their sufferings. The author analyzes origin of the Rohingya people and offers ideas to solve their problem. The author also discusses problems of xenophobia and racism, which are so rampant in this country of many races, ethnicities and religions. He also analyzes the role of Daw Suu Kyi and failure of Burma's orange revolution.

The Last Ivory Hunter Peter Hathaway Capstick, 1988-07-15 A chance meeting around a safari campfire on the banks of the Mupamadazi River leads to *The Last Ivory Hunter: The Saga of Wally Johnson*, a grand tale of African adventure by renowned hunting author Peter Hathaway Capstick. Wally Johnson spent half a century in Mozambique hunting white gold—ivory. Most men died at this hazardous trade. He's the last one able to tell his story. In hours of conversations by mopane fired in the African bush, Wally described his career—how he survived the massive bite of a Gaboon viper, buffalo gorings, floods, disease, and most dangerous of all, gold fever. He bluffed down 200 armed poachers almost single-handedly, and survived rocket attacks from communist revolutionaries during Mozambique's plunge into chaos in 1975. In Botswana, at age 63, Wally continued his career. Though the great tuskers have largely gone and most of Wally's colleagues are dead, Wally has survived. His words are rugged testimony to an Africa that is now a distant dream.
