What You Will Learn Find out how, when, and why you should use architecture patterns and get best practices with Xamarin.Forms Implement the Model-View-ViewModel (MVVM) pattern and data-binding in Xamarin.Forms mobile apps Extend the Xamarin.Forms navigation API with a custom ViewModel-centric navigation service Leverage the inversion of control and dependency injection patterns in Xamarin.Forms mobile apps Work with online and offline data in Xamarin.Forms mobile apps Test both business logic and user interface code in Xamarin.Forms mobile apps Use platform-specific APIs to build rich custom user interfaces in Xamarin.Forms mobile apps Explore how to improve mobile app quality with analytics and crash reporting using Xamarin Insights In Detail Discover how to extend and build upon the components of the Xamarin.Forms toolkit to develop an effective, robust mobile app architecture. Starting with an app built with the basics of the Xamarin.Forms toolkit, we'll go step by step through several advanced topics to create a solution architecture rich with the benefits of good design patterns and best practices. We'll start by introducing a core separation between the app's user interface and the app's business logic by applying the MVVM pattern and data binding. Discover how to extend and build upon the components of the Xamarin.Forms toolkit to develop an effective, robust mobile app architecture. Starting with an app built with the basics of the Xamarin.Forms toolkit, we'll go step by step through several advanced topics to create a solution architecture rich with the benefits of good design patterns and best practices. We'll start by introducing a core separation between the app's user interface and the app's business logic by applying the MVVM pattern and data binding. Then we will focus on building out a layer of plugin-like services that handle platform-specific utilities such as navigation, geo-location, and the camera, as well as how to use these services with inversion of control and dependency injection. Next we'll connect the app to a live web-based API and set up offline synchronization. Then, we'll dive into testing the app—both the app logic through unit tests and

the user interface using Xamarin's UITest framework. Finally, we'll integrate Xamarin Insights for monitoring usage and bugs to gain a proactive edge on app quality. *Style and approach* This easy-to-follow, code-rich guide will walk you through building a real-world Xamarin.Forms mobile app from start to finish. Each chapter builds upon the app by applying new advanced functionalities, design patterns, and best practices.

The Hummingbird Effect Kate Mildenhall, 2023-08-02 An epic, kaleidoscopic story of four women connected across time and place by an invisible thread and their determination to shape their own stories, from the acclaimed author of *The Mother Fault*. Longlisted for the Stella Prize 2024 Longlisted for the Indie Book Awards 2024 Sydney Morning Herald Best Reads of the Year for 2023 One of the lucky few with a job during the Depression, Peggy's just starting out in life. She's a bagging girl at the Angliss meatworks in Footscray, a place buzzing with life as well as death, where the gun slaughterman Jack has caught her eye – and she his. How is her life connected to Hilda's, almost a hundred years later, locked inside during a plague, or La's, further on again, a singer working shifts in a warehouse as her eggs are frozen and her voice is used by AI bots? Let alone Maz, far removed in time, diving for remnants of a past that must be destroyed? Is it by the river that runs through their stories, eternal yet constantly changing – or by the mysterious Hummingbird Project, and the great question of whether the march of progress can ever be reversed? Propulsive, tender and engrossing,

this genre-bending novel is a feast for the heart as well as the mind and senses. For fans of David Mitchell's *Cloud Atlas*, Michelle de Kretser's *The Life to Come* and Jennifer Egan's *The Candy House*, it confirms Mildenhall as one of the most ambitious and dynamic writers in the country. 'Kate Mildenhall is such an exciting writer to read ... This generous, playful novel speaks to themes of climate change, survival and holding space for each other, as well as the enduring power of female friendship.' The Guardian 'Spellbinding, genre-defying, and powerful in its vision of the future ... The Hummingbird Effect is a devastating novel that exposes the ways the future is seeded in the past.' Australian Book Review

Jack Reacher's Rules ,2012-11-06 Jack Reacher's Rules is the ultimate fan's guide to the World of Reacher! Featuring selections from all seventeen electrifying Jack Reacher novels and an introduction from Lee Child himself, this one-of-a-kind book compiles timeless advice from maverick former army cop Jack Reacher, the hero of Lee Child's blockbuster thrillers and now the star of a major motion picture. My name is Jack Reacher. No middle name, no address. I've got a rule: People mess with me at their own risk. You don't have to break the rules if you make the rules. Case in point: Jack Reacher, the two-fisted, quick-witted, "current poster-boy of American crime fiction" (Los Angeles Times). The brainchild of #1 New York Times bestselling author Lee Child, Reacher is a freelance troubleshooter with a mysterious past—and a serious passion for justice. Now the hard-won knowledge and hard-hitting strategies of fiction's toughest tough guy are within every thriller reader's reach—in a rapid-fire rundown of the trade secrets, tried-and-true tricks, and time-honored tactics that separate the man in the street from the man to beat. Rule 1. When in doubt, drink coffee. Rule 2. Never volunteer for anything. Rule 3. Don't break the furniture. Rule 4. Only one woman at a time. Rule 5. Show them what they're messing with. Please note: Jack Reacher's Rules is a compilation of advice, wisdom, and facts from the Jack Reacher series of novels by #1 New York Times bestselling author Lee Child. It features an introduction by Lee Child, but is not a Jack Reacher novel.

The Accident Man Tom Cain,2010-12-15 Meet the Accident Man, Samuel Carver Carver is a good guy who makes bad things happen to bad people. Drug-baron's helicopter develops mechanical failure mid-flight: Samuel Carver. Terrorist blown-up in his own bomb factory: Samuel Carver. Ex-SAS, now freelance mercenary he is the frontline weapon of the 'Consortium', a black-ops British government

outfit, or is it? Carver is called to do a hit at very short notice. Do this job for us and be paid very well. Refuse and you better run and hide. He believes the target to be a high-ranking Pakistani terrorist. The job is to organise a car crash in a Paris underpass. But Carver is being set up. When he discovers the real identity of his target, and more importantly the identity of the target's female companion, he knows one thing - his life is over. This is a secret too big to let him live, unless he can track down the real villains before they get to him. Combining the plotting of Robert Ludlum, with the pace and tension of Frederick Forsyth, Tom Cain is a major new thriller writer and *The Accident Man* is a classic in the making and launches Samuel Carver straight into the top rank of action heroes.

Singing to the Dead Caro Ramsay, 'Brilliant in twisting the tension tauter with each page' —Guardian Two seven-year-old boys have been abducted from the streets of Glasgow. Both had already endured years of neglect and betrayal—but for Detective Inspector Colin Anderson the case is especially disturbing, because the boys look so much like his own son Peter... Then, with police resources stretched to breaking point, a simple house fire turns into a full-scale murder hunt. An invisible killer is picking off victims at random and, if DS Costello's hunch is correct, committing an ingenious deception. As his squad struggles to work both cases, DI Anderson learns that deception and betrayal come in many guises. For while the boys' abductor is still out there no child is safe—as young Peter Anderson is about to find out... Praise for CARO RAMSAY 'Many shivers in store for readers, followed by a shattering climax' —The Times 'Ramsay handles her characters with aplomb, the dialogue crackles and the search for the killer has surprising twists and turns' —Observer

Illegally Dead David Wishart, 2011-12-08 When Corvinus receives a letter, with a tantalising PS, from his adopted daughter, Marilla, mentioning there might have been a murder, he hot-foots it to Castrimoenium at once. Not that everyone agrees that Lucius Hostilius was murdered. Poison was apparently the means of death, but Lucius was terminally ill: it was only a matter of time. Although he

hasn't any official investigative status, Corvinus can't resist doing a little amateur sleuthing. And he has barely begun when two other corpses turn up and he is formally on the case. Lucius had been suffering something of a personality change because of his illness, so there is no shortage of suspects among friends and family whom he had antagonised. But Corvinus goes up many a blind alley before arriving at the heart of the mystery. As we follow Marcus Corvinus, clue by clue, on his twelfth case, we allow ourselves to be pleasurably diverted by rumours of Meton's love life - and by an authentic recipe for fish pickle sauce . . .

Dark Water Caro Ramsay,2020-04-02 In the attic of a deserted tenement, the body of a criminal is found hanging with his face horribly disfigured. Investigating officers DI Anderson and DS Costello believe he was a suspect in the decade-old rape and attempted murder of a young student. There are other similar cases on file. But the dead man didn't act alone, he had an accomplice in his crimes, 'Mr Click', who is still on the loose. When another young woman is brutally attacked, Anderson and Costello realise 'Mr Click' is at work again. And with the killings accelerating in pace, Anderson and Costello are determined to stop him at whatever cost.

A Beautiful Place to Die Malla Nunn,2009-01-06 Screenwriter Nunn draws on her true-life experience growing up in Africa to create this darkly romantic crime novel set in 1950s apartheid South Africa. Detective Emmanuel Cooper is caught up in a time and place where racial tensions and the raw hunger for power make for dangerous times.

Food for the Fishes David Wishart,2016-12-13 'Him and his fancy fish-farm, raking it in hand over fist. He's a bastard. A greedy bastard. Some people, they'd be better off dead, know what I mean?'Baiae, jewel of the Campanian coast and favourite playground of Rome's great and not-so-good. Gaius Trebbio, the town drunk, has every reason to hate his erstwhile landlord Licinius Murena, and when the man (or what's left of him) is found dead in one of his own conger-eel tanks Trebbio is the prime suspect. Not the only one, though: there's also Murena's widow, half his age with a penchant for young doctors, plus his daughter and put-upon farm manager. And that's only the start...The tenth book in the Marcus Corvinus series.

Absolution Carom Ramsay, 2017-11-15 Highly literate and entirely engrossing. One of the year's best literary thrillers. —The Washington Post It's twenty years since police detective Alan McAlpine has set foot in Patrickhill Station—and more than twenty years since he fell forever in love with the mute, faceless woman he called Anna as she lay dying in Glasgow's Western Infirmary. Daily he'd watched over her, and they had begun to communicate with each other, she by moving her wounded fingers. Her fingers could not tell the sad, unseasoned police cadet her name, however, or name for him the father of her newborn baby girl or identify the assailants who had flung the acid in her once incomparably beautiful face. Or tell him how she'd smuggled a cache of uncut diamonds into Scotland. Now McAlpine is back in Patrickhill, where he's been summoned to head up the investigation of a disturbing murder case. Two women—their arms outstretched, their legs together and feet crossed at the ankle—have already died at the hands of a man the press has tagged the Crucifixion Killer. With crimes in the present continually detouring both McAlpine and the elusive killer he pursues into an unredeemed past, the mystery in this steely, piercing psychological thriller is as gripping as its twists are surprising. And *Absolution* proves to be extreme. Praise for CARO RAMSAY While fellow-Scot Ian Rankin's narrative is unruly, Ramsay's is stately. It works because the story she tells is highly literate and entirely engrossing. McAlpine's passion leads the novel to a conclusion as powerful as it is unexpected. *Absolution* is among the year's best literary thrillers.”—Patrick Anderson, The Washington Post Let me recommend a first novel by Caro Ramsay, a Scottish author who is able to write scenes of heartbreaking tenderness nestled amid evocations of such grotesque violence that it is difficult to imagine that they can coexist as such sublime interlocking pieces of the whole. A noir police novel, like those by fellow Scottish author Ian Rankin, but with deeper psychological exploration, *Absolution* marks the beginning of what certainly will be a major career.—Otto Penzler, New York Sun
