Don't Feed the Trolls Erica Kudisch, 2017-04-03 Gaming while female is enough to incur the wrath of the dude-bros, and they've come for me. Instead of fighting back, I've created an alternate account. Male name, male pronouns. And I've met this girl. I've always liked girls, and Laura's adorable and smart and never gives up, and she likes me back. Or rather, she likes the man I'm pretending to be. But I can't tell her I'm a woman without the mob coming after her too. And besides: I might not be a woman, not really. The truth is, I don't know what I am anymore. I've spent my whole life being told how I'm supposed to act and what I'm supposed to be, but none of it feels right. And my lie is starting to feel truer than anything I've ever been. There's a convention coming up, but the closer it gets, the more I have to choose: lie or fight. But if I don't stand my ground as a girl, am I letting the haters win? Then again, those aren't the only two ways to live. **See this title's page on RiptidePublishing.com for content warnings.**

The Tiger John Vaillant, 2010-08-24 It's December 1997 and a man-eating tiger is on the prowl outside a remote village in Russia's Far East. The tiger isn't just killing people, it's annihilating them, and a team of men and their dogs must hunt it on foot through the forest in the brutal cold. To their horrified astonishment it emerges that the attacks are not random: the tiger is engaged in a vendetta. Injured and starving, it must be found before it strikes again, and the story becomes a battle for survival between the two main characters: Yuri Trush, the lead tracker, and the tiger itself. As John Vaillant vividly recreates the extraordinary events of that winter, he also gives us an unforgettable portrait of a spectacularly beautiful region where plants and animals exist that are found nowhere else on earth, and where the once great Siberian Tiger - the largest of its species, which can weigh over 600 lbs at more than 10 feet long - ranges daily over vast territories of forest and mountain, its numbers diminished to a fraction of what they once were. We meet the native tribes who for centuries have worshipped and lived alongside tigers - even sharing their kills with them - in a natural balance. We witness the first arrival of settlers, soldiers and hunters in the tiger's territory in the 19th century and 20th century, many fleeing Stalinism. And we come to know the Russians of today - such as the poacher Vladimir Markov - who, crushed by poverty, have turned to poaching for the corrupt, high-paying Chinese markets. Throughout we encounter surprising theories of how humans and tigers may have evolved to coexist, how we may have developed as scavengers rather than hunters and how early Homo sapiens may have once fit seamlessly into the tiger's ecosystem. Above all, we come to understand the endangered Siberian tiger, a highly intelligent super-predator, and the grave threat it faces as logging and poaching reduce its habitat and numbers - and force it to turn at bay. Beautifully written and deeply informative, *The Tiger* is a gripping tale of man and nature in collision, that leads inexorably to a final showdown in a clearing deep in the Siberian forest.

Northern Tanzania Philip Briggs, Chris McIntyre, 2023-07-07 This new, thoroughly updated fifth edition of Bradt's Northern Tanzania Safari Guide remains the only full-length

guidebook focussed exclusively on the country's north and on Zanzibar. Reflecting tourism's shift away from backpackers and budget camping safaris to upper-end and mid-range safaris and beach holidays, it is tailored closely to the requirements of anyone going on a safari to northern Tanzania, followed by a few days on Zanzibar. Northern Tanzania is dominated by Africa's finest safari circuit, offering spectacular game-viewing year round. Centred on the legendary Serengeti National Park and its world-famous wildebeest migration, this circuit also incorporates the Ngorongoro Crater and surrounding Ngorongoro Conservation Area, Lake Manyara and Tarangire national parks. Geographically northern Tanzania is one of Africa's most varied regions, with a palm-fringed Indian Ocean coastline complemented by the scenic wonders of the Great Rift Valley, and several impressive volcanically formed mountains, most notably snow-capped Mount Kilimanjaro, the tallest peak in Africa and a popular goal for hikers. Lesser-known gems include the prehistoric rock art at Kondoa (a UNESCO World Heritage Site), the forested Arusha National Park and Amani Nature Reserve, and the spectacular Ol Doinyo Lengai – Africa's most active volcano. Serviced by a well-developed safari industry, northern Tanzania's superlative reserves are complemented by a stopover on the legendary Spice Island of Zanzibar. With its atmospheric old town, idyllic beaches and offshore reefs teeming with marine life, it is every bit as evocative as its name. Written by acknowledged Africa experts and prolific guidebook writers Philip Briggs and Chris McIntyre, this guide prioritises practical information about the area's peerless collection of national parks, game reserves and other safari destinations. Accommodation listings for the safari destinations are the most detailed and authoritative available, the authors weeding through the ever-growing number of lodges and camps to create a critically selective list of the best properties across all price points. Meanwhile, a colour wildlife field guide provides great detail about wildlife and where to see it. All in all, Northern Tanzania Safari Guide is the most authoritative source available for visitors – an essential travel companion for both first-time visitors and seasoned safari-goers.

The Intergalactic Ambassadors Lynda May, 2016-08-29 When Captain David Richardson asked Miss Travis to work with him for the Alliance of Nations Federation she could not have imagined the consequences of her agreeing to his request and the subsequent implications for not only herself but also for her four brothers.

Gendering Peace Sarah Smith, 2018-09-26 In 1999, after 24-years of violent military occupation by Indonesian forces, the small country of Timor-Leste became host to one of the largest UN peace operations. The operation rested on a liberal paradigm of statehood, including nascent ideas on gender in peacebuilding processes. This book provides a critical feminist examination of the form and function of a gendered peace in Timor-Leste. Drawing on policy documents and field research in Timor-Leste with national organisations, international agencies and UN staff, the book examines gender policy with a feminist lens, exploring and developing a more complex account of 'gender' and 'women' in peace operations. It argues that gendered ideologies and power delimit the possibilities of building a gender-just peace, and contributes deep insight into how gendered logics inform peacebuilding processes, and specifically how these play out through the implementation of policy that explicitly seeks to reorder gender relations at sites in which peace operations deploy. By utilising a single case study, the book provides space to examine both international and national discourses, and contextualises its analysis of Women, Peace and Security within local histories and contexts. This book will be of interest to scholars and students of gender studies, global governance, International Relations, and security studies.

Tanzania Safari Guide Philip Briggs, Chris McIntyre, 2013 Tanzania is one of Africa's greatest safari destinations, home to the legendary Serengeti National Park, Ngorongoro Crater and Mount Kilimanjaro as well as the 'spice island' of Zanzibar and lesser known gems such as the vast Selous Game Reserve and habituated chimpanzees of Gombe

Stream. This fully revised edition of the guide covers every accessible national park and reserve, as well as many top non-wildlife attractions and the best accommodation in every price bracket. It includes in-depth coverage of wildlife and natural history, background information on the Maasai and other tribes, archaeological points of interest such as rock art and mediaeval Swahili ruins and an introduction to the Swahili language.
