*A River of Roses* Rex Shelley,2011-04-15 Meet Philippa Rosario. She's 56 and feisty, a junior college teacher who dabbles in the Chinese zodiac, confident that she has all human nature taped. Enter once again, Vicky Viera, mellowed by a tragic past. Together, they weave the threads of a spell-binding odyssey spanning four generations of the Rosario family—from the raging Alfonso and clairvoyant Antonio, to Ignatius, a spirited hormone-driven teenager. In this novel, Rex Shelley introduces a host of memorable multi-hued characters: the cheroot-smoking, wine-swigging padre, the contractor unlucky in love yet ending up with all the aces, the clarinet player whose religion and passions are at odds with each other. The Eurasians of his other novels are also present—every one of them firmly bound by the fate that history and the Chinese zodiac have reserved for them

Biological Management of Diseases of Crops P. Narayanasamy,2013-06-28 Biological disease management tactics have emerged as potential alternative to chemical application for containing crop diseases. Biotic and abiotic biological control agents (BCAs) have been demonstrated to be effective against diseases caused by microbial plant pathogens. Combination of biotic and abiotic agents leads to synergism and consequent improvement in the effectiveness of disease control. It is essential to assay the biocontrol potential of all isolates/species of fungal, bacterial and viral biocontrol agents by different techniques in vitro and under greenhouse and field conditions and to precisely identify and differentiate the most effective isolates from less effective ones by employing biological, immunological and nucleic acid-based assays.

Cosmogony and Creation in Balinese Tradition C. Hooykaas,2013-12-01 Life is stranger than fiction. Considerably so. Judge from this: The Javanese develop a feeling towards their afterbirth, which is not thrown away at birth in the heathenish Western way, but which gets a decent burial and has the name: ari-ari, younger brother (- sister) . I know of a Javanese schoolgirl who wrote in an essay: How couldn't I have tender feelings towards the spot where my ari-ari lies buried? The Balinese are in the happy position of having no less than four elder brothers (sisters). The 'concomitants of physical birth', being the amniotic fluid, the blood, the vernix caseosa and the afterbirth together are the baby's kanda mpat, his four elder brothers, or her elder sisters in the case of a girl. Though the first three, due to their liquid state, mostly disappear and receive little care, the ari-ari is carefully buried under a round riverstone of about one foot in diameter, for a boy at the one side of the steps leading to the sleeping house, for a girl at the other side. The innumerable writings, partially or completely dealing with the kanda mpat, do not weary from inculcating their readers that the four are helpful as long as one gives them the (material) food and reverential thoughts they are entitled to, in which case they from their side behave as true elder brothers. U. however, one neglects and ignores them, they punish their younger brother.

Sharing Mimi Travis Mayfair, 2022-10-11 My busty wife Mimi is a flight attendant, and Morris Blackmore flies first class. Flying scares me. But then, I'm no Morris Blackmore -- and my wife knows it. My wife is working in first class on this flight, while I sit back in economy. Internet billionaire Morris Blackmore taunts me about the difference between us before I've even boarded. I'm not just scared. I'm terrified. And for some reason, kind of excited. I had no idea my wife shows so much cleavage when she's working. I had no idea Morris Blackmore has such an appetite for married Asian flight attendants. I understand that Mimi might have some indiscretions with a better-looking, richer, stronger man than me. But Morris Blackmore wants to give my wife a baby?! It's utterly humiliating. All I can do is watch. And clean up.
