Mary Ellen Harris

**Platonic** LaRon Cruz,2014-07-11 Can a man and a woman be platonic friends without someone wanting them dead? Cameron and Taylor share a rare bond that very few people can appreciate. They're best-friends. Their interactions lead onlookers to assume that there's something way deeper than friendship happening between the two of them. So much so that it's driving both Cameron's & Taylor's romantic interests crazy. Literally. When an associate is hit during a botched assassination attempt on Cameron's life, he has little time to figure out who's behind the madness before another attempt is made. Will he be able to get to them before they get to him or will Taylor's black dress be forever stained in mourning her beloved friend? A rapid release of emotions resembles an atomic bomb: explosive and deadly, destroying everything around it when those emotions are released. When the platonic meets the atomic it becomes... Platonic.

**Platonic** LaRon Cruz,2014-01-29 Can a man and a woman be platonic friends without someone wanting them dead? Cameron and Taylor share a rare bond that very few people can appreciate. They're best-friends. Their interactions lead onlookers to assume that there's something way deeper than friendship happening between the two of them. So much so that it's driving both Cameron's & Taylor's romantic interests crazy. Literally. When an associate is hit during a botched assassination attempt on Cameron's life, he has little time to figure out who's behind the madness before another attempt is made. Will he be able to get to them before they get to him or will Taylor's black dress be forever stained in mourning her beloved friend? A rapid release of emotions resembles an atomic bomb: explosive and deadly, destroying everything around it when those emotions are released. When the platonic meets the atomic it becomes... Platonic. Platonic + Atomic = Platonic

**Yoga, Karma, and Rebirth** Stephen Phillips,2009-06-26 For serious yoga practitioners curious to know the ancient origins of the art, Phillips lays out the philosophy of action, knowledge, and devotion, as well as the processes of meditation, reasoning, and self-analysis, that formed the basis of yoga in ancient and classical India.

**Of Problematology** Michel Meyer,1995-08-15 Michel Meyer offers a new beginning for philosophy rooted in a theory of questioning that he calls problematology. Meyer argues that a new beginning is necessary in order to resituate philosophy, science, and linguistic analysis, and he proposes a global view of rationality by returning to the nature of questioning itself. For Meyer, philosophy does not solve problems or give answers but instead shows how propositions are related to a whole field of questions that give them meaning. Reason is identified not with answers but with the question-answer process. Meyer pursues this new theory of reason and meaning in a critique of Western philosophy from Socrates, Plato, and Aristotle through Heidegger, Wittgenstein, and Foucault. He provides a detailed analysis of Descartes' notion of radical doubt and demonstrates its implications for the subsequent philosophical tradition that ignored the questioning process while pursuing an unshakable foundation for knowledge. Meyer argues that recent work in rhetoric points toward a theory of radical questioning and claims that the methods of rhetoric and argumentation must be turned back on philosophy itself in order to recover the original significance of metaphysics as the science of ultimate questions.

**Life** ,1927

**Objects of Desire** Beryl Schlossman,1999 Through an innovative use of style, her literary examples articulate an art of seduction and an aesthetic that transforms, suspends, or erases identity - individual, gender, social, and cultural.--BOOK JACKET.

*Polyoxometalates: From Platonic Solids to Anti-Retroviral Activity* Michael Thor Pope,Achim Müller,1994-01-31 MICHAEL T. POPE AND ACHIM MULLER Department of Chemistry, Georgetown University, Washington, DC 20057-2222, U.S.A.; Department of Chemistry, University of Bielefeld, D-4BOO Bielefeld 1, F.R.G. Polyoxometalates, from their discovery and early development in the final decades of the 19th century to their current significance in disciplines as diverse as chemistry, mathematics, and medicine, continue to display surprisingly novel structures, unexpected reactivities and applications, and to attract increasing attention worldwide. Most of the contributors to the present volume participated in the workshop held at the Center for Interdisciplinary Research at the University of Bielefeld, July 15-17, 1992. The choice of topics illustrates some of the variety of directions and fields in which polyoxometalates can play an important role. Although many of the leading polyoxometalate research groups are represented here, we regret that time constraints, financial limitations, and in some cases difficulties of communication did not allow us to include significant and important work from other groups outside Europe and North America. In the following we briefly review the current status of the field of polyoxometalates.

*Writing Instruction in Nineteenth-Century American Colleges* James A. Berlin,1984-04-30 Defining a rhetoric as a social invention arising out of a particular time, place, and set of circumstances, Berlin notes that "no rhetoric—not Plato's or Aristotle's or Quintilian's or Perelman's—is permanent." At any given time several rhetorics vie for supremacy, with each attracting adherents representing various views of reality expressed through a rhetoric. Traditionally rhetoric has been seen as based on four interacting elements: "reality, writer or speaker, audience, and language." As emphasis shifts from one element to another, or as the interaction between elements changes, or as the definitions of the elements change, rhetoric changes. This alters prevailing views on such important questions as what is appearance, what is reality. In this interpretive study Berlin classifies the three 19th-century rhetorics as classical, psychological-epistemological, and romantic, a uniquely American development growing out of the transcendental movement. In each case studying the rhetoric provides insight into society and the beliefs of the people.

**Mental Science** Alexander Bain,1884

**The Miscellaneous Works of Mr. P. F., Containing His Essays and Additional Poems** Philip Morin FRENEAU,1788

The Poems of Philip Freneau Philip Freneau,2024-02-28 In ages past, when smit with warmth sublime,Their bards foretold the dark events of time,And piercing forward through the mystic shade,Kings yet to come, and chiefs unborn survey'd,Amittai's son perceiv'd, among the rest,The mighty flame usurp his labouring breast:—For this, in dreams, the voice unerring cameOf Him, who lives through every age the same:Arise! and o'er the intervening waste,To Nineveh's imperial turrets haste;That mighty town to ruin I decree,Proclaim destruction, and proclaim from me:Too long it stands, to God and man a foe,Without one virtue left to shield the blow;[Pg 4]Guilt, black as night, their speedy ruin brings,And hottest vengeance from the King of Kings.The prophet heard—but dared to disobey,(Weak as he was) and fled a different way;In Joppa's port a trading ship he foundFar o'er the main to distant Tarshish bound:The price of passage to her chief he paid,And there conceal'd with wandering sailors stay'd,His purpose fixt, at once perverse and blind,To leave his country, and his God behind.But He who spread the ocean's vast expanse,And views all nature with a single glance,Forth from its prison bade the tempest fly

**Holstein-Friesian Herd-book** Holstein-Friesian Association of America,1973

**From Ancient Africa to Ancient Greece** Henry Olela,1981

**The Encyclopaedia Britannica** ,1970

**The Paradox of Philosophical Education** Harvey J. Lomax,2003-01-28 The Paradox of Philosophical Education: Nietzsche's New Nobility and the Eternal Recurrence in Beyond Good and Evil is the first coherent interpretation of Nietzsche's mature thought. Author Harvey Lomax pays particular attention to the problematic concept of nobility which concerned the philosopher during his later years. This sensitive reading of Nietzsche examines nobility as the philosopher himself must have seen it: as a true and powerful longing of the human soul, interwoven with poetry, philosophy, religion, and aristocratic politics. Both a close textual analysis and a thoughtful reconceptualization of Beyond Good and Evil, The Paradox of Philosophical Education penetrates beyond the philosopher's mask of caustic irony to the face of the real Nietzsche: a lover of wisdom whose work sought to resurrect it in all its Socratic splendor

**The Works of Horace with English Notes** A.J. Maclean,2020-05-11 Reprint of the original, first published in 1869.

*The truth of the Christian religion ... Corrected and illustrated with notes by Mr. Le Clerc. To which is added, a seventh book ... By ... Mr. Le Clerc. The eighth edition, with additions ... Done into English by John Clarke* Hugo Grotius,1779
