Love Too Can Spread Ari Satok,2021-06-03 In 2020, the coronavirus pandemic upended the world. Love Too Can Spread is Ari Satok's reflection in poetry on how it changed our lives. Capturing the strange and surreal times that the pandemic brought with it, this poetry collection tells the stories of how we filled our days when nothing was as it had been before. With poems about everything from grocery shopping to grief to Grandma's never-ending challenges with Zoom, this collection brings together the serious and the light-hearted, meditating on the things that truly matter when so much else falls away. Love Too Can Spread reminds us that even in profoundly isolating times, we are not alone and finds in the horror of the pandemic lessons we all can learn on how to deal with the most difficult of circumstances with grace, humor and an open heart.

The Architects of Hope Ari Satok,2016-09-26 In the fall of 2014, Ari Satok set off on a storytelling journey around the world. For close to one year, he traveled to international schools on four different continents, on a mission to capture the stories of the schools' students, who came from all corners of the globe to live and learn together. Drawn from a year of interviews, The Architects of Hope tells sixteen of these students' magnificent stories through poetry. From the story of Kainat, a young woman from Pakistan shot by the Taliban in their quest to suppress girls' education, to the story of Aiham, a young man from Syria forced to flee his homeland as civil war engulfed it, to the story of Sibia, a young woman from Guatemala all too aware of her country's glaring educational inequalities, this poetry collection speaks to the hardship and adversity faced by young people all around the world. But it reminds us, in poem after poem, of the remarkable hope for a better tomorrow shared by these same young people: a hope that speaks in all languages and cultures.

Power Lines Anne McCaffrey, Elizabeth Ann Scarborough, 2002-04-09 The spellbinding sequel to "Powers That Be," by Hugo and Nebula Award-winning authors Anne McCaffrey and Elizabeth Ann Scarborough. The natives of Petaybee claimed their planet was sentient, but the officials of Intergal did not believe them . . . or want to believe them. The planet was rich in valuable ore, and Intergal was determined to mine that ore no matter what the cost. Yanaba Maddock, once a company spy, was adopted by the planet and its people as one of their own. Now her loyalties are to Petaybee, not Intergal, and she is dedicated to keeping Intergal from killing the world she has come to love. But without proof of the planet's sentience, Intergal will

proceed with its mining operations. Can Yana find a way to convince Intergal of Petaybee's sentence before it is too late?

Solitary Courage Mona Winberg, 2010-10-26 *Solitary Courage* is the story of a mother's tough-love determination, her severely disabled daughter's astonishing triumphs, and a documentary record of the political battles, organizational conflicts, and human struggles that citizens with disabilities face and fight every day of their lives. Mona Winberg became a pioneer of independent living, and emerged a leading advocate for citizens with mental and physical disabilities. Her courageous causes erupted from her deep reservoir of compassion and concern. Her unflinching challenges to the status quo expressed both optimism and realism about life and society. Her life is testament to the power of *Solitary Courage*. Between 1986 and 1999 she was the only newspaper columnist in North America regularly writing about disability issues. Through her award-winning column *Disabled Today* in Toronto's *Sunday Sun*, Mona Winberg painstakingly built up a body of work of more than 600 articles chronicling front-line battles for equality. She was a realist, a wise person with a no-nonsense approach, kindly, but clear-eyed. *Solitary Courage* begins with the story of Mona Winberg's life, followed by a representative selection of 156 of her columns organized into 20 thematic chapters, the best of Mona in her own words. The last part of the book reflects upon Mona Winberg's legacy of lessons that still connect to programs and policies touching the lives of Canadians with disabilities today. The subjects are wide-ranging and engaging because Mona used personal examples of individuals with disabilities and news-making issues raised by their plight. She also reported on the street-level outcomes of government policies. This variety and approach to disability issues provides real education and genuine human interest, whatever a reader's background or experience.

Electoral Dynamics in Sarawak Meredith L Weiss, 2017-03-09 Malaysia's 13th general election, held 5 May 2013, saw an unprecedentedly close race between the incumbent Barisan Nasional (National Front, BN) and Pakatan Rakyat (People's Alliance, Pakatan) coalitions. For the first time in Malaysian history, a challenger coalition not only kept the BN from regaining the two-thirds parliamentary super-majority it had lost in the previous election, in 2008, but eked out a slim majority of the popular vote. While many Malaysian election is a big event, this one in particular merits close scrutiny. The present volume offers evidence and analysis with which to probe both the merits of common interpretations of who voted how, and why, and to suggest new readings on Malaysian politics.

Multicriteria Portfolio Management Panos Xidonas,George Mavrotas,Theodore Krintas,John Psarras,Constantin Zopounidis,2012-05-09 The primary purpose in this book is to present an integrated and innovative methodological approach for the construction and selection of equity portfolios. The approach takes into account the inherent multidimensional nature of the problem, while allowing the decision makers to incorporate specified preferences in the decision processes. A fundamental principle of modern portfolio theory is that comparisons between portfolios are generally made using two criteria; the expected return and portfolio variance. According to most of the portfolio models derived from the stochastic dominance approach, the group of portfolios open to comparisons is divided into two parts: the efficient portfolios, and the dominated. This work integrates the two approaches providing a unified model for decision making in portfolio management with multiple criteria.

The Beautiful Chaos of Growing Up Ari Satok,2018-09 With humor and insight, *The Beautiful Chaos of Growing Up* takes you into the turbulent world of young adulthood. Capturing the newfound freedoms of college life and the dizzying adventure of the years that immediately follow it, this poetry collection reflects on the ups, downs, and in-betweens of the journey towards independence. In poems that explore the thrills and anxieties of college friendships and graduation, internships and job interviews, first dates and first apartments, lies a warmhearted, powerful examination of what it means to grow up.

Golden Dreams of Borneo Alex Ling, 2013-03-13 Dreams of Gold Dreams of Power These drove men and women to seek their fortune in Sarawak. They came from Britain to carve a future on virgin soil from China - to escape grinding poverty. They fought and traded, lived and died in the struggle to fulfil their dreams. Some lost their lives to bloodthirsty headhunters, or in the disease-ridden swamps and trackless jungles of the interior; some survived to make their fortune. Chinese, British, Malays rubbed shoulders with fearsome Sea Dayaks, and nomads in the hunter-gatherer stage of evolution. The Steam Age met the Stone Age in this exotic, untouched land. Cultures clashed in a multiracial society. Charles Brooke, enigmatic White Rajah of Sarawak, was a man of vision, a man with a mission to tame the natives first, then to protect them from exploitation. His dream was to take them gently towards modern civilisation, to bring them the rewards of self-development. He was paternalistic but loving, a truly benevolent despot. Dreams of Adventure Dreams of Romance Stephen Young, a young graduate, arrives in Sarawak in 1898. Seduced by its virgin beauty steaming jungle, majestic mountains and noble savages he stays. Erotic intrigue, passion, violence and warfare surround him. His goal is to survive these with his head and his heart intact.

Bradt Travel Guide - Borneo Tamara Thiessen, 2008 Borneo's biodiversity is among the richest in the world. The first guide to focus on Malaysian Borneo and Brunei, this book gives full details on where and how to see the island's colourful flora and fauna. Tropical rainforest and rivers cover over 70% of Malaysian Borneo, and this lush habitat is home to hundreds of unique species, from the jelly green snake and bearded pig to the proboscis monkey. Trek through one of the region's national parks or catch a glimpse of an orang-utan. Traditional rural lifestyles, tribal influences and ethnic variety also offer the visitor a rewarding cultural experience; take part in island festivities, spend the night in a longhouse or shop in the bustling markets. Borneo can provide for adventure travellers, divers and even sunbathers. Over 27,000 UK visitors travelled to Borneo in 2007, up 10% on the previous year.
