**The Language of God** Francis Collins, 2008-09-04 Dr Francis S. Collins, head of the Human Genome Project, is one of the world's leading scientists, working at the cutting edge of the study of DNA, the code of life. Yet he is also a man of unshakable faith in God. How does he reconcile the seemingly unreconcilable? In **THE LANGUAGE OF GOD** he explains his own journey from atheism to faith, and then takes the reader on a stunning tour of modern science to show that physics, chemistry and biology -- indeed, reason itself -- are not incompatible with belief. His book is essential reading for anyone who wonders about the deepest questions of all: why are we here? How did we get here? And what does life mean?

**Three Moments of the Day** Christopher S. Collins, 2014-09-22 Retreat master Christopher Collins introduces a powerful approach to both the Sacred Heart devotion and classic Ignatian spirituality. In the tradition of Michael Gaitley's bestselling *33 Days to Morning Glory*, *Three Moments of the Day* presents a classic Catholic tradition in a way that is fresh and compelling. Jesuit retreat master Christopher Collins introduces three simple, yet powerful prayer habits that are at the foundation of both the Sacred Heart devotion and Ignatian spirituality and that assist the reader in turning intentionally toward the Sacred Heart of Christ. In *Three Moments of the Day*, Collins guides readers through the morning offering, evening reflection, and how to ponder the gift of the Eucharist throughout the day.

**Summary of Francis S. Collins' The Language of God** Everest Media, 2022-07-02T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 I was raised on a farm in the Shenandoah Valley of Virginia. My parents had met in graduate school at Yale in 1931, and had taken their community organizing skills and love of music to the experimental community of Arthurdale, West Virginia, where they worked with Eleanor Roosevelt in attempting to reinvigorate a downtrodden mining community. #2 I was home-schooled by my mother, a remarkably talented teacher. I was not aware of the concept of God, but I did have interactions with Him when I was young. I was nine when we moved in town to be with my ailing grandmother, and I entered the public schools at fourteen. #3 I was an agnostic, meaning I didn't know whether or not God existed. I was comfortable challenging the spiritual beliefs of anyone who mentioned them in my presence, and I discounted such perspectives as sentimentality and outmoded superstition. #4 I was about to complete my Ph. D. program, but I was also becoming more social. I wanted to contribute something to humanity, so I applied for admission to medical school. With a carefully practiced speech, I tried to convince admissions committees that this was a

natural pathway for the training of future doctors.

**Belief Francis S. Collins**,2010-03-02 “A brilliant, wide ranging and powerful series of readings on the possibilities, problems and mysteries of faith. This book belongs on the shelf of every believer—and every serious skeptic.” – Rabbi David Wolpe, author of *Why Faith Matters* “This life-giving, faith-filled and hard-nosed collection reveals why, as St. Anselm wrote, true faith always seeks to understand.” – Rev. James Martin, author of *My Life with the Saints* From Dr. Francis Collins, New York Times bestselling author of *The Language of God*, comes the definitive reader on the rationality of faith.

**Common Sense Training** Lt. Gen. Arthur S. Collins, Jr.,2011-04-06 Leadership is so much a part of the conduct of training that at times it is difficult to tell where one stops and the other starts. . . . “The best book on military training from platoon to division level that has been published in any army.”—Army magazine “His message is that whatever works and gets results by the most direct and efficient means is good. All else should be eliminated.”—Air University Review “A utilitarian book that talks intelligently of leadership, management and common sense.”—ARMOR magazine “A hardhitting and unvarnished . . . authoritative work that should be read and reread by everyone who aspires to be a truly professional soldier.”—General Bruce Palmer, U.S. Army (Ret.) “A gem, with few peers, invaluable . . . [Arthur Collins'] advice is always performance oriented. Don't talk so much about it, he says, Don't make so many fancy charts about training. Instead, do it. Teach it. Perform it.”—Parameters

*Community Writing* Paul S. Collins,2001-02 First-year college composition textbook features a series of recursive assignments that allow students to research & write about issues confronting their individual communities. Covers the basics of the course (the writing process).
