The Emperor of Ocean Park Stephen L. Carter, 2002 After the funeral of his powerful father, Talcott Garland, an African American law professor at an Ivy League university, is left to unravel the meaning of a cryptic note and carry out the arrangements his father left behind.

Off to the Park! , 2014-02-27 A trip to the park features many different sensations, including the feel of a smooth rubber ball, cold metal chain links on the swing set, and a grooved rubber on the tire swing.

The Amusement Park Stephen M. Silverman, 2019-05-07 Experience the electrifying, never-before-told true story of amusement parks, from the middle ages to present day, and meet the colorful (and sometimes criminal) characters who are responsible for their enchanting charms. Step right up! The Amusement Park is a rich, anecdotal history that begins nine centuries ago with the pleasure gardens of Europe and England and ends with the most elaborate modern parks in the world. It's a history told largely through the stories of the colorful, sometimes hedonistic characters who built them, including: Showmen like Joseph and Nicholas Schenck and Marcus Loew

div And, of course, this is a full-throttle celebration of the rides, those marvels of engineering and heart-stopping thrills from an author, Stephen Silverman, whose life-long passion for his subject shines through. The parks and fairs featured include the 1893 Chicago World's Fair, Coney Island, Steeplechase Park, Dreamland, Euclid Beach Park, Cedar Point, Palisades Park, Ferrari World, Dollywood, Sea World, Six Flags Great Adventure, Universal Studios, Disney World and Disneyland, and many more.

The Pan American Imagination Stephen M. Park, 2014-12-15 In the history of the early twentieth-century Americas, visions of hemispheric unity flourished, and the notion of a transnational American identity was embraced by artists, intellectuals, and government institutions. In *The Pan American Imagination*, Stephen Park explores the work of several Pan American modernists who challenged the body of knowledge being produced about Latin America, crossing the disciplinary boundaries of academia as well as the formal boundaries of artistic expression—from literary texts and travel writing to photography, painting, and dance. Park invests in an interdisciplinary approach, which he frames as a politically resistant intellectual practice, using it not only to examine the historical phenomenon of Pan Americanism but also to explore the implications for current transnational scholarship.

The Grass Is Greener Stephen M. Park, 2017-09 Park, in his guise as Wilson High, is back with tales of euphoric recall not included in *High & Dry*, his well-received first memoir. Still (barely) sober and retired from 30 years as a pot grower, High is now holed up in Port Townsend, Washington, a little jewel of a seaport atop the Olympic Peninsula. In between the strange occurrences that follow him as doggedly as his old mutt, he's looking back at a life most people would consider totally wasted and thinking, Damn! Maybe I knew what I was doing after all! See what you think as the bad jobs, weird women, exotic drugs, narrow escapes and dubious choices pile up in a boomer chronicle that's as unique as it is preposterous.

Challenger Park Stephen Harrigan, 2006-04-04 From the author of the acclaimed and best-selling *The Gates of the Alamo*, a novel of extraordinary power about what it's like, and what it means, to journey into space as one of today's astronauts. At the novel's center: Lucy Kincheloe, an astronaut married to an astronaut, the loving mother of two young children, with a fierce ambition to excel in the

space program. Her husband, Brian, a rigorous man whose dreams of glory have been blighted by two star-crossed missions. Walt Womack, the steady, unflappable leader of the training team that prepares Lucy for her first shuttle flight. Lucy has devoted years of intense and focused effort to win her place on a mission, but as her lifelong dream of flying in space comes true, her familiar world appears to be falling apart around her. Her marriage is deteriorating. Her son's asthma is growing more serious. Her relationship with Walt Womack is becoming dangerously intimate. And when at last she is in space, 240 miles above the earth, and an accident renders the world she left behind appallingly distant—perhaps unreachable—her spirit is tested in gripping and unexpected ways. In *The Gates of the Alamo*, Stephen Harrigan's narrative authority brought a vanished nineteenth-century Texas to vibrant life. In *Challenger Park*, he does the same with the world of space flight, bringing us up close to the lives—the risks, the friendships, the rituals, the training—of the astronauts and the people who work with them. Harrigan has written an exciting—indeed a thrilling—novel about the contrary pulls of home and adventure, reality and dreams, and the unimaginable experience, the joys and terrors and revelations, of space flight itself.

Putting It Together James Lapine, 2021-08-03 A NEW YORK TIMES BESTSELLER A behind-the-scenes look at the making of the iconic musical *Sunday in the Park with George*. In 1982, James Lapine, at the beginning of his career as a playwright and director, met Stephen Sondheim, nineteen years his senior and already a legendary Broadway composer and lyricist. Shortly thereafter, the two decided to write a musical inspired by Georges Seurat's nineteenth-century painting *A Sunday Afternoon on the Island of La Grande Jatte*. Through conversations between Lapine and Sondheim, as well as most of the production team, and with a treasure trove of personal photographs, sketches, script notes, and sheet music, the two Broadway icons lift the curtain on their beloved musical. *Putting It Together* is a deeply personal remembrance of their collaboration and friendship and the highs and lows of that journey, one that resulted in the beloved Pulitzer Prize-winning classic.

High and Dry Stephen M. Park, 2012-11 Stephen M. Park's *High & Dry* is a memoir of misadventure akin to a Hunter S. Thompson fever dream. Under the pseudonym Wilson High, Park narrates and illustrates exploits that belie the beleaguered fugue from which they came. If you ever imagined yourself exploring the ragged edge, this is it. High's life unfolds like an experiment gone awry. Among the myriad variables are fifty full-time jobs (including a stint as *The World's Fastest Typist*), basketball, life-threatening illnesses, addictions, the d.t.'s, gunfire, crazy companions, mental wards, jails, halfway houses, wino hotels, apprehension by the FBI, a Tijuana divorce, Scientology, The Evergreen State College and years of marijuana cultivation. The only constant in High's life is his absurdist approach to it (like attempting, for instance, to drink himself out of alcoholism). He drifts from one fantastic adventure to the next, not searching for meaning but simply living in *The Moment*. *The Moment* can be comical or tragic, gentle or crass, beautiful or horrific. *The Moment* is a product of our humanity in all its perverse, ironic glory. The important thing, High reminds us, is not to shrink from the strange ... but to embrace it.

Hyde Park Gate News Virginia Woolf, Vanessa Bell, Thoby Stephen, 2005 As children, Virginia Woolf, elder sister Vanessa Bell, and brother Thoby, collaborated on their very own newspaper, recording the day-to-day events of the family home, 22 Hyde Park Gate. They called the paper '*Hyde Park Gate News*', and the original manuscripts are published here for the first time. Ingeniously mimicking the style of the leading newspapers of their day, the Stephen children present a charming and candid portrayal of life in London and at their holiday home in St Ives. Gossipy, playful and at times irreverent, they record the comings and goings of a host of figures - George

Meredith and Henry James among them - whilst also proffering their own fictional and poetic creations. Not only a delightful account of childhood, Hyde Park Gate News also gives a unique insight into the early years of some of the most fascinating figures of the twentieth century whilst revealing the events that inspired and shaped Woolf's apprenticeship in writing.

Sunday in the Park with George, 1991 (Applause Libretto Library). This 1995 Pulitzer Prize-winning musical was inspired by the painting *A Sunday Afternoon on the Island of La Grande Jatte* by Georges Seurat. A complex work revolving around a fictionalized Seurat immersed in single-minded concentration while painting the masterpiece, the production has evolved into a meditation on art, emotional connection, and community. This publication contains the entire script of the musical. Sunday is itself a modernist creation, perhaps the first truly modernist work of musical theatre that Broadway has produced ... a watershed event that demands nothing less than a retrospective, even revisionist, look at the development of the serious Broadway musical. Frank Rich, *The New York Times Magazine*

Classical Sociological Theory George Ritzer, Jeffrey Stepnisky, 2016-12-27 Now with SAGE Publishing, and co-authored by one of the foremost authorities on sociological theory, George Ritzer and Jeffrey Stepnisky's *Classical Sociological Theory*, Seventh Edition, provides a comprehensive overview of the major theorists and schools of sociological thought from the Enlightenment roots of theory through the early 20th century. The integration of key theories with biographical sketches of theorists and the requisite historical and intellectual context helps students to better understand the original works of classical authors as well as to compare and contrast classical theories. New to this Edition · In Ch. 1, Colonialism is now discussed as a major social force in development of modern society. · In Ch. 2, there is an expanded discussion of the historical significance of Early Women Founders and the contributions of W.E.B. Du Bois. · The chapter on Du Bois (Ch. 9) includes new material about his intellectual influences. · New contemporary commentary about Durkheim has been added to Ch. 7. · Ch. 9 includes new material from recently translated later writings of George Simmel, providing new context for his overall theory. · Addition of Historical Context boxes throughout text. · Sections on contemporary applications of classical theory have been added to each chapter.

Professor Molly's Big Book of Murder Part One Frankie Bow, The first five Professor Molly mysteries, plus a bonus! This box set presents the first five Professor Molly mysteries in the order in which they are meant to be read and enjoyed: 1) The Musubi Murder: After a brutal year on the academic job market, Professor Molly Barda finally lands a teaching job. In Hawaii! But chronically-underfunded Mahina State University isn't exactly paradise. After yet another round of budget cuts, Mahina State finally gets some sweet news: Jimmy Tanaka, founder of the Merrie Musubis lunch shop empire, announces a massive donation to the College of Commerce. But Tanaka goes missing before he can write the check, and Professor Molly is ordered to track down the missing mogul. As she uncovers festering feuds and fresh scandals, Molly realizes that there's something rotten in Mahina--and she may have bitten off more than she can chew. The Case of the Defunct Adjunct: Follow your dreams, and you'll never work a day in your life. Because that field's not hiring. Professor Molly Barda and her best friend Dr. Emma Nakamura brace themselves for yet another tedious faculty retreat at Mahina State University (Where Your Future Begins Tomorrow). But when the lecherous Kent Lovely, Mahina State's one-man hostile work environment, collapses face-first into his haupia cheesecake, the afternoon goes from dull to disastrous. Now Molly must fight to keep an innocent out of prison—and herself off the unemployment line. The Cursed Canoe: Seven women on the crew. Six seats in the canoe. Paddlers would kill to compete in the big race. What could go wrong? Professor Molly is pulled into investigating a mysterious paddling accident in Mahina Bay, and realizes it isn't just business majors who cheat to get what they want. Whether it's moving up in the college rankings, getting a seat in the Labor Day canoe race, or winning in the game of love, someone will do whatever it takes to sink the competition. The Black Thumb: It should have been a lovely summer afternoon. When a violent death disrupts the Monthly meeting of the Pua Kala Garden society, Professor Molly Barda has no intention of playing amateur detective. But Molly's not just a witness—the victim is Molly's house guest and grad-school frenemy. And Molly quickly finds to her dismay that her interest in the murder of the stylish and self-centered Melanie Polewski is more than just...academic. The Invasive Species: It's not nice to fool Mother Nature. On the way to interviewing a local farmer, Professor Molly stumbles onto a dismembered body in a field of genetically modified papayas. Molly is sure the murder has nothing to do with her new research project...until a second gruesome death rocks Mahina's tight farming community, and Molly's administration drops her research like a hot potato. If Molly can't root out the bad apples, not only will her tenure case go pear-shaped...she might end up pushing up daisies. BONUS CONTENT: Alice Mongoose and Alistair Rat in Hawaii In *The Invasive Species*, we are introduced to Alice Mongoose and Alistair Rat, protagonists of the classic children's picture book series. When Alice Mongoose sails from India to a sugar plantation on the Big Island of Hawaii, she is shocked to learn what her new job entails. She decides instead to strike out on her own. When she meets the gentle and dapper Alistair Rat, she knows that she has found a friend in her new Hawaiian home. The Alice Mongoose and Alistair Rat stories are classic tales of adventure, resilience, and friendship, beloved to this day by children of all ages.

The Emperor of Ocean Park Stephen L. Carter, 2003-05-27 In his triumphant fictional debut, Stephen Carter combines a large-scale, riveting novel of suspense with the saga of a unique family. *The Emperor of Ocean Park* is set in two privileged worlds: the upper crust African American society of the Eastern seaboard—families who summer at Martha's Vineyard—and the inner circle of an Ivy League law school. Talcott Garland is a successful law professor, devoted father, and husband of a beautiful and ambitious woman, whose future desires may threaten the family he holds so dear. When Talcott's father, Judge Oliver Garland, a disgraced former

Supreme Court nominee, is found dead under suspicious circumstances, Talcott wonders if he may have been murdered. Guided by the elements of a mysterious puzzle that his father left, Talcott must risk his marriage, his career and even his life in his quest for justice. Superbly written and filled with memorable characters, *The Emperor of Ocean Park* is both a stunning literary achievement and a grand literary entertainment.

Professor Molly's Big Book of Murder Part Two Frankie Bow, 2023-05-27 Featuring the second six Professor Molly mysteries and an exclusive bonus short story with reporter Pat Flanagan and Harriet Holmes! The Blessed Event: Davison Gonsalves was a nightmare student—an obnoxious, entitled, cheating suckup. In a twist of fate that might seem hilarious if it happened to someone else, he was now my stepson. Mother's Day: Mahina State University's powerful fundraising office tasks Professor Molly with a special assignment: To serve as the personal tutierge (that's tutor-concierge) to Jeremy Brigham, whose mother happens to be fabulously wealthy and gravely ill. Molly is not thrilled at having to babysit a spoiled rich kid. Especially not while she's battling morning sickness, a meddling mom, and (as always) the Student Retention Office. But once inside the historic Brigham House, Molly realizes something is very wrong. And she has to decide whether to mind her own business and keep her job, or risk everything to prevent a murder. The Nakamura Letters: Professor Emma Nakamura doesn't believe in ghosts. So it doesn't bother her (much) when she learns of a long-ago suicide in her remote upcountry rental house. She's sure there's a logical explanation for the disappearing items and the strange sounds in the night. Fortunately (?), Emma's best friend Molly has news shocking enough to take Emma's mind off the hauntings. Now Emma and Molly have to rely on their strong reasoning skills and a weak internet connection to figure out how a body ended up in Molly's backyard. The Nakamura Letters is an island-style take on the Golden Age mysteries of Mary Roberts Rinehart and Agatha Christie. The Perfect Body:

When Professor Molly attends Mahina State University's exclusive donor dinner, she doesn't expect to share a table with the insufferable Stephen Park. Turns out it's one thing to invite your toxic ex-boyfriend to drop dead...it's quite another when he takes you up on it. The Fever Cabinet: Through no fault of her own, Professor Molly just got promoted to department chair. The Student Retention Office has her buried in paperwork. The college has just relocated to a former asylum, which is undergoing noisy renovations. Molly's dean has directed her to mentor the department's new star, the prickly Fiona Spencer, and to do whatever it takes to keep Fiona happy. At least nothing else can go wrong. And then Fiona finds a body in her office. The Influencer: There's no such thing as bad publicity. Until it happens to you. Professor Molly's new renter is a social media star seeking privacy in remote Mahina, Hawaii. The arrangement seems to be working out--until the celebrity influencer vanishes. Molly and her best friend Emma Nakamura call in the Mahina PD and try to stay out of the way. But the unthinkable happens—the saturnine Detective Medeiros actually asks for Molly and Emma's help. As they confront nosy neighbors, fanatical followers, and the missing woman's has-been husband, Molly and Emma find themselves at the center of the story. And when fame creates its own reality, that's a dangerous place to be. EXCLUSVE BONUS CONTENT: Death at the Effigy It's 1984. Young Pat Flanagan gets his first reporting job at San Diego's second-coolest 'zine, Voltaire's Quill. But when Pat covers the opening night of a trendy new club, he witnesses a freak accident and has to choose: keep his eccentric editor Harriet and her advertisers happy, or find out the truth?
