The Basics of Life Insurance Kirk G. Meyer,2017-05-25 There are two main types of life insurance with several variations of each type. Life insurance can be classified as a term or permanent policy. At least that is the simplified explanation of the two types of life insurance commonly offered. The most common life insurance policies can be placed into the following categories: term, whole life, universal life, variable life, and variable universal life. Each one of these insurance policies has a place in one's life and at different times in someone's life, they may have need of one or a combination of these types of insurance products. Depending on your circumstances, you may or may not even have a need for life insurance. Everyone's situation is different and therefore the need for life insurance will vary dramatically from individual to individual and from family to family. In order for life insurance to be effective and useful there are many things that need to be considered when buying a policy. In *The Basics of Life Insurance* we will examine the difference between term and permanent life insurance, the differences between the various types of permanent insurance, and what products are right for those seeking life insurance. This booklet is a good starting point for those who have general questions about life insurance. Buy your copy today.

Life Insurance for the American Family Ed Kelly,2008-03 Ed Kelly is on a mission to help American families. They are grossly underinsured with their current life insurance coverage, and something must be done about it, soon. In this book, Ed exposes the 10 myths that most consumers and their current advisors hold about life insurance. Once these myths are dispelled, then the mothers and fathers, husbands and wives, insurance agents and financial planners can all move on to address the truth about Time Diversification and Tax Diversification. This book is a call for Americans to take responsibility for themselves and the real risks we all face. While most people can think of only one reason to own life insurance (to provide money for a survivor), Ed shows there are actually 1000 reasons to own life insurance, from cradle to grave. Many of these are driven by the tax advantages inherent in a life insurance policy. His mission is to drive you to a better conversation and a better meeting with your financial professional. This book will help you see life insurance from a new philosophical and practical perspective.
