What If Chairman Mao Woke Up Today? Lei Shi, 2016-03 Just for a moment, consider: What If Chairman Mao Woke Up Today? Proud of being Chinese, author Lei Shi finds it interesting to revisit China now that she lives overseas, and wonders if Mao would feel the same. What would he think of modern China? Her cleverly humorous novel follows an American businessman and his wife visiting China for a month. Chairman Mao “wakes up” and wishes to go undercover with the couple to

discover how China has changed in the nearly forty years since his passing in 1976. Science preserved Chairman Mao, and he discovers a newly powerful and fruitful China that has superseded his dream for the country. The fear that a rich Chinese people would overturn his agenda proved not to be the case. After Chairman Mao meets dozens of women under the influence of Western and modern culture, he falls in love.

Life Journey Through Three Regimes, Two Countries and Two Systems Bo Shi,2022-04-20 Brief to a New Book “Life Journey through Three Regimes, Two Countries, and Two Systems” This book is an autobiography. It vividly describes author’s complex life journey. The author was born in a remote mountain village in China. He went to a university in Beijing and worked in Chinese Academy of Science in Beijing for many years after graduation. The author came to study in the United States of America in 1981, obtained Ph. D in physics. He later taught at American universities. He went from the son of a farmer in a mountain village to a professor in the United States of America. His childhood was in the era of Kuomintang rule, of Communist Mao Zedong rule, and then of Deng Xiaoping’s reform. The United States is his current country of citizenship and residence. He loves this country. But it somehow is still like a foreign country to him. The United States is also typical of the capitalist system. So the author experienced three regimes and two countries and two systems. In his earlier life, it is the richest part of Chinese history and also the richest part of world history. He has been through all these. The course of his life is very complex, rich, and colorful. A lot of living things happen at his feet. These stories have love and hate, there is history, and there is something personal. Among them, there is success, there is failure, there is experience, there is a lesson, and its path is rondo and fold. Sometimes it is smooth sailing, sometimes the waves roll, sometimes it is breezy and sunny, and

sometimes is stormy. In 1994, the author returned to his long-lost hometown. This was the second time he had come back after nearly twenty years. The last time was in 1975. The author saw his classmates and friends when he was a kid. Of course, the American professor returning to his hometown still caused a lot of sensation in the village. Some people who used to bully his family had also come to visit. After a few decades, the hometown had been unrecognizable. After the reform and opening up, the people's lives had improved considerably. However, local governments were lacking environmental awareness and the concept of uniform logging. The construction of houses was extremely disorganized, turning the beautiful mountain village into a mess. The author was very sad seeing this. He is always dreaming. If he has hundreds of millions of dollars, he must first go to transform his hometown. He is going to dedicate this book to his hometown. If only his book could be published, he is going to use all his contributions as a fund to raise money for rebuilding his hometown. This book is written in chronological order. It is divided into eleven chapters: Chapter 1, Childhood, from Birth to Graduation from Elementary School, 1941 to 1954; Chapter 2, Middle School and High School, 1954 to 1960; Chapter 3, At a Chinese University in Beijing, 1960 to 1965; Chapter 4, First Year in the Institute, 1965 to 1966; Chapter 5, The Terrible Cultural Revolution, 1966 to 1970; Chapter 6, The Exile Life in Yanjiang "57 Cadre School," 1970 to 1972; Chapter 7, Life in Beijing after Returning from the 57 Cadre School, 1972 to 1976; Chapter 8, Mao's Death, Deng Xiaoping's Return to Power, Reform and Opening Up, and the Third Regime, 1976 to 1981; Chapter 9, Arrived in The United States of America—Some Reflections, 1981 to 1986; Chapter 10, Some Memories in That Small Town, 1981 to 1986; and Chapter 11, Working at Different Institutions, 1986 to 2017. Scottsboro, Alabama Lin Shi Khan, Ralph Austin Perez, Tony Perez, 2002 A unique graphic history of

one of the most controversial legal decisions of all time—with 118 powerful linoleum prints In 1931, nine black youths were falsely accused of raping two white women on a freight train traveling through northern Alabama. They were arrested and tried in four days, convicted of rape, and eight of them were sentenced to death. The ensuing legal battle spanned six years and involved two landmark decisions by the Supreme Court. One of the most well known and controversial legal decisions of our time, the Scottsboro case ignited the collective emotions of the country, which was still struggling to come to terms with fundamental issues of racial equality. Scottsboro, Alabama, which consists of 118 exceptionally powerful linoleum prints, provides a unique graphic history of one of the most infamous, racially-charged episodes in the annals of the American judicial system, and of the racial and class struggle of the time. Originally printed in Seattle in 1935, this hitherto unknown document, of which no other known copies exist, is presented here for the first time. It includes a foreword by Robin D.G. Kelley and an introduction by Andrew H. Lee. Mr. Lee discovered the book as part of a gift to the Tamiment Library by the family of Joe North, an important figure in the Communist Party-USA, and an editor at the seminal left-wing journal, the New Masses. A true historical find and an excellent tool for teaching the case itself and the period which it so indelibly marked, this book allows us to see the Scottsboro case through a unique and highly provocative lens.
