**Mexican Waves** Sonia Robles,2019-10-08 Mexican Waves is the fascinating history of how borderlands radio stations shaped the identity of an entire region as they addressed the needs of the local population and fluidly reached across borders to the United States. In so doing, radio stations created a new market of borderlands consumers and worked both within and outside the constraints of Mexican and U.S. laws. Historian Sonia Robles examines the transnational business practices of Mexican radio entrepreneurs between the Golden Age of radio and the early years of television history. Intersecting Mexican history and diaspora studies with communications studies, this book explains how Mexican radio entrepreneurs targeted the Mexican population in the United States decades before U.S. advertising agencies realized the value of the Spanish-language market. Robles’s robust transnational research weaves together histories of technology, performance, entrepreneurship, and business into a single story. Examining the programming of northern Mexican commercial radio stations, the book shows how radio stations from Tijuana to Matamoros courted Spanish-language listeners in the U.S. Southwest and local Mexican audiences between 1930 and 1950. Robles deftly demonstrates Mexico’s role in creating the borderlands, adding texture and depth to the story. Scholars and students of radio, Spanish-language media in the United States, communication studies, Mexican history, and border studies will see how Mexican radio shaped the region’s development and how transnational listening communities used broadcast media’s unique programming to carve out a place for themselves as consumers and citizens of Mexico and the United States.

*Leading Culture Change* Chris Dawson,2010-05-10 Leading Culture Change: What Every CEO Needs To Know is a practical guide for top leaders who are faced with the challenge of shaping their culture to create long term, sustainable value. Culture is changeable—but only with CEO sponsorship and a methodical, best practices approach. Author Christopher S. Dawson draws on 25 years of experience as an organizational consultant in a variety of industries to delineate five critical success factors, without which culture change is unlikely to occur. He offers practical tools and approaches to facilitate culture change, in addition to an overall framework that acts as a yardstick for seasoned and new top leaders. The book provides a red-yellow-green level of urgency tool for determining the degree of organizational effort required to address the gap between strategy and culture; a roadmap for culture change; and more. After describing how to effect change, the text describes frequent scenarios, providing guidelines, an in-depth case example, and lessons for top leaders. Finally, the book outlines four essential leadership competencies—dual-horizon vision; self-awareness; team leadership; and source of inspiration—based on the requirements for leaders of any transformation. This book is an ideal guide for today and tomorrow's top leaders—as well as a valuable supplement to management consultants' and human resource executives' professional training.

**Twelve Years a Slave** Solomon Northup,2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US,on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.
