When Sunako's auntie—and the guys's landlady—arrives unannounced, she finds Sunako enjoying a slasher flick in the darkest recesses of her room. Clearly no progress has been made! So auntie decides there's only one way to turn her niece into a lady: Send Sunako and Kyohei on a little romantic getaway. Their accommodations for the evening consist of a vibrating bed, two-way mirrors, and a security guard who's blocking the only exit. Can Sunako survive a night alone with a creature of the light? This volume of The Wallflower includes special extras after the story!

The Prodigy of Martial Arts Volume 2 liping guo, Recreating Japanese Women, 1600-1945 Gail Lee Bernstein, 1991-07-09 In thirteen wide-ranging essays, scholars and students of Asian and women's studies will find a vivid exploration of how female roles and feminine identity have evolved over 350 years, from the Tokugawa era to the end of World War II. Starting from the premise that gender is not a biological given, but is socially constructed and culturally transmitted, the authors describe the forces of change in the construction of female gender and explore the gap between the ideal of womanhood and the reality of Japanese women's lives. Most of all, the contributors speak to the diversity that has characterized women's experience in Japan. This is

an imaginative, pioneering work, offering an interdisciplinary approach that will encourage a reconsideration of the paradigms of women's history, hitherto rooted in the Western experience.
