Shneur Zalman (of Lyady), Chaim Miller

Doctor, What's Wrong? Sophie Petit-Zeman, 2022-05-29 Does your doctor really care about you? Do you have time to care about your patients in the middle of all the red tape? Can we claw back tender, loving healthcare before losing sight of what it is? The medical machine is spinning out of control. Making the NHS better is about people, not about politics and posturing. It's about recognising that, well or ill, we're in it together. Being promised we'll be able to choose our hospital tomorrow is cold comfort when fighting to see a doctor today. From the pitfalls of communication to waiting lists, MMR to MRSA, this book discusses things we know of but may know little about; the ins and outs, drivers and obstacles, to treating each other well. The first half is a novel, an engaging story set across doctors' surgeries, cafes, pubs and homes. A story about a woman with a neurological illness who also has depression, her conscientious consultant who worries too much about everything while his GP wife anguishes over MMR, an oncologist with terminal cancer, a hospital manager with a heart, even a love-life. A series of accessible, informative essays then explores the 'big issues' that beset the NHS today, from the political football of choice, to jargon, mistakes and superbugs. Essential and enjoyable reading for anyone who uses or works in healthcare, this book argues that it can be rescued, become human again, if we all help.

GPS for the Soul (Large Print 16pt) Liberty Savard, 2011-11 Liberty's four Keys to Understanding mini - books have been expanded and updated in this powerful new volume. GPS for the Soul provides the readers with clear spiritual directions that, when faithfully followed, will keep them moving in the best of all possible directions and enable them to help others find the right path for true life. Liberty's intention in this book is to put the readers in touch with their spiritual GPS and bring them past four major areas of their lives that they need to avoid as they continue their spiritual journey: false freedom; relationship quicksand; potholes of soul power and soulish prayers, sinkholes in soulish and spiritual warfare.

Swift, Pope and the Doctors Allan Ingram, 2022-01-14 This book explores the impacts, particularly on their writing, of the serious illnesses of Swift and Pope, alongside their respective understandings of health issues and within their period context. Both Swift and Pope spent most of their lives suffering from serious illness, Meniere's Disease (Swift) and Pott's Disease (Pope). This was at a time when medical understanding of these conditions was minimal. This book examines the effects of illness on each writer's relations with doctors, treatment, and medicine more widely, and how far and in what ways their own experiences affected their writing. The book explains the contemporary medical context and subsequent specialist knowledge of the illnesses, and places each alongside both writers' attempts to come to terms with their suffering, not least with respect to the different forms and styles of their works. Each writer's extensive correspondence is drawn on, as well as a range of texts.

The Freudians Edith Kurzweil, 2018-04-27 Every country unconsciously creates the psychoanalysis it needs, says Edith Kurzweil. Freudians everywhere, even the most orthodox, are influenced by national traditions, interests, beliefs, and institutions. In this original and stimulating book, Kurzweil traces the ways in which psychoanalysis has evolved in Austria, England, France, Germany, and the United States. The author explains how psychoanalysis took root in each country, outlines the history of various psychoanalytic institutes, and describes how Freudian doctrine has been transmuted by aesthetic values, behavioral mores, and political traditions of different cultures. The Germans, for example, took Austrian humanism and made it scientific. The British developed object relations. French psychoanalysts emphasized linguistics and structuralism and developed an abiding fascination with text, language, subtext, and plot structures. In her new introduction, Kurzweil reexamines her argument that countries develop their own psychoanalysis according to their needs. She describes evidence supporting her theories and why they continue to hold true today. She also discusses what led her to write this book initially. The Freudians is a major work in confirming the importance of psychoanalytic thought across national and cultural boundaries.

The Sadeian Woman Angela Carter,2023-06-13 'Sexuality is power' - so says the Marquis de Sade, philosopher and pornographer extraordinaire. His virtuous Justine keeps to the rules laid down by men, her reward rape and humiliation; his Juliette, Justine's triumphantly monstrous antithesis, viciously exploits her sexuality. In a world where all tenderness is false, all beds are minefields. But now Sade has met his match. With invention and genius, Angela Carter takes on these outrageous figments of his extreme imagination, and transforms them into symbols of our time - the Hollywood sex goddesses, mothers and daughters, pornography, even the sacred shrines of sex and marriage lie devastatingly exposed before our eyes. Angela Carter delves into the viscera of our distorted sexuality and reveals a dazzling vision of love which admits neither of conqueror nor of conquered.

The Practical Tanya - Part One - The Book for Inbetweeners Shneur Zalman (of Lyady),Chaim Miller,2016 An astoundingly clear adaptation of Tanya, one of the most influential works of Jewish spiritual thought ever written, penned by Chasidic Rebbe, Rabbi Shneur Zalman of Liadi (1745-1812).

Positivity Bias Rabbi Mendel Kalmenson,2019-06-11 Through a mix of nature, nurture, social conditioning and free will, we each possess a personalized lens that frames, forms, clouds and distorts the way we see ourselves and the world around us. In order to live in the most meaningful and effective way possible, each of us needs to continually assess and adjust the default frames we have developed.In Positivity Bias, we learn that life is essentially good; that positive perception is applicable and accessible to all; that it derives from objective, rational insight, not subjective, wishful imagination, and that positive living is a matter of choice, not circumstance.An inspiring and life-enriching tapestry woven from hundreds of stories, letter, anecdotes, and vignettes - Positivity Bias highlights how the Lubavitcher Rebbe, Rabbi Menachem M. Schneerson, of righteous memory, considered the most influential rabbi in modern history, taught us to see ourselves, others, and the world around us.

Beyond Shattered Strongholds Liberty S. Savard,2005 Liberty Savard unfolds guidelines for focusing on one's ultimate purpose on earth--becoming a fruit-bearer in one's generation, area of influence, and piece of the world. (Motivation)

"gps Soul" Introduction

In the digital age, access to information has become easier than ever before. The ability to download "gps Soul" has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download "gps Soul" has opened up a world of possibilities. Downloading "gps Soul" provides numerous advantages over physical copies of books and documents. Firstly, it is

incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading "gps Soul" has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download "gps Soul". These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading "gps Soul". Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers,

and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading "gps Soul", users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download "gps Soul" has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
