Time Management for Event Planners Judy Allen, 2009-12-09 Event planning never stops. This industry goes 24/7, 365 days a year. Planners work evenings, weekends, and holidays, often far away from their home base, organizing and running events that simply must go on, and go smoothly. Missing a critical deadline is not an option in the event planning field. Time management errors can cost a company a potential sale, lose them an existing customer, and damage their professional reputation. Burnout and chaos are real risks in this hectic world of deadlines and multiple projects. Planners often find themselves working down to the wire against crushing deadlines and a mountain of obstacles that impede their progress. Too frequently, there is not enough time to get the job done properly, let alone to spend on personal or professional pursuits. And for many involved in the event planning field, there is the extra dimension of travel to factor in, juggling multiple projects on a daily basis across a multitude of time zones. For smooth event implementation, and for business success, it is essential that planners know how to manage their own time as well as they manage an event. *Time Management for Event Planners* teaches readers how to successfully manage their workload, and do what matters most, when it matters most: Analyze and prioritize tasks. Structure your workload and your day for maximum performance. Identify red-flag activities that hinder productivity. Reduce stress-producing time crunches. Identify when extra help is needed, as well as how to delegate, outsource, and even partner with suppliers in crunch periods. Work with rather than against deadlines. Save time using technology. Manage multiple projects, even in multiple time zones. Balance your personal and professional life. Whether you are an event planner, a hospitality professional, in public relations or other related fields, *Time Management for Event Planners* offers time-saving tips, techniques, examples, and expert insight that will help you get time on your side.

Like a Boss Weekly Planner Penelope Pewter, Planners Organizers, 2017-07 WEEKLY PLANNER | GET THE MOST OUT OF YOUR LIFE Think of a ship with the complete voyage mapped out and planned. The captain and crew know exactly where the ship is going and how long it will take - it has a definite goal. And 9,999 times out of 10,000, it will get there. Now let's take another ship and just like the first and only let's not put a crew on it, or a captain at the helm. Let's give it no aiming point, no goal, and no destination. We just start the engines and let it go. I think you'll agree that if it gets out of the harbor at all, it will either sink or wind up on some deserted beach and a derelict. It can't go anywhere because it has no destination and no guidance. It's the same with a human being. ~ Earl Nightingale If you seek better organization you're sailing in the right direction.
