Cyrus the Great Harold Lamb, 2018-07-10 Cyrus the Great Harold Lamb Cyrus the Great (c. 600 BC or 576 BC to December 530 BC), also known as Cyrus II or Cyrus of Persia, was the founder of the Persian Empire. It was under his own rule that the empire embraced all previous civilized states of the ancient Near East, expanded vastly and eventually conquered most of Southwest Asia and much of Central Asia, parts of Europe and Caucasus, from the Mediterranean sea and the Hellespont in the west to the Indus River in the east, to create the largest empire the world had yet seen. The reign of Cyrus lasted between 29 and 31 years. Cyrus built his empire by fighting and conquering first the Median Empire, then the Lydian Empire and the Neo-Babylonian Empire. Either before or after Babylon, he led an expedition into central Asia, which resulted in major campaigns that brought into subjection every nation without exception. Cyrus did not venture into Egypt, as he himself died in battle, fighting the Massagetae along the Syr Darya in December 530 BC. He was succeeded by his son, Cambyses II, who managed to add to the empire by conquering Egypt, Nubia, and Cyrenaica during his short rule. If I Were God Forough Farokhzad, 2008-08 Forough Farokhzad (1935-1967) is a legendary and controversial figure whose poetry has been repeatedly banned in Iran. Farokhzad was both celebrated and condemned for writing candidly about love, sex, politics, organized religion and the plight of the individual. Her death in an automobile accident at the age of thirty-two cut short a brilliant and tempestuous life, eloquently portrayed in the poems, interviews, and letters collected here. A foreword by Andre Dubus and a trio of insightful essays by translator Meetra A. Sofia provide the historical and cultural context for understanding the revolutionary nature of Farokhzad's life and work, which continues to inspire generation after generation to memorize her poetry and to regard Farokhzad as an iconic symbol of personal freedom.
