The Cancer Journals Audre Lorde,1980 A diary written by African-American author Audre Lorde about her battle with breast cancer.

When God Was A Woman Merlin Stone,2012-05-09 Here, archaeologically documented,is the story of the religion of the Goddess. Under her, women's roles were far more prominent than in patriarchal Judeo-Christian cultures. Stone describes this ancient system and, with its disintegration, the decline in women's status.

Ten Women Marcela Serrano,2014 Award-winning Chilean author Marcela Serrano weaves a beautiful story about the universal connections between women. For nine Chilean women, life couldn't be more different. There is the teenage computer whiz confronting her sexual identity. A middle-aged recluse who prefers the company of her dog over that of most humans. A housekeeper. A celebrity television personality. A woman confronting the loneliness of old age. Of disparate ages and races, these women represent

the variety of cultural and social groups that Chile comprises. On the surface, they seem to have nothing in common...except for their beloved therapist, who brings them together. Yet as different as they all are, each woman has a story to share. As the women tell their stories, unlikely common threads are discovered, bonds are formed, and lives are transformed. Their stories form an intricate tale of triumph, heartache, and healing that will resonate with women from all walks of life. An International DUBLIN Literary Award Nominee.

Women Who Run with the Wolves Clarissa Pinkola Estés Phd,1995-08-22 NEW YORK TIMES BESTSELLER • One million copies sold! “A deeply spiritual book [that] honors what is tough, smart and untamed in women.”—The Washington Post Book World Book club pick for Emma Watson’s *Our Shared Shelf* Within every woman there lives a powerful force, filled with good instincts, passionate creativity, and ageless knowing. She is the Wild Woman, who represents the instinctual nature of women. But she is an endangered species. For though the gifts of wildish nature belong to us at birth, society’s attempt to “civilize” us into rigid roles has muffled the deep, life-giving messages of our own souls. In *Women Who Run with the Wolves*, Dr. Clarissa Pinkola Estés unfolds rich intercultural

myths, fairy tales, folk tales, and stories, many from her own traditions, in order to help women reconnect with the fierce, healthy, visionary attributes of this instinctual nature. Through the stories and commentaries in this remarkable book, we retrieve, examine, love, and understand the Wild Woman, and hold her against our deep psyches as one who is both magic and medicine. Dr. Estés has created a new lexicon for describing the female psyche. Fertile and life-giving, it is a psychology of women in the truest sense, a knowing of the soul.

The Liberation of Women 2000, قاسم أمين Qasim Amin (1863-1908), an Egyptian lawyer, is best known for his advocacy of women's emancipation in Egypt, through a number of works including *The Liberation of Women* and *The New Woman*. In the first of these important books in 1899, he started from the premise that the liberation of women was an essential prerequisite for the liberation of Egyptian society from foreign domination, and used arguments based on Islam to call for an improvement in the status of women. In doing so, he promoted the debate on women in Egypt from a side issue to a major national concern, but he also subjected himself to severe criticism from the khedival palace, as well as from religious leaders, journalists, and writers. In response he wrote *The New Woman*, published in 1900, in which he defended his position and took some of his ideas further. In *The New Woman*, Amin relies less on arguments based on the Quran and Sayings of the Prophet, and more openly espouses a Western model of development. Although published a century ago, these two books continue to be a source of controversy and debate in the Arab world and remain key works for understanding the Arab feminist movement. *The Liberation of Women* and *The New Woman* appear here in English translation for the first time in one volume.

Women in Western Political Thought Susan Moller Okin, 2013-04-21 In this pathbreaking study of the works of Plato, Aristotle, Rousseau, and Mill, Susan Moller Okin turns to the tradition of political philosophy that pervades Western culture and its institutions to understand why the gap between formal and real gender equality persists. Our philosophical heritage, Okin argues, largely rests on the assumption of the natural inequality of the sexes. Women cannot be included as equals within political theory unless

its deep-rooted assumptions about the traditional family, its sex roles, and its relation to the wider world of political society are challenged. So long as this attitude pervades our institutions and behavior, the formal equality women have won has no chance of becoming substantive.

A History of Islam in 21 Women Hossein Kamaly, 2019-09-26 Khadija was the first believer, to whom the Prophet Muhammad often turned for advice. At a time when strongmen quickly seized power from any female Muslim ruler, Arwa of Yemen reigned alone for five decades. In nineteenth-century Russia, Mukhlisa Bubi championed the rights of women and girls, and became the first Muslim woman judge in modern history. After the Gestapo took down a Resistance network in Paris, British spy Noor Inayat Khan found herself the only undercover radio operator left in that city. In this unique history, Hossein Kamaly celebrates the lives and achievements of twenty-one extraordinary women in the story of Islam, from the formative days of the religion to the present.

Women of Sand and Myrrh Hanan Al-Shaykh, 2010-04-19 In an unnamed Middle Eastern city, four women from different social and cultural backgrounds tell their story. There is Suha, an educated Lebanese woman brought to the desert by her husband; Tamr, who must fight against male rule to educate herself; Suzanne, captivated by the men and the mystery of the Arabian desert; and Nur, in fierce pursuit of lovers (male and female) and foreign adventures - but her husband has her passport. All four women struggle in a society where women cannot drive a car, walk in the streets unveiled, or travel without male permission. It is a society where sex, due to its constraints, becomes an obsession. These women are treated to every luxury except that which they truly desire - freedom.

You're Wearing That? Deborah Tannen, 2006-12-26 Deborah Tannen's #1 New York Times bestseller *You Just Don't Understand* revolutionized communication between women and men. Now, in her most provocative and engaging book to date, she takes on what is potentially the most fraught and passionate connection of women's lives: the mother-daughter relationship. It was Tannen who first showed us that men and women speak different languages. Mothers and daughters speak the same language—but still often misunderstand each other, as they struggle to find the right balance between closeness and independence. Both mothers and daughters want to be seen for who they are, but tend to see the other as falling short of who she should be. Each overestimates the other's power and underestimates her own. Why do daughters complain that their mothers always criticize, while mothers feel hurt that their daughters shut them out? Why do mothers and daughters critique each other on the Big Three—hair, clothes, and weight—while longing for approval and understanding? And why do they scrutinize each other for reflections of themselves? Deborah Tannen answers these and many other questions as she explains why a remark that would be harmless coming from anyone else can cause an explosion when it comes from your mother or your daughter. She examines every aspect of this complex dynamic, from the dark side that can shadow a woman throughout her life, to the new technologies like e-mail and instant messaging that are transforming mother-daughter communication. Most important, she helps mothers and daughters understand each other, the key to improving their relationship. With groundbreaking insights, pitch-perfect dialogues, and deeply moving memories of her own mother, Tannen untangles the knots daughters and mothers can get tied up in. Readers will appreciate Tannen's humor

as they see themselves on every page and come away with real hope for breaking down barriers and opening new lines of communication. Eye-opening and heartfelt, *You're Wearing That?* illuminates and enriches one of the most important relationships in our lives. "Tannen analyzes and decodes scores of conversations between moms and daughters. These exchanges are so real they can make you squirm as you relive the last fraught conversation you had with your own mother or daughter. But Tannen doesn't just point out the pitfalls of the mother-daughter relationship, she also provides guidance for changing the conversations (or the way that we feel about the conversations) before they degenerate into what Tannen calls a mutually aggravating spiral, a self-perpetuating cycle of escalating responses that become provocations. – The San Francisco Chronicle
