**The Real Work** Paul Price,Paul Winston Price,2001 After becoming bored with creating illusions at children's birthday parties, Paul Price witnessed a game of Three Card Monte on the wharves of San Francisco. The following weekend, armed with his magician's knowledge of sleight of hand, our author threw away his magician's cloak and went to work on the streets. His first day at his new profession netted him \$200 in three hours. In *The Real Work*, Paul Price shows you how to run various street scams, such as Three Card Monte, the Three Shell game, and other rip-offs. He shows you how to do it, and tells you how to get safely away with your ill-gotten gains. As the author reveals: Sleight of hand is more than just hiding objects from plain view. It involves concealing the truth and controlling perception. A good sleight-of-hand artist manipulates the minds of his spectators as well as the physical objects that come into contact with his hands.This book presents two ways of running cons: One, play on the sucker's belief that he can get something for nothing, and two, use the victim's emotions and perception against him -- tug on his heart strings, exploit his conditioning. Remember that deep down, most people want to be tricked. Show them a rainbow, and they'll look for the gold. Your manipulations create rainbows, their ignorance does the rest. After reading *The Real Work*, you will no longer be among the mindless mass of followers. You will have the power to profit from the public's simple-mindedness. Use it wisely. Sold for informational and entertainment purposes only.

**Kingdom Keepers V** Ridley Pearson,2022-03-08 As the five Kingdom Keepers enter high school, everything is about to change. The Maintenance Base that controls all four parks in Disney World is under attack by the Overtakers, a group determined to change Disney forever. Relationships between the Keepers are no longer as simple as they once were. In fact, nothing is as simple as it once was. An after-hours visit to Typhoon Lagoon is a game changer. The Keepers lose one of their most valuable supporters. But there's work to do . . . The Disney Dream leaves Port Canaveral on an historic cruise to Los Angeles with a special treat in store for guests: the Disney Host Interactive guides are on board. Finn, Maybeck, Charlene, Willa, and Philby join guests as the DHI experience moves to one of the most advanced cruise ships in the world. But all is not right below decks. Strange things are happening. Only the Kingdom Keepers know the truth behind their invitation to be in attendance: nearly every Disney villain is aboard the ship, including Maleficent. The Overtakers have infiltrated the cast and crew. And no one knows what they have planned. The Dream sets sail filled with enthusiastic guests and crew. But not for long. Maleficent takes over a video screen and warns the guests of trouble to come. With the ship arriving to the beaches of Castaway Cay--its first of many exotic ports of call--the Kingdom Keepers are under attack; back home the Base is threatened and about to fall. The Overtakers have expanded in ways never foreseen, and it's clear they intend to use this element of surprise to accomplish what has eluded them so far: victory. But not if Finn Whitman and friends have anything to say about it.
