Robert Whitney Bolwell

Fall Leaves Loretta Holland,2014 Wordplay with homonyms puts autumn on display and captures the art and science of season change--

Fletcher and the Falling Leaves Julia Rawlinson,2020-09-01 As the autumn season sets in, Fletcher is very worried his beautiful tree has begun to loose all of its leaves. Whatever Fletcher attempts to do to save them, it's simply no use. When the final leaf falls, Fletcher feels hopeless... until he returns the next day to a glorious sight. A tender, uplifting tale about acceptance and hope for the future.'Captivating' Publishers Weekly'Preschoolers will love being in on the joke, even as they marvel at the bright petals that herald the astonishing beauty of spring' ALA Booklist

Fresh Fall Leaves Betsy Franco,1994 Describes the many things one can do with fallen leaves.

Leaves Fall Down Lisa Bullard,2010 Two friends learn why leaves change colors and fall off the trees in autumn and enjoy raking them into a huge pile for jumping.

The Falling Leaves Steve Metzger,2002 All the fall leaves have big plans to twist and twirl in the autumn wind. But not Yellow Hickory. She's afraid. The other leaves laugh at her. But the wind has a few surprises for them all!

Leaves David Ezra Stein, 2007-08-16 It's a young bear's first autumn, and the falling leaves surprise him. He tries to put them back on the trees, but it doesn't work. Eventually, he gets sleepy and burrows into the fallen leaves for a long nap. When he wakes up, it's spring, and there are suddenly brand-new leaves all around, welcoming him. Graceful illustrations and a childlike main character offer the perfect way to talk with children about the wonder of the changing seasons.

Fall Leaves Martha E. H. Rustad, 2017-08-01 Look at all the brightly colored trees! Fall weather causes leaves to change colors. Follow a leaf as it grows, changes color, and falls to the ground. Let's grab a rake! What happens in fall? Find out in the Fall's Here! series, part of the Cloverleaf Books™ collection. These nonfiction picture books feature kid-friendly text and illustrations to make learning fun!

We're Going on a Leaf Hunt Steve Metzger, 2008 Three friends go on a hike searching for fall leaves.

The Falling Leaf Does Not Hate the Wind: Poems of Death and Autumn D. J. Etchell, 2018-03-29 A valedictory collection of poems of autumn, of beauty, of regret and the dying associated with this magnificent season. The first part sets the scene generally. The second part, Bleak Elegies, consists of poetry written during the three weeks either side of the winter solstice, and reflects the seasonal affective disorder which affects the

author particularly badly during that time. In the third part, Odes Autumnal, the poems are more philosophical and reflective of autumn's gifts. Unlike the magnificent and inspirational odes of Keats, which are filled with the naive innocence of a young man, this collection is written from the perspective of someone who has lived long amid the agonies of a world in torment.

Fallen Leaves Will Durant, 2014-12-09 Praised as a “revelatory” book by The Wall Street Journal, this is the last and most personal work of Pulitzer Prize-winning author and historian Will Durant, discovered thirty-two years after his death. The culmination of Will Durant’s sixty-plus years spent researching the philosophies, religions, arts, sciences, and civilizations from across the world, Fallen Leaves is the distilled wisdom of one of the world’s greatest minds, a man with a renowned talent for rendering the insights of the past accessible. Over the course of Durant’s career he received numerous letters from “curious readers who have challenged me to speak my mind on the timeless questions of human life and fate.” With Fallen Leaves, his final book, he at last accepted their challenge. In twenty-two short chapters, Durant addresses everything from

youth and old age to religion, morals, sex, war, politics, and art. *Fallen Leaves* is “a thought-provoking array of opinions” (Publishers Weekly), offering elegant prose, deep insights, and Durant’s revealing conclusions about the perennial problems and greatest joys we face as a species. In Durant’s singular voice, here is a message of insight for everyone who has ever sought meaning in life or the counsel of a learned friend while navigating life’s journey.
