Jesus in 3D Michael DeFazio,2011-02-25 Reading the Gospel stories of Jesus is for many of you not unlike watching a 3D movie without wearing 3D glasses. You can make out a few details and get a vague sense of what's going on, but the whole screen is fairly distorted and if you stare too long, your head starts to hurt. This book seeks to change that.

Insight Guides Israel Insight Guides,2015-05-01 One of the world's most fascinating countries, Israel defies indifference with its immense historical, spiritual and contemporary significance, as well as its wealth of unique natural and cultural attractions. Whether you want to make a pilgrimage to Jerusalem's Old City, party in fashionable Tel Aviv, bathe in the Dead Sea or discover the country's distinctive architecture, Insight Guide Israel will reveal the best the country has to offer.Features have been updated by a highly-regarded local writer and cover the history and peoples of Israel in depth, while also delving into diverse topics including cuisine, conservation and diving. Thoughtful accounts of the country's regions bring Israel to life, from the powerful spiritual centre of Jerusalem and breath-taking landscapes of the Golan Heights to the sun-soaked beaches on the Mediterranean coast. In addition, there is detailed coverage of the West Bank's attractions, including Bethlehem's shrines and the Negev's ancient sites. Full-colour photography and maps help you navigate with ease, while our detailed Travel Tips give you all the practical information you need to plan your trip, including our selection of the best and most authentic hotels and restaurants.

God in 3D Colin Green,2019-12-11 This groundbreaking book sets out fresh arguments that common views on the doctrine of the Trinity are mistaken, on three counts. One, the idea of the Trinity can't be found explicitly in Scripture. Two, it is a mystery irrational to the human mind. Three, the classical creeds of the church are the best place to start. These old ideas break down in light of recent research in biblical studies. Writing in plain English, the author sets out where the Trinity can be found in Hebrew and Christian Scripture; that it is rational and understandable; and that there are biblical ways of understanding it that are easier to get across than the classical creeds. This book offers what many interested in teaching or learning about the Trinity have lacked up to now. And it will be a great help to those who are unsure how to communicate the idea of the Trinity in ways that the nonspecialist can understand. For the scholar interested in biblical and early-church studies, recent insights from temple theology and name theology produce a fresh perspective that will stimulate further discussion on this important subject. In the temple of God, we find the triune God.

Hutchinson's Washington and Georgetown Directory ,1910

Between Russia and Iran: Room to Pursue American Interests in Syria John W. Parker,

The Political Right in Israel Dani Filc,2009-12-18 This book takes a fresh look at the trajectories of Israeli politics since the election of Likud in 1977, examining how right wing parties have adopted populist policies in order to carve out an identity and win support at the polls. As such it demonstrates how populism has become a hugely significant factor in shaping Israeli politics and society. The original perspective taken by the author allows for an understanding of the central phenomena of the contemporary political system in Israel, such as the Likud's party centrality in Israeli politics, the political force of the religious Shas party and the growing influence of certain political leaders. Through this innovative analysis of the concept of populism, the book contributes to a better understanding of the Israeli political system. With Israel playing such a central role in the Middle East conflict, this analysis of the ways in which populism contributes to the consolidation of governing political forces in Israel will allow for a better understanding of this conflict. Combining the theoretical elaboration of the concept of populism with its application in the analysis of a specific test-case, this novel approach contributes to the ongoing research on populist politics, and as such will be a useful tool for understanding many issues in the study of populism, comparative politics and the Middle East.

Rise and Kill First Ronen Bergman,2018-01-30 NEW YORK TIMES BESTSELLER • The first definitive history of the Mossad, Shin Bet, and the IDF’s targeted killing programs, hailed by The New York Times as “an exceptional work, a humane book about an incendiary subject.” WINNER OF THE NATIONAL JEWISH BOOK AWARD IN HISTORY NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY JENNIFER SZALAI, THE NEW YORK TIMES NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Economist • The New York Times Book Review • BBC History Magazine • Mother Jones • Kirkus Reviews The Talmud says: “If someone comes to kill you, rise up and kill him first.” This instinct to take every measure, even the most aggressive, to defend the Jewish people is hardwired into Israel’s DNA. From the very beginning of its statehood in 1948, protecting the nation from harm has been the responsibility of its intelligence community and armed services, and there is one weapon in their vast arsenal that they have relied upon to thwart the most serious threats: Targeted assassinations have been used countless times, on enemies large and small, sometimes in response to attacks against the Israeli people and sometimes preemptively. In this page-turning, eye-opening book, journalist and military analyst Ronen Bergman—praised by David Remnick as “arguably [Israel’s] best investigative reporter”—offers a riveting inside account of the targeted killing programs: their successes, their failures, and the moral and political price exacted on the men and women who approved and carried out the missions. Bergman has gained the exceedingly rare cooperation of many current and former members of the Israeli government, including Prime Ministers Shimon Peres, Ehud Barak, Ariel Sharon, and Benjamin Netanyahu, as well as high-level figures in the country’s military and intelligence services: the IDF (Israel Defense Forces), the Mossad (the world’s most feared intelligence agency), Caesarea (a “Mossad within the Mossad” that carries out attacks on the highest-value targets), and the Shin Bet (an internal security service that implemented the largest targeted assassination campaign ever, in order to stop what had once appeared to be unstoppable: suicide terrorism). Including never-before-reported, behind-the-curtain accounts of key operations, and based on hundreds of on-the-record interviews and thousands of files to which Bergman has gotten exclusive access over his decades of reporting, *Rise and Kill First* brings us deep into the heart of Israel’s most secret activities. Bergman traces, from statehood to the present, the gripping events and thorny ethical questions underlying Israel’s targeted killing campaign, which has shaped the Israeli nation, the Middle East, and the entire world. “A remarkable feat of fearless and responsible reporting . . . important, timely, and informative.”—John le Carré

New York City Directory ,1916

Soft Threats to National Security Dana Barnett,Efraim Karsh,2021-11-29 This book explores the Boycott, Divestment, and Sanctions (BDS) phenomenon – its impact and implications for Israel and the Palestinian-Israeli conflict, as well as the inextricable linkage between its anti-Israeli/anti-Zionist propaganda and antisemitism, unraveled from yet unknown perspectives. The edited volume offers groundbreaking research: While Israeli public diplomacy focused on security, Palestinian diplomacy focused on a fabricated history. The book analyzes the old Russian anti-Zionist propaganda and its application by the BDS. The public space of BDS activity projects a humane façade, yet the covert part harbors antisemitic and violent supporters including terror groups and Iran. Western universities turned into incubators of pro-Palestinian groups that portray Israel as the source of evil. The academic boycott of Israel worked to isolate and stigmatize Jewish scholars in America because of a presumed Jewish occupation of the American academe. Western liberals wish to build bridges with the Muslim world, unable to overcome differences on democracy, secularism, women’s rights, etc., they focus on what they agree: animosity towards Israel. So has the UN; the ICC; Bedouin advocacy; and Human Rights

Watch. The chapters in this book were originally published as a special issue of the journal Israel Affairs.

#antisemitism Samantha A. Vinokor-Meinrath,2022-06-01 Exploring what it means to come of age in an era marked by increasing antisemitism, readers see through the eyes of Jewish Gen Zers how identities are shaped in response to and in defiance of antisemitism. Using personal experiences, qualitative research, and the historic moment in which Generation Z is coming of age, Jewish educator Samantha Vinokor-Meinrath uses antisemitism from both the political left and the right to explore identity development among Jewish Generation Zers. With insights from educators, students, activists, and more, she holds a lens up to current antisemitism and its impact on the choices and opinions of the next generation of Jewish leaders. Chapters cover Holocaust education for the final generation able to speak directly to Holocaust survivors and learn their stories firsthand; anti-Zionism as a modern manifestation of antisemitism; and how the realities of 21st-century America have shaped the modern Jewish experience, ranging from the synagogue shooting in Pittsburgh to how Generation Zers use social media and understand diversity. The core of this book is a collection of stories: of intersectional identity, of minority affiliations, and of overcoming adversity in order to flourish and thrive.

Refusenik! Peretz Kidron,2008-02-29 Hundreds of Israeli soldiers, called up to take part in controversial campaigns like the 1982 invasion of Lebanon or policing duties in the Palestinian territories today, have refused orders. Many of these 'refuseniks' have faced prison sentences rather than take part in what they regard as an unjust occupation in defence of illegal Jewish settlements. In this inspirational book, Peretz Kidron, himself a refusenik, gives us the stories, experiences, viewpoints, even poetry, of these courageous conscripts who believe in their country, but not in its actions beyond its borders. We read about the cautious, even embarrassed, response of the authorities. And we see the wider implications of the philosophy of selective refusal - which is not the same thing as pacifism -- for conscientious citizens in every country where conscription still exists. Here is a real model for the peace movement in Israel and worldwide.

West's Federal Practice Digest 3d ,1984

The Jewish Encyclopedia Isidore Singer,1903

Big Guns Steve Israel,2019-04-23 From Steve Israel, the Congressman-turned-novelist who writes “in the full-tilt style of Carl Hiaasen” (The Washington Post), a comic tale of the mighty firearm industry, a small Long Island town, and Washington politics: “Congress should pass a law making Big Guns mandatory reading for themselves” (Nelson DeMille). When Chicago’s Mayor Michael Rodriguez starts a national campaign to ban handguns from America’s cities, towns, and villages, Otis Cogsworth, the wealthy chairman and CEO of a huge arms company in Asabogue, Long Island, is worried. In response, he and lobbyist Sunny McCarthy convince an Arkansas congressman to introduce federal legislation mandating that every American must own a firearm. Events soon escalate. Asabogue’s Mayor Lois Leibowitz passes an ordinance to ban guns in the town—right in Otis Cogsworth’s backyard. Otis retaliates by orchestrating a recall election against Lois and Jack Steele, a rich town resident, runs against her. Even though the election is for the mayor of a small village on Long Island, Steele brings in the big guns of American politics to defeat Lois. Soon, thousands of pro-gun and anti-gun partisans descend on Asabogue, and the bucolic town becomes a tinderbox. Meanwhile, Washington politicians in both parties are caught between a mighty gun lobby and the absurdity of requiring that every American, with waivers for children under age four, carry a gun. What ensues is a discomfiting, hilarious indictment of the state of American politics. “New York congressman-turned-novelist Steve Israel delivers a second brilliant political satire” (Booklist, starred review). “An entertaining satire” (Kirkus Reviews, starred review), *Big Guns* is “a wonderfully irreverent satire about the fractured and fractious American political and lobbying system...a rollicking comedic trip” (Publishers Weekly).

3D Israel Flag Introduction

In the digital age, access to information has become easier than ever before. The ability to download 3D Israel Flag has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download 3D Israel Flag has opened up a world of possibilities. Downloading 3D Israel Flag provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading 3D Israel Flag has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download 3D Israel Flag. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading 3D Israel Flag. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading 3D Israel Flag, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download 3D Israel Flag has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About 3D Israel Flag Books

1. Where can I buy 3D Israel Flag books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive.

Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.

3. How do I choose a 3D Israel Flag book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.).
