Eight-ball pool can be played as a singles or doubles game and is played with cues and 16 balls, 15 object balls, and one cue ball (the ball the players strike to try and hit the other balls). Pool can be a relatively high-speed game compared to its close relatives snooker and billiards but that makes it no less skilful with players requiring a high degree of skill, concentration, and tactical thinking to play the game at a high level. Poolology - Mastering the Art of Aiming Brian Crist, 2017-04-28 ***** This is the SOFTCOVER/GLUED BINDING edition, NOT the notebook spiral binding ***** Poolology is a breakthrough aiming system for pool players. I was once asked, How do you aim?, and I couldn't answer. I said I didn't know, and I'm sure the player that asked me that thought I was holding out on him, keeping some great secret to myself. But it was true - other than to call it instinct, I had no idea how to aim. I'd never been taught how to aim. I just shoot balls into the pocket. This question, How do you aim?, is what prompted me to write Poolology. After experimenting with various aiming systems, I learned that most aiming systems don't work for most people. That explains why so many pool players struggle to be consistent shot makers. I wanted to fix that. I wanted to find a system that could teach players how to aim any shot on the table, how to develop a feel for pocketing balls. No such system existed, until now. It's called Poolology!
