Easy Lesson Plans for Driving Instructors James Duggan, 2016-09-29 This 'Easy Lesson Plans' book has been prepared primarily with trainee driving instructors in mind who are preparing for their A.D.I. part three 'Test of Instructional Ability'. However, it will be of great value to those trainees who want to refine their driving skills for the 'Part Two Practical Test'. Fully qualified instructors will find it invaluable when preparing for and undergoing their 'Check Test' and an essential aid when giving tuition to learner drivers. It follows closely the requirements for A.D.I. training as laid down by the Driving Standards Agency who conduct all three relevant tests on the road to becoming a fully qualified driving instructor. In its various sections it includes the following. 1. Twelve complete and fully colour illustrated lesson plans covering the twelve elements which can be tested on the A.D.I. part three 'Test of Instructional Ability'. (They are also the basis for instruction for learner drivers). 2. How to get the best out of the Easy Lesson Plans book to ensure success in the various tests. 3. Over 150 fully detailed colour illustrations each of which focuses on a relevant issue and designed for ease of presentation to the learner driver. For conformity and clarification the blue car in each image is the learner vehicle. 4. Suggested phraseology which should be used by instructors to give clear and precise directions to their pupils thus avoiding incorrect responses and the dangers thereof. 5. A guide to the most commonly experienced driving faults committed by learners allowing instructors to be more aware of what to look out for. 6. A guide to signs of pupil nerves which when identified by the instructor allows a more sympathetic instructional approach when dealing with pupils who under achieve. 7. A lesson plan guide with a breakdown of all the diagrams included in each lesson plan to enable instructors to easily locate specific diagrams and illustrate various points. The lesson plans have been set out in a general logical order with a view to taking a pupil through from novice to test standard and beyond. A Thousand and One Theory Test Questions James Duggan,2015-09-04 This 'It's a Drivers World' book has primarily been prepared with trainee A.D.I.s in mind who are preparing for their A.D.I. part one multiple choice element of the Theory Test. However, it will be of great value to those trainees who want to refine their driving theory for the part two practical driving test and their instructional skills for their part three 'Test of Instructional Ability'. Fully qualified instructors will find it an essential revision tool when preparing for and undergoing their 'Check Test' and a useful means of keeping in touch when giving tuition to learner drivers. Its' main function is to provide a structured working platform to assist trainee A.D.I.s in studying for the Driving Standards Agency part one Theory Test (multiple choice element). It does this by means of a series of comprehensive quizzes, complete with answers, based upon the required reading necessary to ensure a sound basic knowledge which will lead to a first time pass. There are in fact nine hundred formally set multiple choice questions rather than the one thousand and one implied by the title. The other one hundred and one are questions which may be in the mind of an aspiring instructor which hopefully are answered elsewhere in this and other books by this author. The nine hundred questions comprise seven blocks of one hundred each complete with correct answers together with two mock tests of a further one hundred each complete with correct answers and assessments. To get maximum benefit from this book the trainee is advised to work through the series of questions progressively by seeking the answers in the various reference books recommended for study by the D.S.A. By this means the trainee will effectively cover all the required reading to ensure eventual success in the theory test. As an added incentive a section has been included which sets out briefly the benefits of being a driving instructor. It may be useful to help those who are unsure about the profession to decide whether or not it is worth pursuing. This book costs a fraction of a single ADI training session, but it will be money well spent. You will learn quicker. You will need fewer training sessions. It will save you money.
