Little Swastika,Lily Lu

*The Call* Robert D. Reyes, 2016-06-21 My book *The Call* is based on a real hostage situation. The story is based on my life experience one afternoon. I will walk you through as much as I remember for the 4 hrs she had me as hostage and the additional hours after she released me until she ended the night by shooting her two children and herself. So many stories and assumptions but to know what really happened you must read the book. I have written a book which depicts a real life hostage situation from someone on the inside. No one really knows what happens in a hostage situation and several times there are multiple individuals with bits and pieces to a story. Well let me tell you about my story. I was a hostage in a state agency office. Not only was I a hostage, but I was the only person who walked out alive from the hostage situation after several hours. Imagine a mother, daughter and son dealing with horrible living situations. Is it real or brought on by mental delusion. Who is to know? And the only person who could tell the story is me, the author of the book. Only I can walk you through the minutes and hours of being in a room with the family and our conversations, which are only alive in my head. My story was national news, on the internet and several TV stations. All were news makers as usual with speculation and only bits and pieces of information. No one really knows the reason for her actions, nor do they know what her children were going through. The person that held me hostage had a story of her own, which engulfed her children. This book will tell her story which is a promise I made to her.
