The Dark Lady's Mask Mary Sharratt,2016-04-19 From the author of *Ecstasy*, a novel of Renaissance England's first female poet, and her collaboration—and love affair—with William Shakespeare. Aemilia Bassano Lanier is beautiful and accomplished, but her societal conformity ends there. She frequently cross-dresses to escape her loveless marriage and to gain freedoms only men enjoy—and then a chance encounter with a ragged, little-known poet named Shakespeare changes everything. The two outsiders strike up a literary bargain: they leave plague-ridden London for Italy, where they begin secretly writing comedies together and where Will falls in love with the beautiful country—and with Aemilia, his Dark Lady. Their Italian idyll, though, cannot last. Will gains fame and fortune for their plays back in London and years later publishes the sonnets mocking his former muse. Not one to stand by in humiliation, Aemilia takes up her own pen in her defense, and in defense of all women. Named One of the Best Books of the Year by the St. Paul Pioneer Press “An absorbing bildungsroman that grapples with strikingly contemporary issues of gender and religious identification”—New York Times Book Review “An exquisite portrait of a Renaissance woman pursuing her artistic destiny in England and Italy, who may—or may not—be Shakespeare's Dark Lady.”—Margaret George, best-selling author of *The Splendor Before the Dark* “The idea of a smart, beautiful, artistic woman telling Shakespeare, ‘We shall write comedies, you and I’ is as heady as the elderflower wine Aemilia's household staff brews.”—Washington Post “Atmospheric, well-researched, carefully plotted...and, like Shakespeare's plays, chock-full of equal parts mirth and pith to please all.”—Minneapolis Star Tribune

Unlocking Animation Layout Dan Hansen, 2025-03-13 From his days working under the Nine Old Men and creating layout for Disney classics like Aladdin and Hercules to more than a decade of teaching animation to the rising generation at CalArts, Dan Hansen has accumulated a lifetime of knowledge and is sharing it with you in Unlocking Animation Layout. Acting as your personal mentor, Hansen walks you through all of the elements of design and layout you'll need to become a successful layout artist. Each chapter discusses a new concept using actual layout drawings from real films, includes a list of film examples of the idea in action, and offers an assignment that, once completed, can become part of your portfolio. While other books get in depth about the technical aspects of perspective or animation pipeline, they won't bring you any closer to becoming a better artist. But Unlocking Animation Layout does just that, focusing on the design and art skills you'll need to affect the viewer's experience and help the director tell the story. Packed with information you won't find anywhere else, this book is an invaluable resource for students and professionals who are interested in improving their animation layout skills. Key Features Hundreds of full-color images, including previously unpublished layouts from animated features and drawings from actual students Loaded with information and topics you won't find anywhere else, like Disney's special approach to Graphics and Contrast and Affinity Lists of live action and animated films and timestamps to accompany each chapter
