Homeland Calling Paul Hockenos, 2018-07-05 Over the last ten years, many commentators have tried to explain the bloody conflicts that tore Yugoslavia apart. But in all these attempts to make sense of the wars and ethnic violence, one crucial factor has been overlooked—the fundamental roles played by exile groups and émigré communities in fanning the flames of nationalism and territorial ambition. Based in the United States, Canada, Europe, Australia and South America, some groups helped provide the ideologies, the leadership, the money, and in many cases, the military hardware that fueled the violent conflicts. Atypical were the dissenting voices who drew upon their experiences in western democracies to stem the tide of war. In spite of the diasporas' power and influence, their story has never before been told, partly because it is so difficult, even dangerous to unravel. Paul Hockenos, a Berlin-based American journalist and political analyst, has traveled through several continents and interviewed scores of key figures, many of whom had never previously talked about their activities. In *Homeland Calling*, Hockenos investigates the borderless international networks that diaspora organizations rely on to export political agendas back to their native homelands—agendas that at times blatantly undermined the foreign policy objectives of their adopted countries. Hockenos tells an extraordinary story, with elements of farce as well as tragedy, a story of single-minded obsession and double-dealing, of high aspirations and low cunning. The figures he profiles include individuals as disparate as a Canadian pizza baker and an Albanian urologist who played instrumental roles in the conflicts, as well as other men and women who rose boldly to the occasion when their homelands called out for help.

CDC Health Information for International Travel 2014 Centers for Disease Control and Prevention,2013-04-22 Health risks are real and ever-changing, especially while traveling abroad. To stay abreast of the most up-to-date health recommendations, experienced travelers and health care professionals have always relied on CDC's user-friendly Health Information for International Travel (commonly known as the The Yellow Book) as their one indispensable guide. Updated biennially by a team of almost two hundred experts-including both CDC staff and travel medicine experts--this book is the only publication that contains all of the official government recommendations for international travel. Clearly written and featuring full-

color illustrations, the book provides easy-to-read disease risk maps, information on where to find health care during travel, advice for those traveling with infants and children, a comprehensive catalog of diseases, and detailed country-specific health warnings. For example, the section on the Caribbean lays out the recommended immunizations and examines specific health risks for travelers to the region, ranging from malaria to dengue, yellow fever, and traveler's diarrhea. But the book goes beyond the risk of disease to discuss dangers such as violent crime-fortunately, not a great danger to tourists in the area-and also to remind travelers that the single greatest cause of injury death among visitors are traffic accidents. The section on the Caribbean also notes hurricane season and outlines the risks involved in snorkeling, diving, and other water activities common to the area. Every facet of the previous edition has been revisited and revised where necessary, including country-by-country immunization suggestions and new drug information. For the primary care clinician, the specialized travel medicine clinician, or the avid or first-time international traveler, this book is an indispensable safety net, providing readers with everything they need to know to prevent or to seek treatment for illness abroad.

Threading My Prayer Rug Sabeeha Rehman,2016-06-14 SHORTLISTED FOR THE WILLIAM SAROYAN INTERNATIONAL PRIZE FOR WRITING. ONE OF BOOKLIST'S TOP TEN RELIGION AND SPIRITUALITY BOOKS. ONE OF BOOKLIST'S TOP TEN DIVERSE NONFICTION BOOKS. Honorable Mention in the San Francisco Book Festival Awards, Spiritual Category A 2019 United Methodist Women Reading Program Selection This enthralling story of the making of an American is a timely meditation on being Muslim in America today. Threading My Prayer Rug is a richly textured reflection. It is also the luminous story of many journeys: from Pakistan to the United States in an arranged marriage that becomes a love match lasting forty-five years; from secular Muslim in an Islamic society to devout Muslim in a society ignorant of Islam, and from liberal to conservative to American Muslim; from bride to mother; and from an immigrant intending to stay two years to an American citizen, business executive, grandmother, and tireless advocate for interfaith understanding. Beginning with a sweetly funny, moving account of her arranged marriage, the author undercuts stereotypes and offers the refreshing view of an American life through Muslim eyes. Sabeeha was doing interfaith work for Imam Feisal A. Rauf, the driving force behind the Muslim community center near Ground Zero, when the backlash began. She recounts what that experience revealed about American society and in a new preface discusses Islam in America in the time of Trump.
