Amharic Letter Tracing and Coloring Book for Kids Alphabets Second Teacher,2020-12-20 Dear Parents, Amharic is written left-to-right using a system that grew out of the Ge'ez script. The writing system is called fidäl (□ □ □) in Ethiopian Semitic languages. Fidäl means script, alphabet, letter, or character. The writing system is also called abugida (□ □ □ □), from the first four symbols; from this the modern term abugida is derived. Each character represents a consonant+vowel sequence, but the basic shape of each character is determined by the consonant, which is modified for the vowel. Some consonant phonemes are written by more than one series of characters: /ʔ/, /s/, /S'/, and /h/ (the last one has four distinct letter forms). This is because these fidel originally represented distinct sounds, but phonological changes merged them. The language is a basic characteristic which constitutes one's own representation of who you are. Children and Parents may feel that using English as a common language, it won't matter whether they learn Amharic or not. It happens that your child might just stop speaking Indonesian, leading to identity change. Since a child's Amharic language skills are lacking, they will not be able to interact well in Amharic as they do in English. How can parents support their child's learning process? Here the solution is! This book enables your kids to practice and learn letters, words in an interesting way. Content of the book: For each alphabet letter there will be 2 pages. - 1st page has an outline of a letter with the image that starting with that letter, name in Amharic, English with the phonics of Amharic name and image. - The children can color the letter and images that are allocated for each letter. - 2nd page is for practicing the letter and its multiple extended forms. - This book has similar setup for all the alphabets till page number 70. - 71-95 is having box spaces to practice Amharic alphabet further. Today, more than ever I believe that it is imperative to study this language, and more especially the Ge'ez, in order to reclaim a Holy inheritance. Ethiopia is the only country of the continent of Africa that was never colonized and to make it more outstanding, this is also the first Christian nation.
