🔍 Jungle Revolt Fomundam Eric Awandeh,2011-09-06 In the jungle of animals, where everyone is compelled to live on edge, not knowing what to expect the next moment, misfortunes and sufferings of all types,when they befall individuals, are accepted as a natural and blessed necessity for the continuation and sustaining of life. Once in a while, however, this rule is overturned in the anguish of the pain caused by such a dreadful reality. In Jungle Revolt, the merciless slaughter of the family of Mr Pig before his own very eyes compels him, in his humbleness, to dare this long established and fast rule of the survival of the fittest in the jungle. And notwithstanding the obviously formidable challenges to such an unprecedented undertaking, he manages, at the expense of his own life, to shake the foundations of the rule leaving behind a lasting legacy that does not necessarily annul the rule, but brings relief to many. Jungle Revolt tries to explain a peculiar and age old human phenomenon. On account of different abilities and natures, stronger human beings tend to lord it on the weaker ones who, on account of their weakness are generally resigned to the undesirable fate. Occasionally, however, because of this unpleasant reality, these weak ones stand up in revolt, yearning for a better life, and even though they may not reap exactly what they desire, their situation, compelled by a higher power could not be exactly the same again.

🔍 Drive-by Saviours Chris Benjamin,2010-09-01T00:00:00Z Demoralized by his job and dissatisfied with his life, Mark punches the clock with increasing indifference. He wanted to help people; he'd always believed that as social worker he would be able to make a difference in people's lives. But after six years of bureaucracy and pushing paper Mark has lost hope. All that changes when he meets Bumi, an Indonesian restaurant worker. Moved from his small fishing village and sent to a residential school under the authoritarian Suharto regime, Bumi's radical genius and obsessive-compulsive disorder raise suspicion among his paranoid neighbours. When several local children die mysteriously the neighbours fear reaches a fevered pitch and Bumi is forced to flee to Canada. Brought together by a chance encounter on the subway, Mark and Bumi develop a friendship that forces them to confront their pasts. Moving gracefully between Canada and Indonesia and through the two men's histories, Drive-by Saviours is the story of desire and connection among lonely people adrift in a crowded world. 🔍 Angry Cookie Laura Dockrill,2019-03-12 Famed spoken-word poet Laura Dockrill's hilarious read-aloud about an outraged baked good! Oooohhh . . . not you again! AGGGHH It's so bright! . . . Close this book this very second, you nosy noodle! Cookie has woken up on the wrong side of the bed and is very angry. You want to know why? Well, you'd have to keep reading to find out, but now Cookie's calling you annoying and telling you to mind your own business. If by chance you do stick around, you might hear about a certain roommate's terrible musical skills, why you should never let your barber try out a "new look," how it's impossible to find a hat that fits a cookie, and why an ice-cream parlor that's out of your favorite treat can be a source of desolation. Then there's the matter of a hungry bird who tries to snack on you. . . . Propelled by quirky humor and woes that every young child can relate to, Angry Cookie suggests that sometimes the best way to cheer up a grumpy lump is simply by being there — and lending your ears.

🔍 Women's Emancipation and Civil Society Organisations Schwabenland, Christina,Lange, Chris,2016-10-05 Women are at the heart of civil society organisations. Through them they have achieved many successes, challenged oppressive practices at a local and global level and have developed outstanding entrepreneurial activities. Yet Civil Service Organisation (CSO) research tends to ignore considerations of gender and the rich history of activist feminist organisations is rarely examined. This collection examines the nexus between the emancipation of women, and their role(s) in these organisations. Featuring contrasting studies from a wide range of contributors from different parts of the world, it covers emerging issues such as the role of social media in organising, the significance of religion in many cultural contexts, activism in Eastern Europe and the impact of environmental degradation on women's lives. Asking whether involvement in CSOs offers a potential source of emancipation for women or maintains the status quo, this anthology will also have an impact on policy and practice in relation to equal opportunities.
