

Apple Story

Shannon Hale

Golden Delicious Anna Egan Smucker,2008-09-01 Based on real events, this is the story of how the Golden Delicious apple came to be. Owners of a nursery in Missouri were looking for the perfect apple. It would be sweet and juicy. In the spring of 1914, they were astonished to taste just that apple.

Designed by Apple in California ,2016-10-05

The Apple Revolution Luke Dormehl,2012-08-02 On 26 May, 2010 Apple Inc. passed Microsoft in valuation as the world's largest technology company. Its consumer electronic products - ranging from computers to mobile phones to portable media devices, not to mention its iTunes, iBook and App Store - have influenced nearly every facet of our lives, and it shows no sign of slowing down. But how did Apple - a company set up in the back room of a house by two friends, and one that always marketed itself as the underdog - become the marketplace leader (and the world's second largest company overall), and is it a good thing to have one company hold so much power? In *The Apple Revolution* Luke Dormehl shares the inside story of how Apple Inc. came to be; from the formation of the company's philosophies and user-friendly ethos, to the iPod moment and global domination, leaving you with a deep understanding of how it was created, why it has flourished, and where it might be going next.

The Story of Apple Sara Gilbert,2013 Did you know... Apple – the company behind your iPod, iPad, iPhone – began as a project shared by two ambitious boys in their computer club? When Steve Wozniak designed a computer in 1976, his friend Steve Jobs immediately saw its potential for a mass market. They found their first ‘customer’ at their local hobby club meeting and Apple Computer was born. Over the next 30plus years, their company would transform the computer industry. We bring you the story about the origins, leaders, growth and products of Apple, the computer giant that was founded in 1976 and went on to revolutionize the way we work, communicate or even listen to our music. JAICO’S CREATIVE COMPANIES SERIES explores how today’s great companies operate and inspires young readers to become the entrepreneurs and businessmen of tomorrow.

Apple Jim Carlton,1998-10-21 Apple Computer was once a shining example of the American success story. Having launched the personal computer revolution in 1977 with the first all-purpose desktop PC, Apple became the darling of the national business press and Wall Street. Yet by 1995, the company's change-the-world idealism had all but disappeared in a bitter internal struggle between warring camps. Raging internal mistakes, petty infighting, and gross mismanagement became Apple's hallmark, and today the company clings to a mere 3.7 percent share of the market it helped to create. Apple is the spellbinding account of what really went on behind closed doors, revealing the forces that dismantled this once great icon of American business.

The Biggest Apple Ever Steven Kroll,2011 Clayton and Desmond work together to try to find the biggest apple for a school contest, but when they realize they will not win they find a better use for all of the apples they have collected.

The Story of Apple Franklin Watts,Sara Gilbert,2013-08-08 Have you ever wondered why McDonald's or Coca-Cola are so successful? Why Microsoft seems to run the world? Or why Nike dominates the sportswear market? Find the answers to these questions in this fascinating series. A combination of lively text packed with information and full-colour photography takes the reader on a journey of discovery, past the hype and publicity, to a place where they are fully informed and able to make their own assessments.

Apple Confidential 2.0 Owen W. Linzmayer,2004 Chronicles the best and the worst of Apple Computer's remarkable story.

The Extraordinary Story of the Apple Barry Juniper, David J. Mabberley, 2019 This is a new edition of the book published under the title Story of the apple, 2006--Title page verso.

The Story of Apple Adam Sutherland, 2012 Details the history of the computer software and consumer electronics company known for such innovative and popular products as the iPod, iPhone, iPad, and Macintosh line of computers.

The Apple Orchard Pete Brown, 2016-09-29 Taking us through the seasons in England's apple-growing heartlands, this magical book uncovers the stories and folklore of our most familiar fruit. 'An orchard is not a field. It's not a forest or a copse. It couldn't occur naturally; it's definitely cultivated. But an orchard doesn't override the natural order: it enhances it, dresses it up. It demonstrates that man and nature together can - just occasionally - create something more beautiful and (literally) more fruitful than either could alone. The vivid brightness of the laden trees, studded with jewels, stirs some deep race memory and makes the heart leap. Here is bounty, and excitement.'

Apple Days Allison Sarnoff Soffer, 2014-08-01 Katy's favorite holiday is Rosh Hashanah, when she gets to pick apples and make applesauce with her mother. But what happens when the tradition is interrupted by the early arrival of her baby cousin?

How to Grow an Apple Pie Beth Charles, 2020-09-01 The apple trees in Sophie's orchard are ready to grow apples, and Sophie is ready to make a pie! It's easy to make an apple pie, but what does it take to make the apples? Sophie is about to find out! First, the apple trees need to be about six years old—just like Sophie. Next, they need to be pruned, and the bees have to pollinate their blossoms! After that, the tiny apples grow through the summer until they're ready to pick in the fall. Finally, it's time for Sophie to make the perfect pie!

The Story of an Apple Stacy Taus-Bolstad, 2021-01-01 Audisee® eBooks with Audio combine professional narration and sentence highlighting to engage reluctant readers! How does a seed turn into a tasty apple? The seed spouts. The tree grows. Then the tree flowers. Next small apples grow. The apples ripen. Watch how apples grow step by step.

The Story of the Apple Barrie E. Juniper, David J. Mabberley, 2009-10-30 The Story of the Apple reveals the solution to a long-standing puzzle. Where did the apple come from, and why is the familiar large, sweet, cultivated apple so different from all other wild apple species with their bitter, cherry-sized fruits? This book will fascinate gardeners who wish to know more about the origin and natural history of the plants that they grow in their yards or orchards, researchers and students in botany and horticulture who want the evidence from DNA, geology, anthropology, archaeology, zoology, and Classical history, and anyone with an interest in diet, well-being, and the benevolent effects of plants on the emergence of humankind.

Ever After High: Raven Queen's Story Shannon Hale, 2013-07-30 Raven Queen, the daughter of the Evil Queen, is destined to give the poisoned apple to Snow White's daughter. But Raven has a spark of rebelliousness in her heart and she knows one thing for sure—evil is so not her style. Read all about her getting ready to return to Ever After High in this excerpt from the upcoming book The Storybook of Legends.

The Apple Pie Tree Zoe Hall, 2017-02-28 We have a special tree in our yard -- an apple pie tree! Colorful collage illustrations follow each season as an apple tree grows leaves, fragrant blossoms, and tiny green apples. Soon the fruit is big, red, and ready to be picked. It's time to make an apple pie! Here is a celebration of apples and how things grow -- sure to delight young readers all year long.

Bad Apple Edward Hemingway,2015-09 Relates how Mac, the apple, and Will, the worm, become friends.

Apple Erika Janik,2011-10-15 Gravenstein. Coe's Golden Drop. Mendocino Cox. The names sound like something from the imagination of Tolkien or perhaps the ingredients in a dubious magical potion rather than what they are—varieties of apples. But as befits their enchanting names, apples have transfixed and beguiled humans for thousands of years. *Apple: A Global History* explores the cultural and culinary importance of a fruit born in the mountains of Kazakhstan that has since traversed the globe to become a favorite almost everywhere. From the Garden of Eden and Homer's *Odyssey* to Johnny Appleseed, William Tell, and even Apple Computer, Erika Janik shows how apples have become a universal source of sustenance, health, and symbolism from ancient times to the present day. Featuring many mouthwatering illustrations, this exploration of the planet's most popular fruit includes a guide to selecting the best apples, in addition to apple recipes from around the world, including what is believed to be the first recorded apple recipe from Roman gourmand Marcus Apicius. And Janik doesn't let us forget that apples are not just good eating; their juice also makes for good drinking—as the history of cider in North America and Europe attests. Janik grew up surrounded by apple iconography in Washington, the "apple state," so there is no better author to tell this fascinating story. Readers will eat up this surprising and entertaining tale of a fruit intricately linked to human history.

Built for Success: The Story of Apple Sara Gilbert,2012-02-01 A look at the origins, leaders, growth, and products of Apple, the consumer electronics company that was founded in 1976 and today manufactures some of the world's most popular computer products.

Decoding **Apple Story**: Revealing the Captivating Potential of Verbal Expression

In an era characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its capability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Apple Story**," a mesmerizing literary creation penned with a celebrated wordsmith, readers set about an enlightening odyssey, unraveling the intricate significance of language and its enduring effect on our lives. In this appraisal, we shall explore the book's central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.
