The Arcane Teaching ... William Walker Atkinson,1909

Arcane Lore Scribe 27,2002-07-04 This is guaranteed to be completely unlike any other occult text you've ever read, whether it be some wussified New Age book about crystals and guardian angels, or some classic tome of barely decipherable ceremonial evocations. No, this book is really something different. You will find no references to potions, poppets, or pendulums; nor shall you find illustrations of magic squares, voodoo verbers, or Enochian script. Incantations, folk magic, numerology, and the Seals of Solomon have also been excluded from this work. What, then, remains? Quite simply, a magical philosophy which can be applied, with great success, by students at any level of advancement. Great emphasis has been placed upon self-knowledge and common sense-secrets have also been divulged as to various tried and true methods which will enable a besieged magician to kick the boogymen's ass. Although presented as a work of fiction, this extensively researched text contains within it a great deal of occult Truth-and it is highly entertaining as well! The author is clearly either a genius or a madman-perhaps both.

The Arcane Daniel Miranda,2018-06-22 Immersed in her old diary and unfinished story, Eve Green finds herself in the old room that she had left in haste two decades ago. She recalls how, at thirteen, she followed a path of utter danger and uncertainty just to find answers about her beloved father who mysteriously left her and her distraught mother. The person who leads her to her father is someone who is supposed to have died years ago. Eve uncovers that the father that she looks up to is not who he seems.

The Arcane Ward Jeffrey L. Kohanek,2018-08-30 An enemy rises, driven by radical beliefs and armed with destructive weapons. Urgency forces the wardens into action, for a new Empire has captured the eastern kingdoms and seeks to conquer all of Issalia. If the Empire succeeds, magic users will be persecuted. Everson is a gadgeteer, tasked with harnessing a magical power source. Leveraging his brilliance, he creates new inventions that astound his superiors. His next amazing discovery might save lives...or it could destroy them. As an espion, Quinn hones her skills in preparation of her first mission. Intense training, combined with her fierce determination and fearless nature, transforms her into something lethal. She will need those skills when she is sent into the heart of the Empire. Alone. Joined by magic-wielding royal twins and a small group of veterans, the wardens act as Issalia's shield against tyranny. However, the Empire's machinations extend far beyond what anyone suspects.

The Arcane Messenger JG Smith,2018-10-09 Imagine everything you once knew crumbled before your eyes ... a world where even reality began to fall and things you once recognised shattered like a broken mirror. Time may not necessarily be against you, but “she” surely holds the key to your demise. Such is the case with a young Robert Peters. From an abnormal bird to coincidental meetings, this young lad finds himself on an adventure that unveils secrets, as well as new worlds. This may be the beginning of Robert’s story, and its end, but it’s only the beginning of an even greater, more tragic story about a young girl soon to be known as the Arcane Messenger ... a story about reality itself. Who is the Arcane Messenger? And what is the message she is destined to deliver?

Arcane Circle Linda Robertson,2010-12-28 Even magic can’t solve everything. . . . After facing down the forces of Fairy in mortal combat, Persephone Alcmedi still must deal with the aftermath. Not only does Seph now possess deadly secrets she must hide from the arcane and mundane world alike, but the dozens of magical creatures who’ve taken up residence behind her cornfield need food and shelter, and there’s still her foster daughter Beverly’s tenth birthday party to plan. And that’s not all. . . . Seph’s boyfriend Johnny has revealed himself as the wærewolf Domn Lup, and the ruler of the wære world is en route from Romania to make sure Johnny really is the “king” he claims to be. But Johnny’s hiding a dangerous secret: his magic is locked in his mysterious tattoos. He and Seph must find a way for him to reclaim it—fast—despite those who have no intention of letting Johnny gain his full powers. Seph knows that, in the arcane world, strength is always a necessity and power must be constantly proven, but how far is she willing to go to succeed . . . and at what cost?

Spring Blessings S.C. Houff, 2014-02-26 Asher is many things to many people. To his little sister, he is the big brother that has gotten away with everything and has been the apple of his mother's eye. To his mother and grandmother, he is a connection his father the long lost Stephen Stone who graciously sacrificed himself in order to keep his wife and all of humanity safe from a horde of demonic invaders. To everyone else, Asher Stone is the crown prince of Gaiman Heights; the center of a world of supernatural creatures unlike the world has ever seen. Not only is Asher the son of a beloved hero and his attractive witch wife but he is also is the vessel of the Nexus –a being of pure magical energy. There is just one small problem with this. Asher Stone has never been aware of this fact. In fact in the twenty seven years that Asher has been on the planet, he has never once questioned the fact that odd things happen around him. This has been terrible for Asher who found himself unable to cope with his life and turned to a long drug addiction. Now, Asher is two years clean and sober and life is starting to get back in line. He holds down a steady job, has a wonderful girlfriend named Natalie and even is on speaking terms with members of his family. Everything was going well until one day when a group of magi living two streets over from his mother lost a mantichore. It was fine for Asher who was able to kill the creature. What it did do was open a door for Asher to finally see what was going on around him. Now, with the Department of the Arcane on his trail, things have never been more dangerous.

Arcane Ocean Nathan Dudley, 2013-08-07 Arcane Ocean is a contemporary fantasy about the return of magic to the modern world. The central premise is that when given the ability to shape reality around us, it is easy to find yourself slipping into darkness. As the first in a larger series about magic returning, the story follows the lives of three friends as they struggle to learn magic's secrets and discover their own unique abilities. Morgan discovers she has the ability to communicate with animals, Kaleb discovers the ability to walk the realm of the dead, and Nick learns about psychic vampirism. Without anyone to guide them, they learn magic's mysteries on their own. Their own recklessness and selfishness are their greatest enemies. Arcane Ocean follows the transformation of ordinary young adults into Sorcerers, Shamans, and Vampires. More perils await them in the second part of the trilogy Arcane Fire, when the government discovers magic, and witness the collapse of society in the conclusion Arcane Armageddon.

Arcane Chaos Joey W. Hill, 2022-06-15 When Death pays a visit to Ramona's shop, it seems only polite to invite him in. Particularly when he has intense green eyes and can kiss like that... A Grim Reaper knows how and when every living thing will die. But Silas can't see Ramona's death. It's one of many reasons the Chaos witch intrigues him. But when a dire threat to a single soul calls him away, it reveals something is out to destroy the order of life and death in the world. The only one who might be able to help him untangle the snarl of Fates' loom might be the woman whose power—the very make of her soul—is the antithesis of order. If they survive the evil that wants to destroy everything that matters to them both, Ramona wonders if she's finally found the male who won't run from

who and what she is. Suddenly the term “Death is the only certainty in life,” isn’t a threat—it’s a promise.

Now they can make a stand. The Mage Republic is a reality. Those with magic now have somewhere to belong. A world of their own and no one is taking it from them.

Arcane Change Casey Carter, 2020-12-09 Evolving since 2001, ARCANES CHANGE was written in an effort to dissolve again into the horizon of the soul. To come into touch with reality and even to live it. The outlines we see traced through linear time are paths we are called to move beyond. In each individuals life, at one point or another, astounding and diverse transformations occur along the voyage of self discovery. For some, it is reality itself that experience embraces, for others, it is only a phantom. But phantom or reality, what transformation grasps is a unitary vision of the whole. In celebration of this, ARCANES CHANGE transmutes freely between Dreams, Intention, Faith, Love and more.....
