The Garland Encyclopedia of World Music Alison Arnold,2017-09-25 In this volume, sixty-eight of the world's leading authorities explore and describe the wide range of musics of India, Pakistan, Bangladesh, Sri Lanka, Kashmir, Nepal and Afghanistan. Important information about history, religion, dance, theater, the visual arts and philosophy as well as their relationship to music is highlighted in seventy-six in-depth articles.

Theorizing the Local Richard Wolf,2009-09-03 Over the past four decades, the globalized aspects of cultural circulation have received the majority of scholarly-and consumer-attention, particularly in the study of South Asian music. As a result, a broad range of community-based and other locally focused performance traditions in the regions of South Asia have remained relatively unexplored. Theorizing the Local provides a challenging and compelling counterperspective to the globalized, arguing for the value of comparative microstudies that are not concerned primarily with the flow of capital and neoliberal politics. What does it mean for musical activities to be local in an increasingly interconnected world? To what extent can theoretical activity be localized to the very acts of making music, interacting, and composing? Theorizing the Local offers glimpses into rich musical worlds of south and west Asia, worlds which have never before been presented in a single volume. The authors cross the traditional borders of scholarship and region, exploring in unmatched detail a vast array of musical practices and significant ethnographic discoveries-from Nepal to India, India to Sri Lanka, Pakistan to Iran. Enriched by audio and video tracks on an extensive companion Web site, Theorizing the Local is an important study of South Asian musical traditions that offers a broader understanding of 21st-century music of the world.

South Asian Folklore Peter Claus,Sarah Diamond,Margaret Mills,2020-10-28 With 600 signed, alphabetically organized articles covering the entirety of folklore in South Asia, this new resource includes countries and regions, ethnic groups, religious concepts and practices, artistic genres, holidays and traditions, and many other concepts. A preface introduces the material, while a comprehensive index, cross-references, and black and white illustrations round out the work. The focus on south Asia includes Afghanistan, Bangladesh, India, Pakistan, and Sri Lanka, with short survey articles on Tibet, Bhutan, Sikkim, and various diaspora communities. This unique reference will be invaluable for collections serving students, scholars, and the general public.

Balochistan Francesca Marino,2020-11-28 A time will come when children can play in the streets without the fear of being abducted, women in their homes can be sure that their husbands and sons will return, and young women will no longer feel afraid to go to their university or workplace. I hope that dawn will break one day on a free and peaceful land. Balochistan is an account of the trials and tragedies suffered by this region, which has been forcefully annexed to Pakistan against the will of its people. The area is of fundamental strategic and geopolitical importance not only to Islamabad and to the Chinese CPEC project, but also to the numerous players that act as avatars of the powers in the long-running 'Great Game'. What is woefully ignored is that the lives of the locals are under stake. The Baloch people have long been trying to draw international attention to what is happening to them and their homeland. However, the world has turned a blind eye to the ethnic and cultural genocide carried out so far. Starting from the history of Balochistan and the wrongs done to its people, along with detailed interviews with the lead actors in this struggle, acclaimed journalist Francesca Marino attempts to lend a voice to the Baloch people and speak for themselves about one of the most reprehensible and inexplicable silences of our times.

The Song of Songs and Other Poems S. Fowler Wright,2009-04-01 This beautifully rendered sequence of traditional poetry tells the story of King Solomon of Israel and the Shulamite girl. Also included are Some Songs of Bilitis and Songs of Balochistan.

Two Essays on Baloch History and Folklore Sabir Badal Khan, During the early 19th century the British came in direct contact with the Baloch, first with those living in the Punjab and Sind, and later with those in Balochistan proper. Soon after their arrival in the region, they began studying the Baloch as an ethno-national group, their language, literature, folklore, tribal structure, physical features, and so on, forming theories and suggesting hypotheses regarding their origins and relations with other nations and peoples. While some maintained that the Baloch originated from north-western Iran, others believed they came from Central Asia, from Arabia, or from elsewhere.¹ Among the early British writers, some also opined that while some tribes might have a foreign origin, bulk of the Baloch were the autochthonous population of the country. With the passage of time, however, other theories were abandoned and a northwest Iranian origin came to be the widely accepted one. This thesis was established on three basic grounds: first, from the Balochi oral tradition which claims that the Baloch came from a place called Alab/Alap, identified as Aleppo in Syria by Western writers and later followed by some local writers too; secondly, their mention in the Shahnameh of Ferdowsi where they are sometimes shown along with the people of Gilan and Dilam, regions situated on the Caspian Sea regions; and thirdly, on the basis of their language, which is classified as belonging to the northwestern group of Iranian languages having close affinities with Kurdish and other languages of that branch.

BollySwar: 2001 - 2010 Param Arunachalam, BollySwar is a decade-wise compendium of information about the music of Hindi films. Volume 8 chronicles the Hindi film music of the decade between 2001 and 2010. This volume catalogues more than 1000 films and 8000 songs, involving more than 2000 music directors, lyricists and singers. An overview of the decade highlights the key artists of the decade - music directors, lyricists and singers - and discusses the emerging trends in Hindi film music. A yearly review provides listings of the year's top artists and songs and describes the key milestones of the year in Hindi film music. The bulk of the book provides the song listing of every Hindi film album released in the decade. Basic information about each film's cast and crew is provided and detailed music credits are provided. Where available, music credits go beyond information regarding music directors, lyricists and singers, and include the names of session musicians, assistants, programmers, arrangers, mixers, recordists, etc. Where applicable, music related awards are listed. Interesting trivia is listed for most films, more than 1500 in all. This includes information about artist debuts, plagiarised or sampled songs, controversies and stories behind the making of the film and its music. This book is primarily meant as a quick reference for people looking for information related to a Hindi film or a song, but readers can also browse through the book to get an overview of the events that shaped Bollywood music in the decade. Given that Hindi films are a reflection of the Indian society, the reader can also glean insights about the country's socio-political and cultural environment from the book.

Studies on Karachi Sabiah Askari, 2015-10-05 The conference on Karachi in 2013 was the first event arranged by a newly-created body, The Karachi Conference Foundation, designed to deliberate on all aspects of the city's life. This book, bringing together the papers presented at the Conference, represents a landmark in scholarship on the mega-city and its issues. It is always a matter of great interest to see how certain societies have developed, starting out as Stone Age sites and flourishing as throbbing urban centres. While not every stage of this process is always documented, the records of remnants collected often help in painting a portrait that provides insights into this transformation. This is what Studies on Karachi does. Lay readers and scholars in a range of different disciplines with an interest in how a sleepy settlement in the late medieval period developed into a mega-city will find this book particularly useful. What emerges from the various chapters is the depiction of a city that, despite its vibrancy, is afflicted with numerous problems, ranging from poor planning to colossal mismanagement. Women, marginalized communities, neglected

areas, issues of planning and development, and the history, and the anthropology of Karachi are all particular foci of attention throughout the book.

History of the Ancient Baloch Naseer Dashti, 2021-12-08 The origin of the Baloch and their history in ancient times has been lost in the dust of history. Writers belonging to the powers with which the ancient Baloch were in perpetual conflicts, produced biased and contradictory accounts about their history and sociology. This work is an attempt to produce a logical picture of a group of Indo-Iranian tribes who migrated en masse from Central Asia 3000 years ago and settled in the north-western region of Balagn or Balkn, in the Iranian Plateau. It is also the account of their sufferings and miseries in ancient times.

The Baloch Cultural Heritage Jan Muhammad Dashti, 2020-08-28 Culture is an integrated system of institutions, ideas, beliefs, customs, and social behaviour of a particular people or society. It is an important factor in shaping and re-shaping the identity of a people. The culture has helped the Baloch to survive and to retain its national identity in difficult times in their national history. This book is a modest effort to discuss the conditions which have ensured the continuity of the Baloch culture, and the inspiring characteristics which still direct the Baloch society. It is an exploration towards understanding the Baloch and its socio-cultural traditions in their proper historical perspective.
