Santa Biblia Justo L. Gonzalez,Dr. Justo L. Gonzalez,2020-09-01 Gonzalez explores how a Hispanic perspective illuminates the biblical text in ways that will be valuable not only for Latino readers but also for the church at large. Introducing five paradigms for Latino biblical interpretation, Gonzalez discusses theory and provides concrete examples of biblical texts that gain new meaning when read from a different perspective.

The Masorah of Biblia Hebraica Stuttgartensia Page H. Kelley,Daniel S. Mynatt,Timothy G. Crawford,1998-04-09 One of the barriers involved in teaching students of Biblical Hebrew about the Masorah is the lack of introductory literature on the subject. Although a lot of information about the Masorah is available in print, most of it is in technical professional journals or encyclopedia articles. Scattered about in disparate sources, often not in English, this literature is easier to ignore than it is to incorporate into introductory Hebrew classes. As a result, most students of Biblical Hebrew complete their studies without any background on the Masorah. This volume fills this gap by providing an introduction and glossary to the Masorah of the Biblia Hebraica Stuttgartensia. Although the volume could be used by any student of the Hebrew Bible, it is specifically designed to be helpful for students who are just learning Hebrew. Thus it can serve as an important parallel text for second semester or second year Hebrew courses. The introductory chapters give an overview of the field of Masoretic studies and explain the mechanics of using the Masorah of BHS. The annotated glossary provides students with definitions and explanations for most of the terms used in BHS, including examples.

Marcus Marulus and the Biblia Latina of 1489 Franz Posset,2013 Marcus Marulus or Marko MaruliAe (1450-1524) is known as the Father of Croatian Literature and as the first Croatian Bible scholar. Much of his literary work is inspired by his study of the Sacred Scriptures. This book is an introduction to Marulus' central religious matrix, the Latin Bible, and his use of it. We are fortunate to have access to Marulus' desk copy of the Biblia Latina in four volumes, with introductions and commentaries that customarily accompanied the Bibles in the fifteenth century. This book is the first ever to investigate Marulus' biblical hermeneutics, and it lays the groundwork for further literary and theological studies on Marulus and his time. The book is accompanied by a DVD of the four volumes of the Biblia Latina of 1489 with Marulus' handwritten marginalia.
