Ranging through the centuries and across the globe, Kasia Boddy looks at the wealth of floral associations that has been passed down in perfumes, poems, and paintings; in the design of buildings, clothes, and jewelry; in songs, TV shows, and children's names; and in nearly every religious, social, and political ritual. Exploring the first daffodils of spring and the last chrysanthemums of autumn, this is also a book about seasons. In vibrant detail and drawing on a rich array of illustrations, Boddy considers how the sunflower, poppy, rose, lily—and many others—have given rise to meaning, value, and inspiration throughout history, and why they are integral to so many different cultures.

Bloom Rachel Giles, 2021-04-27 A remarkable new book providing unique insight into Tate's collection through the depiction of plants and flowers With their delightful colors, incredible natural beauty, and fascinating otherness, it is no surprise that flowers and plants have long captivated artists. They have come to symbolize a gamut of complex human emotions, including hope, delight, love, compassion, gratitude, grief, and loss. The fragility of flowers is a poignant reminder of the fleeting nature of life. Their sensory appeal—to our sight, smell, touch and even, sometimes, taste—brings us into the present moment, and they can affect our well-being in surprisingly healing ways. *Bloom* is a compendium of 100 of the most beautiful floral works from Tate's collection. Designed to encourage slow, mindful looking, it will bring reflection, restoration, and joy.

Field, Flower, Vase Chelsea Fuss, 2021-03-02 Floral expert Chelsea Fuss shows you how to make beautiful, natural arrangements with foraged and seasonal greenery, branches, and flowers Based on her extraordinarily popular flower-arranging workshops, Chelsea Fuss's first book combines an alluring sense of place with everything readers need to know to forage, gather, and arrange fresh and dried botanicals. Each arrangement is addictively easy to make, and the featured centerpieces, wreaths, garlands, and bouquets are designed to bring the perfect amount of scent, color, and atmosphere to a room. The book features 28 eco-friendly floral projects, all using natural materials in lieu of floral foam and wire. Each arrangement is accompanied by foraging tips that can be applied to different locales. Photographed in the author's small village in Portugal, the book overflows with atmospheric images of flowers and foliage in the landscape to inspire readers to walk local trails (even if that just means the stalls of a city market) and gather ingredients in a pastime that is as much self-care and meditation as it is a practical pursuit.

Flower Poems Rita B. Rose, 2020-06-02 Flower Poems: Personalities in Bloom Have you ever wondered what flowers would say if they were able to verbalize their sentiments? My flower poems explore that notion. Many are pantoums poems and some are free verse. To make it more interesting and rooted in fun, I have assigned human temperament to individual flowers; some flowers appear humble and sweet, many are party buds that stay up all night and some are very moody. The unkindest of all blooms are downright mean! Please enjoy my selections and when you happen on a flowery friend please take the time to get to know them.
