**The Ethiopic Version of the Book of Enoch** R. H. Charles,2017-07-19 Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world. The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing, or if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original, and to the maximum degree possible, gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality, but also providing value to every one of our readers. Generally, Trieste books are purchased singly - on demand, however they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates.

The Book of Enoch Robert Henry Charles,2020-03-02 R. H. Charles provides a definitive translation of one of the most noted apocalyptic works still in existence. Often described as the lost book of the Bible, The Book of Enoch seems to have been written in Palestine by several different authors in the first and second centuries B.C. For hundreds of years it was accepted by the early church fathers, but it was rejected by the council of Laodicea in A.D. 364. Today, it remains a written remnant of the Apocalypse--an ardent testament to hope and the triumph of good over evil in the dawning of a world to come. Rife with concepts of original sin, fallen angels, demonology, resurrection, and the last judgment, it is a vital document to the origins of Christianity. The Book of Enoch is comprised of various monumental works: The Book of Enoch, The Parables, The Book of the Courses of the Heavenly Luminaries, The Dream Visions, The Concluding Section, and The Noah Fragments. Each work is independent, but all the works are bound by a common theme: the punishment of the wicked and the blessedness of the righteous. This edition, complete with analysis and notes, is an indispensable resource for the study and understanding of both the Old and New Testaments.

**The Book of Enoch, Second Edition** R. H. Charles,2011-03-09 This is not so much a second edition as a new book. A brief comparison of the first edition and the present work will make this clear even to the cursory reader. Alike in the translation and in the commentary it forms a vast advance on its predecessor. The translation in the first edition was made from Dillmann's edition of the Ethiopic text, which was based on five MSS. With a view to this translation the present editor emended and revised Dillmann's text in accordance with nine hitherto uncollated Ethiopic MSS. in the British Museum, and the Greek and Latin fragments which had just come to light, but notwithstanding every care he felt his work in this respect to be of a wholly provisional character. From the date of the publication of the first edition in 1893 he steadily made preparation for an edition of the Ethiopic text and of the Greek and Latin fragments. This text, which is exhaustive of existing textual materials in these languages, was published by the University Press in 1906, and from this text the present translation is made. A new and revolutionary feature in the translation is due to the editor's discovery of the poetical structure of a considerable portion of the work. The editor calls it revolutionary for it proves to be in respect of the critical problems of the text. By its means the lost original of the text is not infrequently recovered, phrases and clauses recognized as obvious interpolations, and not a few lines restored to their original context, whose claims to a place in the text were hitherto ignored on the ground of the weakness of their textual attestation. The critical advance made in the present volume is not of a revolutionary character, but consists rather in more detailed application of the principles of criticism pursued in the first edition. . . To the biblical scholar and to the student of Jewish and Christian theology 1 Enoch is the most important Jewish work written between 200 BC and 100 AD. -- From the Preface

The Three Books of Enoch and the Book of Giants ,2017-05-13 This book includes 1 Enoch: The Ethiopic Book of Enoch; 2 Enoch: The Slavonic Book of the Secrets of Enoch; 3 Enoch: The Hebrew Book of Enoch; and versions of the Book of Giants. The 1st Book of Enoch, the Ethiopic Book of Enoch, or 1 Enoch is more known as simply the Book of Enoch. Although this book is considered apocryphal for the Western canon, it is contained in the Ethiopic Bible. It was considered sacred by some important first followers of Christ but it was left out of the Bible and disappeared for centuries until it was rediscovered in 1773 in Ethiopic. This manuscript was first translated into English in the 1820s and into German in the 1830s. According to most scholars, part of it was written in third century BCE and part of it in the first century CE (the part related to the Son of Man). Although the oldest complete copies of 1 Enoch are K-9 or Kebran 9, dated late fourteenth early fifteenth century and Ethiopian Monastic Microfilm Library (EMML 2080) of the fifteenth or fourteenth century, fragments found in Qumram in the 1950s are more than 2000 years old. Other old important manuscripts are Abbadianus 55 (possibly fifteenth century) and British Museum Orient 485 (first half of the sixteenth century). The 2nd Book of Enoch, the Slavonic Enoch, or 2 Enoch, is another apocryphal book, found complete only in Old Slavonic manuscripts, and it was once present in the Old Slavonic Bible. It's usually dated to the first century CE although Matthew Black in The Oxford Guide to People & Places of the Bible state that there is no manuscript earlier than the fourteenth century BE. The 3rd Book of Enoch, the Hebrew Enoch, or 3 Enoch, is a Rabbinic text originally written in Hebrew usually dated to the fifth century CE. Some experts believe it was written by Rabbi Ishmael (second century CE), familiar with both 1 Enoch and 2 Enoch. The Book of Giants contains a narrative that involves the antediluvian giant offspring originally known from both the Genesis and the Book of Enoch. The Book of Giants resembles particularly 1 Enoch: The First Book of Enoch.

**The Book of Enoch the Prophet** R. H. Charles,2021-03 A hardcover of the bestselling edition of the most important non-canonical apocalyptic text. This superlative translation by noted scholar and theologian R. H. Charles is one of the best and most complete available. The introduction by esoteric bookseller and antiquarian bookseller R. A. Gilbert helps place The Book of Enoch in historical context and dispels many of the dubious interpretations previously attributed to it. The Book of Enoch's vision of the Apocalypse takes a very different view than that of western Christians, although it is part of the biblical canon for Ethiopian and Eritrean Christians. According to Enoch, the wicked shall be cast out and the good will realize a literal heaven on Earth. The prophecies also contain the lost Book of Noah, early references to a messiah as Christ, and an accounting of the angels and subsequent creation of demons.

**Complete Books of Enoch** Ann Nyland,2010-10-16 Buy the Paperback, get the Kindle version for free!Many of the Book of Enoch books available are in fact public domain (the R. H. Charles version of 1917) which means they can be given away to anyone for free, by anyone. This book is NOT one of those. What is the problem with public domain versions? They are full of errors, as they are around 100 years old and out-dated scholarship. Sure, they might be cheap, but most of the information is wrong.World renowned scholar Dr. A. Nyland has a doctorate in ancient languages and word meaning. She was a college professor at the University of New England, Australia, lecturing in ancient languages. She has appeared on television and radio numerous times speaking about ancient languages and ancient peoples.These days, many non-translators (some of whom actually claim to be translators) sell the public domain version of 1917 by R.H. Charles (both as is, and also disguised by slight rewording) as a commercial venture. This version reflects the knowledge of The Book of Enoch as it was back in 1917. Great advances have been made since then. This (all 3 Books of Enoch) is a NEW (2010) and easy-to-read translation by ancient languages scholar Dr. A. Nyland and is NOT the 1917 R.H. Charles Public Domain translation of The Book of Enoch.The Book of Enoch is of importance to theosophy, mysticism and angelology and demonology.This book is an easy-to-read translation with cross references, copious background notes, and notes. This new translation by Dr. A. Nyland contains all 3 Books of Enoch: 1) 1 Book of Enoch (Also called The Ethiopic Book of Enoch) 2) 2 Book of Enoch (Also called The Slavonic Book of Enoch, The Secrets of Enoch). Also contains the extended version of 2 The Book of Enoch, The Exaltation of Melchizedek. 3) 3 Book of Enoch (Also called The Hebrew Book of Enoch) The Books of Enoch are of interest to a wide audience: theosophy, mysticism. 1 Book of Enoch tells of the Watchers, a class of angel, who taught humans weapons, spell potions, root cuttings, astrology, astronomy, and alchemy. The Watchers also had sex with human women and produced the Nephilim. For this, they were imprisoned and cast into Tartarus. This is also mentioned in the New Testament. In 2 Book of Enoch, two angels take Enoch through the 7 heavens. This volume contains the extended version of 2 Book of Enoch, The Exaltation of Melchizedek. In 3 Book of Enoch, Enoch ascends to heaven and is transformed into the angel Metatron. This is about the Merkabah and is of interest to those who study mysticism and magic, and Kabbalah. People interested in theosophy or mysticism will find this book invaluable, as will Rosicrucians.
