Jonathan Jeffrey, Kentucky Library

Bowling Green Spencer Trask, 1898

Bowling Green Jonathan Jeffrey, Kentucky Library, 2003-09 Nestled in a natural bowl created by surrounding foothills, Bowling Green has become the commercial, educational, medical, and retail hub of south-central Kentucky. Although Bowling Green claims itself as the home of such American icons as Duncan Hines and the Corvette, it is anything but a stereotypical place. As the state's fifth-largest city, Bowling Green boasts the second-largest number of restaurants per capita in the country, the Commonwealth's fastest-growing university, and the most ethnically diverse population in the state. Since its founding in 1798, Bowling Green has continued to accumulate a fascinating history and cultivate a promising future. *Images of America: Bowling Green* highlights and celebrates this dynamic city's development from an agricultural trading center to a city of culture, education, and prosperity. Featuring images of Lost River Cave, Beech Bend, Fountain Square Park, and the 1937 flood, readers are taken on a journey through Bowling Green's history and its beloved landmarks and citizens.

Bowling Green Since 1950 Amy Hughes Wood, Portia Beck Pennington, 2010 The last 50 years of the millennium brought changes no oracle could have foreseen. In 1950, most families did not own a television set, many did not own a car, and most women did not drive. Segregation was practiced throughout the country, while Americans lived in the shadows of the cold war and nuclear proliferation. Bowling Green in 1950 was a microcosm of America at large. Ladies wore hats and gloves; men wore hats and ties. Businesses prospered and failed, schools were built and students were graduated, political issues were debated, and churches were erected. Bowling Green was Our Town, U.S.A.

Bowling Green Kevin Comer, Ben Runner, Jr., 2010 Then & Now: Bowling Green provides a sampling of change during the city's growth from small town to Kentucky's fourth-largest city. Once an important point by river or rail, Bowling Green now boasts tourism and a growing university along one of America's busiest interstates.

Bowling Green: A Town and Gown History Stephen M. Charter, 2015 The city of Bowling Green began as a small settlement on sand ridges of the Great Black Swamp. Through the efforts of determined citizens who tapped into a wealth of natural resources, it became a thriving community. Always looking for opportunities to promote their town, a group of local residents successfully campaigned to secure Bowling Green as the site of Bowling Green State Normal College. The community and college have worked together through the years to develop and strengthen a mutually beneficial relationship that continues to enrich the lives of its student population. Local businesses have provided entertainment and social venues, as well as goods and services to students, and Bowling Green State University has provided cultural and educational programs for residents. Collaborative initiatives have enabled the college and community to work together in order to improve life for the entire Bowling Green community--Back cover.

Bowling Green Frederick N. Honneffer, 2004 The Great Black Swamp may have slowed the settlement of northwest Ohio, but it couldn't stop a little town south of Toledo called Bowling Green. It blossomed into an agricultural gold mine with natural gas and oil booms that prospered the modest Wood County seat late in the Nineteenth Century. Now as the home of internationally known Bowling Green State University, the National Championship Tractor Pulling Competition, and the Black Swamp Arts Festival, this formerly uninhabitable swamp continues to attract its fair share of attention. In this pictorial history you will learn how Bowling Green beat the odds to become the city

everybody wants to revisit.

The Belle of Bowling Green Amelia E. Barr, 1904

A Bowling Green Boy Larry Upton, 2016-08-03 Bowling Green, Kentucky, a small Southern town in the 1940s and 1950s, was a wonderful place to raise children. This book describes a group of kids and their adventures who lived near Fountain Square Park, the center of Bowling Green. It was a fabulous life.

Bowling Green (Classic Reprint) Spencer Trask, 2016-09-10 Excerpt from Bowling Green

There is no piece of land on Manhattan Is land which has retained for a longer period its distinctive name, and at the same time fulfilled more thoroughly the purposes of its creation, than the small park at the extreme southern end of Broadway, known as Bowling Green. It is the one historic spot which has never lost its identity or been diverted from public use since the foundation of the city. The Bowling Green ,1924

Remember Bowling Green David Niall Wilson,Patricia Lee Macomber,2017-07-16 Something very strange is going on in Bowling Green, Kentucky. A masked terrorist attacks a local politician and a news reporter at a minor league baseball game. A Gay Pride parade is bombed. A veterans' home is invaded and falls under new ownership, and every resident that is not Caucasian has suddenly...disappeared. Krump Enterprises, run by Ronald Krump and his assistant, Race Scanlon, have begun a systematic takeover of the city, spreading rumors about immigrant violence, tearing down horse farms to build a country club, blackmailing the mayor, and much, much worse. It's up to Police Chief Hannity, Doctor Abner Brody, a reporter named Lauren Kelly, a stoner named Walt, and Frederick Douglass, time traveler, to track down the truth, and stop Krump before the city falls under his sway, and even darker days prevail. Remember Bowling Green is a cautionary tale, first in the Crossroad Press series of Alternative History novels. Though we are not directly affiliated with the ACLU, 80% (our normal author share) of proceeds from this book will go to the ACLU to help fight for our rights and freedoms. Let no one forget...Bowling Green.

Bowling Green in Vintage Postcards Jonathan Jeffrey,2002 Bowling Green in Vintage Postcards is an engaging collection designed to entertain, educate, and enthrall history buffs, residents, and visitors alike with scenes of Bowling Green of yesteryear. When long hunters paused along the banks of the Barren River in the mid-1700s, little did they realize that this beautiful, varied landscape would one day boast a thriving city. Today, the city is hailed as the educational, retail, and commercial hub of South Central Kentucky. Preserved in this photo journal is the area's rich and vibrant past. Showcased are the things unique to this region-the horses, tobacco, strawberries,

building stone, Corvettes, and Western Kentucky University. Highlighted are people, places, and events special to the river city-snapshots of Duncan Hines and local clairvoyant Edgar Cayce; rural towns and hamlets such as Smiths Grove, Woodburn, and Alvaton; and court day and the 1907 Prohibition parade.

Bowling Green Stock Car Racing Larry Upton,Jonathan Jeffrey,2010 Bowling Green became the city of speed immediately after World War II as America began its love affair with the automobile. Stock car racing took the city by storm in its inaugural season of 1951, drawing crowds of up to 7,000 in a city of only 18,000. Soon thereafter, the city attracted the Chevrolet Corvette assembly plant followed by the National Corvette Museum. Images of Sports: Bowling Green Stock
