Indie TV James Lyons,Yannis Tzioumakis,2023-03-27 This edited collection is the first book to offer a wide-ranging examination of the interface between American independent film and a converged television landscape that consists of terrestrial broadcasters, cable networks and streaming providers, in which independent film and television intersect in complex, multifaceted and creative ways. The book covers the long history of continuities and connections between the two sectors, as seen in the activities of PBS, HBO or Sundance. It considers the movement of filmmakers between indie film and TV such as Steven Soderbergh, Rian Johnson, the Duplass brothers, Joe Swanberg, Lynn Shelton and Gregg Araki; details the confluence of aesthetic and thematic elements seen in shows such as Girls, Breaking Bad, Master of None, or Glow; points to a shared interest in regional sensibilities evident in shows like One Mississippi or Fargo; and makes the case for documentaries and web series as significant entities in this domain. Collectively, the book builds a compelling picture of indie TV as a significant feature of US screen entertainment in the 21st Century. This interdisciplinary landmark volume will be a go-to reference for students and scholars of Television Studies, Film Studies and Media Studies.

Breaking Down is Waking up Russell Razzaque,2014-05-13 Razzaque explores an entirely new way of understanding psychological and mental distress based on clinical case studies from a mental hospital. His extraordinary conclusion: mental illness can be a form of spiritual awakening. The book describes new forms of treatment for mental illness inspired by Eastern approaches and centering, in particular, around practices such as mindfulness and meditation. These therapies offer both patients and their families the inspiring idea that the approach to their psychological difficulties should go beyond just treating episodes of mental illness but also, where possible, help the individual to complete the process of spiritual growth they have begun. Dr Razzaque argues passionately that our society as a whole could benefit from developing an awareness of the spiritual power of this process of transformation. Written in the tradition of the bestselling medical doctors, Stanford's Irvin D. Yalom and Britain's Oliver Sacks, Breaking Down is Waking Up, will speak to both professionals in the field of mental health as well as those suffering from mental illness, their family and friends and, indeed, all those who have an interest in exploring the deepest layers of what it really means to be human.

Cultural Activism Begüm Özden Firat, Aylin Kuryel Aylin Kuryel, 2011-03 This volume addresses contemporary activist practices that aim to interrupt and reorient politics as well as culture. The specific tactics analyzed here are diverse, ranging from culture jamming, sousveillance, media hoaxing, adbusting, subvertising, street art, to hacktivism, billboard liberation, and urban guerilla, to name but a few. Though indebted to the artistic and political movements of the past, this form of activism brings a novel dimension to public protest with its insistence on humor, playfulness, and confusion. This book attempts to grasp both the old and new aspects of contemporary activist practices, as well as their common characteristics and internal varieties. It attempts to open up space for the acknowledgement of the ways in which contemporary capitalism affects all our lives, and for the reflection on possible modes of struggling with it. It focuses on the possibilities that different activist tactics enable, the ways in which those may be innovative or destructive, as well as on their complications and dilemmas. The encounter between the insights of political, social and critical theory on the one hand and activist visions and struggles on the other is urgent and appealing. The essays collected here all explore such a confrontational collaboration, testing its limits and productiveness, in theory as well as in practice. In a mutually beneficial relationship, theoretical concepts are rethought through activist practices, while those activist practices are developed with the help of the insights of critical theory. This volume brings scholars and activists together in the hope of establishing a productive dialogue between the theorizations of the intricacies of our times and the subversive practices that deal with them.

The officer tells her that her husband was involved in a shooting at a local bar, but how can that be possible when her husband is sleeping right next to her? Except when she turns to wake him, he isn't there. Tessa is the twenty-three-year-old bartender who escapes to a backroom storage closet during the shooting. When it comes to light that five people were killed, she is burdened with the question of why she survived. Two police officers tell her that Jed is dead, shot at the bar. Then they deliver even worse news: "We have reason to believe your son was the shooter." So begins the story of three women tied together by tragic fate—a wife trying to understand why her now-comatose husband was frequenting a bar in the middle of the night, the young woman who her husband was apparently pursuing, and a mother who is forced to confront the reality of who her son was and who she is.

I grew and molded myself into someone I hope to look back on and be proud of. This is my story.

Couples John Updike, 2012-03-13 "Trapped in their cozy catacombs, the couples have made sex by turns their toy, their glue, their trauma, their therapy, their hope, their frustration, their revenge, their narcotic, their main line of communication and their sole and pitiable shield against the awareness of death."—Time One of the signature novels of the American 1960s, *Couples* is a book that, when it debuted, scandalized the public with prose pictures of the way people live, and that today provides an engrossing epitaph to the short, happy life of the "post-Pill paradise." It chronicles the interactions of ten young married couples in a seaside New England community who make a cult of sex and of themselves. The group of acquaintances form a magical circle, complete with ritualistic games, religious substitutions, a priest (Freddie Thorne), and a scapegoat (Piet Hanema). As with most American utopias, this one's existence is brief and unsustainable, but the "imaginative quest" that inspires its creation is eternal. Praise for *Couples* "Couples [is] John Updike's tour de force of extramarital wanderlust."—The New York Times Book Review "Ingenious . . . If this is a dirty book, I don't see how sex can be written about at all."—Wilfrid Sheed, The New York Times Book Review

My Friend You Donald Clark, 2018-09-27 My Friend You is a true story chronicling a young Afro-American man's four-year tour of duty in the marine corps during the Vietnam War era. The book contains its share of wartime drama, but upon reading further, it doesn't take you long to realize this book is not a typical Vietnam War story, but, instead, it tells about the love and devotion the young marine has for two orphaned children he met in mid-July of 1965 when he was flying as a volunteer crewman aboard a marine medevac helicopter and was dispatched to rescue a party of seventeen children. During the rescue, the young marine was awkwardly introduced to a pretty orphaned ten-year-old girl Kim and her protective teenage brother, Lanh. The three quickly bonded, and their interactions inexplicably triggered the marine's paternal senses to befriend them both, thus, changing his life forever. Some fifty-two years have passed since I promised those kids I would tell the world about their story, and I plan to do just that, God willing.
