Best of Business Card Design 7 Loewy,2008-05-01 New in Paperback! The Best of Business Card Design 7 features an innovative collection of the most current and best work by top designers worldwide. Business card design is a very important and common area for the graphic design business, so it is little wonder that each installment in the series is recognized as a high quality resource that is eagerly anticipated by designers. The Best of Business Card Design 7 is the go-to sourcebook for business card design inspiration. This volume contains little text; instead, focusing all its attention on innovative business card designs that push the envelope, showing front, back, and special elements and materials. Professional designers, corporate executives, and in-house marketing departments will seek this unrivaled resource as an essential identity and branding tool.

**The Eleventh Trade** Alyssa Hollingsworth,2018-09-18 From debut author Alyssa Hollingsworth comes a story about living with fear, being a friend, and finding a new place to call home. They say you can't get something for nothing, but nothing is all Sami has. When his grandfather's most-prized possession—a traditional Afghan instrument called a rebab—is stolen, Sami resolves to get it back. He finds it at a music store, but it costs \$700, and Sami doesn't have even one penny. What he does have is a keychain that has caught the eye of his classmate. If he trades the keychain for something more valuable, could he keep trading until he has \$700? Sami is about to find out. The Eleventh Trade is both a classic middle school story and a story about being a refugee. Alyssa Hollingsworth tackles a big issue with a light touch. 2020 UKLA Award Winner

The Best of Business Card Design 2 Rockport Publishers,1998-07 The more than 600 cards presented at actual size or larger in this book is just like having a rolodex of the best designed business cards in the international business world.

**The Best of Business Card Design 5 ,**

**Creative Business Cards** Carmen Fong,Shantell Chen,2014 Business cards are a statement of identity. Capable of conveying much more than contact information, they represent the creativity or style of a company in a very portable format. As an historical artifact in the digital age, they are

constantly in danger of obsolescence and only those that truly stand out are memorable. One way to achieve the note

*The Little Book of Business Cards* David E. Carter, 2005-04-26 The business card has taken on a new level of importance in recent years. In an age where the business letter has been replaced by email, the personal contact evoked by a business card is more crucial than ever. Your card is often the one item taken away from a meeting, defining how people view your business long after any face-to-face meeting has faded from memory. Whether you're a businessperson trying to develop your own letterhead set or a graphic designer trying to come up with that next great idea, your challenge is to communicate the look and feel of your company in the space your card and letterhead allows. The Little Book of Business Cards presents an unparalleled source of inspiration. In these pages, David E. Carter has gathered more than 260 representative examples of effective business cards and matching letterhead sets. Learn how to get the most from your choice of fonts, color, size, layouts, and logos -- and even what to do when you don't have a logo! As an extra bonus feature, David E. Carter provides informative and instructional annotations to the featured business cards -- valuable lessons for you to apply to your own designs. With *The Little Book of Business Cards* in your library, you'll be sure to have a business-building design in no time.

My Own Business Card Marc Praquin, 2010-02-11 The most ambitious project for a designer is undoubtedly the design of its own business card. Being his own client, stepping back, finding the right balance between vision and strategy are real challenges. These constraints explain why the results are most of the time just surprising. *My Own Business Card*, shows 100 worldwide designer's selected business cards.

 Business Cards, 2009-09-05 A collection of business card designs from around the world and representing a variety of businesses.

Business Cards Mike Dorrian, Liz Farrelly, 2004-11-23 *Business Cards: The Art of Saying Hello* is the ultimate business card book, bringing together the best examples of cards created by designers around the world. Business cards are a major design challenge; creating successful cards is all about the clever use of space; but just a little space. And that's not all. A design needs to make a splash, stand out from the crowd or announce you as part of a team; and how do you solve the problem of creating a universally understood message while catering to cultural differences and multiple languages? Materials are also important; not all cards are machine printed, and this book features cards on punched metal, stitched fabric, cards with heat-sealed cut-outs, or made from recycled

subway tickets, plus clever examples of best-practice using “make-your-own” business-card machines. Over 300 cards are grouped into sections reflecting different design approaches: Typography, Photography, Materials, Illustration and Found Objects. Proving just how inventive you can be with a limited space, this book is a rich source of ideas and inspiration both for designers and anyone wishing to make a statement with their business card.

The Best of Business Card Design 3 Rockport Publishers,1998 There is nothing like the business card to challenge a designer's abilities: creating a clear and effective message in a small space takes creativity and often moments of brilliance. Selected from thousands of entries, this volume presents hundreds of new business-card designs at the actual size or larger, providing details unmatched by other business-card design books. It is a necessary addition to all designers' libraries.

**The Best of Business Card Design 6** Blackcoffee Design Inc,2006-07-01 This edition of Rockport's best-selling Best of Business Card Design series features an innovative collection of the most current and best work by top designers worldwide.
